### AWARD

The Government of West Bengal by order No.1210-I.R./IR/10L-15(A)/62, dated the 26th March 1965, had referred to this Tribunal the following industrial disputes between Messrs. Steam and Mining Equipment (India) Pvt. Ltd. and International Combustion (India) Pvt. Ltd., both of the same address as above, on the one part and their workmen for adjudication.

**Issues**

1. Leave.
2. House rent.
3. Service book.

After the service of usual notice, only the workmen represented by the Union had filed the written statement, and the employers did not file any written statement. In the written statement filed on behalf of the Union it has been stated that the workmen have been agitating for long regarding leave, house rent, service book, etc., and had pressed for amicable settlement regarding these disputes. The employers, however, did not agree to the demands and, therefore, there has been the reference. It is further stated that by the letter of the Assistant Secretary, Government of West Bengal, No. 529-I.R./IR/10L-15(A)/62, dated 17th February 1962, the management agreed to sanction 10 days' casual leave and 14 days' privilege

leave in continuation and 14 days' sick leave with full wages, and further agreed to pay Rs.4 per month to each workman as house-rent and Rs.60 to meet the expenses of removal the belongings from the Company's houses. The Union therefore prayed that the Company may be directed to grant 10 days' casual leave in continuation of the 14 days' privilege leave and 14 days' sick leave with full wages to all workmen, house rent at the rate of Rs.4 per month to each workman and Rs.60 to meet the expenses for removal of belongings from the Company's quarters and to issue service cards to all sub-staff workmen.

Both the parties have filed joint petitions of compromise on 26th June, 1965. The terms of compromise refer not only to the present reference, but also to the references made on 4th January 1965. The award, however, would only be in respect of the subject-matter of present reference. So far as the question of leave is concerned, it would appear that the parties had agreed that 10 days' medical leave with full pay and 4 days' further leave on half-pay would be granted. With regard to the house rent, the Union withdraw the demand in consideration of fixing a suitable scale. It was further agreed that those workmen occupying the quarters of the Company at 101 Park Street will leave those quarters and give vacant possession to the Company by 15th July 1965 and a removal allowance of Rs.60 would be given to each of the workmen. With regard to the service book, it was agreed that the service book had been prepared by the Company and accepted by the Union.

I have considered the terms of the petitions of compromise between the workmen and the two employers to be fair and reasonable and bona fide and should be given effect to. I therefore pass an award in terms of the two petitions of compromise which should form Annexures to the award.

This is my award.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri AMBICA PADA BHATTACHARYA, Judge, Second Industrial Tribunal

By Order No. 1808-I.R./IR/11L-218/63, dated the 12th May 1964, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. F. Hussain & Bros. and their workmen represented by Iron and Steel Workmen's Union and Howrah District Engineering & Metal Workers' Union for adjudication regarding the issue contained in the order of reference for adjudication.

### Issue

1. Whether the refusal of employment to Shri Mushardi Singh is justified? To what relief, if any, is he entitled?

This is a reference under section 10 of the Industrial Disputes Act. It raises the question of refusal of employment of Shri Mushardi Singh, a workman of this Company. The Union filed written statement wherein they alleged that the Company is an Engineering Concern employing 30 workmen. There was no system of granting leave on application by workmen. Mushardi Singh is a workman employed there for about 10 years. The workman applied for leave for one month on 9th June 1961. The prayer was neither confirmed nor rejected. The workman accordingly proceeded on leave and went to his native village. The workman came back after expiry of his leave during the period of strike which continued for about 3 months and he had no scope for resuming his duties. The strike was called off and normal work resumed but Mushardi Singh was not allowed to join. Originally the dispute was espoused by Iron & Steel Workmen's Union and subsequently the workman gave up that Union and joined the present Union, namely, Howrah District Engineering and Metal Workers' Union and that is how this Union took up the cause of Mushardi Singh. The remedies asked for are reinstatement of Mushardi Singh who was refused employment without any chargesheet or enquiry. Back wages are also claimed.

The order of reference shows that the workmen are represented by two Unions, namely, Iron & Steel Workmen's Union and Howrah Dustrict Engineering and Metal Workers' Union. Both the Unions are named in the order of reference.

The Company in their written statement alleged that F. Hussain is a partnership firm. Mushardi Singh was never refused employment but he voluntarily left the service Shri Keshab Pal, General Secretary of Howrah District Engineering & Metal Workers' Union, has no *locus standi* to represent the workman who had been represented by H. L. Dutta, Secretary, Iron & Steel Workmen's Union. Shri Dutta agitated the matter before the Assistant Labour Commissioner, Howrah. The present reference accordingly does not lie. The workers of this Company are temporary and casual and they are employed on 'no work no pay' basis. The Company has no obligation to keep them in employment. Mushardi Singh was a casual and temporary workman. There is no system of application for leave and when one goes home on leave the appointment automatically terminates. In the case of Mushardi Singh in June 1961, he informed the management that he was going home. The management requested him not to go home as there was pressure of work. This request was ignored and the workman left. He never came back or offered himself for work. He is working in some other establishment The Company admitted that the workmen called off an illegal strike on 10th March 1963, whereupon the Company closed his godown and after three months on the basis of a tripartite agreement executed on 11th June 1962, with Iron & Steel Workmen's Union, the strike was called off and normal work resumed. By this agreement all pending disputes were settled. Mushardi did not come back either before or after the strike. Mushardi has raised a false dispute. This is not a case of victimisation.

Appearances of the parties are as follows :

For the Company : Shri Sunil Kumar Kar, Advocate.
For the Union : Shri Saroj Ghosal.

Before I enter into the merits of the issue raised in this reference I will consider the question whether Howrah District Engineering & Metal Workers' Union has any *locus standi* to represent the case of the workmen of F. Hussain. The facts and the evidence in this respect should be considered. The Company admits that there had been a Union of workmen and it was Iron & Steel Workmen's Union. That Union took up the cause of Mushardi Singh. This will appear from Ext. 6, which is dated 14th of July 1961. Shri H. L. Dutta was the Secretary of that Union. The Company was intimated about the dispute by the

Assistant Labour Commissioner and the Company replied to the dispute in their Memo Ext. C, dated 8th August 1961. It is therefore obvious that the dispute have been raised in 1961, by the then Union. The present Union, namely, Howrah District Engineering & Metal Workers' Union had no *locus standi* at that time because the workers of this Company were not members of that Union. Things changed however during the conciliation proceedings. Ext. 1 is a letter addressed to the Secretary, Iron & Steel Workmen's Union by a number of workmen of this Company. They renounced their membership of that Union and applied for becoming members of Howrah District Engineering & Metal Workers' Union. This will appear from Ext. 1(a). Assistant Labour Commissioner was also informed. The membership was withdrawn on 5th July 1963, and this application for withdrawal was received by the Labour Commissioner on that day. Membership of Howrah District Engineering & Metal Workers' Union was accepted thereafter on application submitted on 29th June 1963, which was received by the Assistant Labour Commissioner on 2nd July 1963. The list of workmen forms part of Ext. 1(a). Thus sometime in July 1963, the workers of F. Hussain became members of Howrah District Engineering & Metal Workers' Union. Immediately thereafter the new Union took up the cause of Mushardi Singh. It will appear from Ext. 2, dated 8th July 1963. It was received by the Labour Commissioner on 10th July 1963. Thereafter the Company was informed and conciliation having failed this reference had been made. On the side of the Company it is urged that the workers of F. Hussain are not members of Howrah District Engineering & Metal Workers' Union. Apart from documents I have placed membership register Ext. 8 shows that Mushardi is a member of this Union as well as his co-workers in the same unit of industry. The General Secretary of that Union Shri Keshab Pal gave evidence and he is P.W. 2. On the second day of his evidence he stated categorically that Mushardi Singh is a member of his Union as well as all other workers of F. Hussain & Bros. The subscription book Ext. 7 and the membership register Ext. 8 are among other documents relied upon by the Union in support of their claim of representation of the workmen of this Comapny. It is true that the order of reference names both the Unions but the reference cannot be characterised as defective on that score. Howrah District Engineering & Metal Workers' Union has a right to represent the workmen of F. Hussain as all the workers are members of that Union and those workmen are espousing the cause of Mushardi Singh. Though the dispute was at first raised by the then Union but it was subsequently carried over by the present Union having right of representation In the aforesaid circumstances it cannot be said that the present Union has no right to represent the cause of the aggrieved workman. In this reference I decide this point against the Company.

I will turn to the merits of the case. Mushardi Singh was admittedly an employee of the Company. In the written statement the Company described him as a casual and temporary worker having no right to the continuity of employment or security of service. This was not pressed at the time of hearing. O.P.W.1 Shri F. Hussain gave evidence in support of the Company's case. He does not say that Mushardi Singh was either a temporary or casual worker. No record is produced to show that though he was serving for 10 years he was still temporary or casual. I will therefore accept the case of the Union that he was a permanent employee of the Company. The relevant facts are that on 9th July 1961, Mushardi Singh applied for leave. The Company admits in the written statement that there was no system of granting leave to the workmen. On that background the evidence is to be assessed. Mushardi Singh gave evidence that he applied for leave. F. Hussain further admitted the fact that Mushardi Singh approached him for leave but he denied that any application for leave was made. I take it that it was a verbal application for leave. According to Mushardi he was allowed leave on account of his marriage. F. Hussain stated that the leave was not granted and that the workman was asked not to avail of leave owing to pressure of work. F. Hussain further stated that Mushardi Singh abandoned his service. Written statement of the Union itself discloses the fact that leave was neither granted nor refused. That is the correct position inspite of the evidence of F. Hussain that leave was virtually refused. The Company in its own letter in reply to the dispute raised by Iron & Steel Workmen's Union Ext. C states that Mushardi asked for leave but without waiting for the consent of the management availed of leave but did not return to work on expiry of the leave. In that very letter it was mentioned that two other workmen Badri and Abad similarly availed of the leave but they reported for duty and they were allowed to join. From the tenor of ths letter it will be reasonable to conclude that leave had been granted to all the three workmen including Mushardi. The Company further contends that after expiry of the leave Mushardi never turned up for work This is a question of fact which is to be decided on the materials on record. I will turn to Mushardi's own evidence. He is P.W.1. He wanted to say that after one month he came back and reported to the Company for work but the Company refused him employment. If that is so he should have reported for duty, in the second week of July 1961 after availing of one month's leave. F. Hossain in his evidence stated that he never turned up. The written statement of the Union may be looked into for a moment. Did the workmen really report for work on 12th of July 1961, as stated by him? In the written statement paragraphs 7, 8 and 9 it is alleged that the workman came to join during the period of strike upon a charter of demands and the strike continued for three months; so he had no opportunity of joining and after the strike was called off he wanted to join but he was not allowed to do so. Let us see what is the period of strike. It will appear from Exts. A and B. The period of strike is 10th March 1962 to 11th of June 1962. Ext. A is the letter written by F. Hossain to the Assistant Labour Commissioner, Howrah, in respect of the charter of demands raised by the workman. This is dated 12th of March 1962. The complaints about the illegal strike resorted to by the workmen. A list of workmen was enclosed therewith. It does not show the name of Mushardi Singh. The strike was over the charter of demands, dated 6th February 1961, and the workers resorted to strike on 10th of March 1962. The management as a counter measure declared a lockout. Obviously it was after 10th of March 1962 the dispute ended in a tripartite settlement. Ext. B is the settlement settling the disputes. This is dated 11th of June 1962. The list of workmen is enclosed therewith. It does not show the name of Mushardi Singh. On behalf of the Union Shri H. L. Dutta signed the settlement. It was Iron &

Steel Workmen's Union. According to the written statement of the Union the workman came to join after the strike was withdrawn, namely, in the month of July 1962. If he came to join during the period of strike it could not have been earlier than 10th of March 1962. Turning to the evidence of Mushardi Singh I find that he reported for duty on 12th of July after the strike was withdrawn. It must be 12th of July 1962. Now the workman went on leave for one month in the month of June 1961 and normally he would have to report for duty in July 1961, but he did not do so. According to the admitted case of the workman himself and the Union in their own written statement the workman came to join in July 1962. There is no earthly reason why the workman did not come to join in July 1961, and wanted for one year. It is not the case of the Union that in July 1961, there had been another strike. That is nobody's case. On the side of the Union reliance is sought to be placed on Ext. 6 wherein it will appear a dispute had been raised in the month of July 1961. Obviously if I accept the case of the Union and the testimony of Mushardi there could not have been a genuine case raised by the Union in respect of Mushardi Singh in 1961. It is significant to note that though the dispute was raised according to Ext. 6 in July 1961, there was no conciliation thereon and the matter was left there. It was not proceeded with. I am therefore unable to place absolute reliance upon Ext. 6. Accepting the Union's own evidence that Mushardi reported for duty in July 1962, it appears about one year have past in the meantime. From his own conduct the only reasonable conclusion would be that he had abandoned the service of F. Hosain & Bros. This is a circumstance which will support the case of the Company, that Mushardi Singh abandoned his service. I accept the story of abandonment raised on the side of the Company and hold that Mushardi Singh did not report for duty on expiry of his leave. The Company took the exact stand as far back as in 8th of August 1961 in their letter Ext. C. In reply to the Labour Commissioner's memo. the Company stated that Mushardi did not return from leave or turned up for duty as alleged by the Union in Ext. 6. There is no refusal of employment by the Company in the present case. The workman is not therefore entitled to any relief. This is my award.

This is a reference under section 10 of the Industrial Disputes Act, 1947, made by the Government of West Bengal, in their Labour Department, for adjudication of an industrial dispute existing between Messrs. Balmer Lawrie & Co. Ltd., 21, Netaji Subhas Road, Calcutta-1 (hereinafter be referred to as the company) and their workmen represented by Balmer Lawrie & Co. Ltd. Employees' Union, 19, Strand Road, Calcutta-(hereinafter be referred to as the union).

Immediately after receipt of the reference notices were served upon both the parties who immediately thereafter entered their appearances and filed their written statements. They also complied with the intermediate steps. Then the case was taken up for hearing. Both parties adduced evidence and advanced arguments.

The union's case in short is that the company is a very old and well-established firm dealing in various kinds of business and also acting as Managing Agents. Its financial position is also very sound on account of regular profit earning from multiferious business activities.

That the transport section of the company which was originally located in the company's Head Office at 21, Netaji Subhas Road, Calcutta-1 was shifted from there to its Hastings Office at 12/13, Chapel Road, Calcutta on the 4th of November 1963, that since the transfer of the entire office all the workmen employed in the Transport Section have been involved in additional transport expenses and also additional loss of time to travel to and from the present place of work; that it has been the practice of the company that whenever a section or department of the said company was shifted from the Head Office to any other place in Calcutta, the workmen concerned were given one additional increment of pay in their respective grades in order to meet extra cost of travelling and that was done by the company in the year 1953 when this particular Transport Section was shifted from the Head Office to Hide Road Extension, Calcutta, but on this occasion the company refused to make any such concession or grant of financial benefit in order to defray extra cost of transport. Hence the present dispute.

The company's case in the written statement is that the Transport Section was shifted to the Company's Hastings Office at 12/13, Chapel Road, with effect from 4th November 1963 for better administration and accommodation and it was within the competence of the management to make such transfer of employees collectively or singly. The further contention of the company is that such transfer was made in accordance with the service rules of the company and as such the workmen's claim is unjustified. It is, however, admitted by the company that in the year 1953 when this Transport Section was transferred to Hide Road Extension, the workmen were granted an additional increment to defray additional cost of transport, but that was done by virtue of a special agreement and also in consideration of the circumstances then prevailing as a gesture of good-will. Therefore, the transfer in question being within the competence of the management and also in accordance with the Service Rules of the company the workmen are not entitled to claim any amount by way of compensation, so the claim should be rejected.

**Decision**

Both parties have examined witnesses one on each side. Some documents were also exhibited. It is the common case that the entire Transport Section of the company which was originally located in the

company's Head Office at 21, Netaji Subhas Road, Calcutta-1 was shifted with effect from 4th November 1963 to Company's Hastings Office at 12/13, Chapel Road, Calcutta. The workmen concerned in the present dispute are all the employees working in that section. The company has, however, stated that one of the employees Shri R. K. Chatterji who is No. 1 in the list of workmen attached to the order of reference has since withdrawn his name from the joint petition of all the employees of the Transport Section addressed to the management demanding additional increment of pay to cover additional expenses of travelling to and from 12/13, Chapel Road. There is no denial to this fact by the union. Shri R. K. Chatterjee has not come to depose either for the union or for the company. Previously in the year 1953 the entire Transport Section was shifted from the Head Office to Company's Hide Road Office in Calcutta. On that occasion the company was pleased to give an additional increment in the grade pay to each of the employees in order to compensate the extra transport expenses. This fact is admitted by the company. Admittedly both the places—Hide Road and 12/13, Chapel Road are within the Municipal area of Calcutta. It has been the contention of Shri Ghosh, the learned Advocate appearing for the company that the Service Rules of the company provide for such transfer of an employee. Therefore, it was an authorised transfer permissible by the service rules of the company. Ext. A is the true copy of the service rules. Clause (5) of the Service Rules provides as follows :

TRANSFER—"All employees are liable to transfer from one department or office of the company to another within the municipal limits of Calcutta, Howrah, Tallygunge and suburban areas." It further appears from the subsequent amendment that suburban areas are those areas which are contiguous to Calcutta, e.g., the South Suburban Municipality, Kidderpore or Metcabruz in the south or Cossipore or Chitpur areas on the north are clearly suburban. The union has not questioned the Company's right to transfer the workmen from one office to another within the municipal limits specified in the service rules. Admittedly the order of transfer was peacefully and promptly complied with by the employees, who immediately joined their new office and appealed to the management for consideration of the question of payment of additional travelling costs to which they have been involved by the transfer of the office, at a very hard and difficult time. The grievance of the workmen is that not only they suffer more loss of time than before for travelling to and from their new place of work but also they have got to spend more for transport charges. Therefore, they applied to the management for adequate compensation by granting an additional increment of grade pay as was previously done in the year 1953 when this Transport Section was transferred from the Head Office to Hide Road Office. But that prayer of the workmen was turned down by the management on the ground that the transfer was made in accordance with the provisions in the Service Rules. Annexure D to the union's written statement is copy of the company's letter, dated 9th February 1963. Annexure B and Annexure C are the two joint petitions of the employees to the company, in reply to which the workmen were informed by the Chief Personnel Officer by letter dated 9th November 1963 which is Annexure D to the union's written statement, of the company's unwillingness to pay any amount to cover the extra travelling expenses. The company has admitted in the written statement (para 7) the fact that in the year 1953 when this transport section was transferred to Hide Road, all the clerical staffs were given additional increment of grade pay and the subordinate staffs, a lump sum amount, to compensate the additional transport expenses to which the employees were involved as a result of the transfer. This fact is also abundantly clear from the company's letter, dated 20th August 1963, to the employees of the Transport Section by which the transfer took place. The transfer order was made by Mr. P. Nortonjones who was admittedly the then Chief Personnel Officer of the company. An additional increment of grade pay was given to the clerical staffs and the company's order of transfer clearly shows that it was given "to compensate for the extra transport expenses to which you may be involved as a result of the movement." The order of transfer further provided that "this increment is subject to the condition that your basic pay will be decreased by like amount if you are transferred back to the Head Office within 2 years." But although such condition was imposed in case of re-transfer within two years, in fact that it was not given effect to and the company out of goodness allowed the employees to enjoy the additional increment of grade pay in spite of the fact that the Transport Section was transferred back to the Head Office within two years. The Company's only witness Shri Kamal Prosad Sarkar, who claims to be the Staff Officer tried to explain why the additional increment of pay was not withdrawn. According to him those workmen of the transport section had to work longer hours but he had to admit in the cross-examination that difference in the working hours did not last long and inspite of the same working hours for all, the Transport Section employees continued to enjoy the additional increment of pay, conceded to them on account of the transfer of the particular section to Hide Road in 1953. The company did not introduce the service rules recently but it appears to have been in existence from long before 1953. Some amendments appear to have been introduced as far back in 1951. Therefore, in spite of the provision for transfer in the service rules the company was quite generous and sympathetic towards its employees in granting additional amount by way of compensation to those employees who were involved in the transfer. The company has stated in para 7 of the written statement that the said increment was given to the workmen in consideration of the circumstances then prevailing as a gesture of good-will. The company knew the provisions for transfer from one office to another within the municipal area of Calcutta and suburbs and in spite of that knowledge found justification for granting financial help to the workmen involved in the transfer and were subjected to additional cost of transport. According to the written statement of the company, it found justification in the prevailing circumstances. If that is true, the present circumstances are in no way better, rather worse than before. There is no mention of any special circumstances. It can hardly be denied that the economic condition has not apparently improved. People suffer greatly on account of high prices of essential commodities and increased transport charges. Not only one will have to pay more for essential things but also it is somewhat difficult to procure

them without unusual strain and effort. Therefor time is also an important factor in addition to one's earnings. Not only one will have to spend more money for absolutely necessary things but also it will require some time to procure them. Therefore, to a common man who is struggling for existence, time and money are, in present circumstances, of immense value. It is common knowledge that middle-class people are more economically hard hit than any other. The workmen involved in the present dispute are 24. Out of them 13 are clerks and the rest peons. One of them Shri Prafulla Kumar Chatterji gave evidence before the tribunal. He is a typist in the Transport Section. He attends office from his residence in village Khardah in the district of 24-Parganas. He has been in service of the company for 18 years. He has narrated before this tribunal the difficulties experienced now-a-days in travelling from his village Khardah. He travels by train up to Sealdah and from there he takes a bus to Dalhousie Square wherefrom he travels by tram to attend to his office at 12/13 Chapel Road. The union has placed before the tribunal a chart (Ext. 1) showing the names of the employees involved in the present dispute and also the residential addresses wherefrom they attend office. Extra time taken and the extra amount of transport charges to be paid by the workmen in order to attend their present office have also been mentioned in the chart. The company was asked by the tribunal to furnish registered addresses of the workmen involved in the present dispute from their service books but that was not complied with and no explanation was offered for non-compliance. Therefore, in absence of any other piece of evidence, I see no reason why this document will not be taken into consideration for some limited purpose at least. The company's witness has not denied or questioned the correctness of the addresses of the workmen given in this list. It will appear that most of them come from distant places and by the transfer in question they have been involved to cover longer distance than before. Long distance means long time required to travel and more amount to pay the travelling charges. So, the employees' claim for reasonable monetary compensation will be justified, specially when the company can afford to pay and does not plead any financial stringency. The company, as it appears, from the orders of transfer given to the workmen of the Transport Section in the year 1953, found justification for granting additional increment of grade pay to the clerical staff. There is no evidence to show that the circumstances have now changed for the better. The company's witness does not say that the circumstances have since improved and the employees who mostly belong to the middle-class group are now better off. One can hardly say so in the present circumstances when almost every common man is to struggle hard for existence of self and family. Therefore, I find justification for workmen's claim for compensation. There is, however, no evidence before the tribunal to show the grades and scales of pay of the different employees involved in the present dispute. So, instead of granting an additional increment of grade pay as was given by the company previously in the year 1953 when this Transport Section was transferred from the Head Office to Hide Road, I direct that the company should pay an additional amount of Rs. 8 per month to each of the clerical staffs by way of compensation for the additional transport costs and loss of time involved by the present transfer. The subordinate staffs will get at the rate of Rs. 5 per month as claimed. The company, as I believe, should not grudge this small payment which the management so generously offered to the employees of the Transport Section in the year 1953 when there was a general transfer of the section from the Head Office to Hide Road. This will take effect from the 25th of February 1964 when the reference was made by the Government of West Bengal.

This is my award.

Judge, Second Industrial Tribunal

The original reference out of which this present application under section 33A has arisen was made under Government Order No. 103-I.R./IR/10L-14(A)/63, dated 11th January 1964.

Four workmen Sarbasri Samir Kumar Bardhan, Sadhan Chandra Das, Hrishikesh Ghosh and Umapada Sarkar brought a joint complaint under section 33A of the Industrial Disputes Act complaining that Messrs. Braithwaite and Co. (India) Ltd., dismissed them in contravention of the provisions of section 33 of the Industrial Disputes Act. A reference had been pending before this Tribunal being 103-I.R., dated 11th January 1964, regarding dismissal of a driver, Aditya Ghosal. During the pendency of that reference the employer dismissed all the petitioners by a letter, dated 22nd January 1964. It was obligatory upon the company to apply for approval under section 33(2) (b) but no such application was made nor approval granted by the Tribunal. It is also obligatory upon the company to pay one month's wages to each of the workmen before dismissal but this provision was not complied with. Accordingly the petitioners came with a complaint before the Tribunal under section 33A of the Industrial Disputes Act complaining of the alleged contravention and inviting the Tribunal to decide upon the merits of the dismissal. The workmen state that the dismissal was unjustified.

The company filed written statement in reply to that of the workmen. The main contention is that the applicants are welders, working in the welding department. The reference before the Tribunal was in respect of dismissal of an individual workman, namely, Shri Aditya Ghosal who was a monthly paid sub-staff (driver) in the employment of the company. The applicants who were welders are not concerned in the dispute of Shri Ghosal. The application under section 33A is misconceived inasmuch as the applicants are not concerned workmen and as such it is not obligatory upon the company to apply under section 33(2) (b) for approval of the Tribunal. The applicants were guilty of misconduct and they were charge-sheeted and subsequently dismissed after fair and proper departmental enquiry.

Appearances of the parties are as follows :

For the Company : Shri J. N. Chatterjee.

For the workmen : Shri Ram Sen.

### Findings

The primary objection raised is to the maintainability of the application under section 33A of the Industrial Disputes Act. The Company's stand is that the employer did not contravene the provisions of section 33 because no application under section 33 is necessary since the applicants are not concerned workmen within the meaning of the word "concerned" appearing in section 33(2). The Tribunal need not therefore adjudicate upon the complaint. I will consider this objection first. In my considered opinion the objection is substantial and should prevail. The reference pending before this Tribunal is admittedly the case of dismissal of Shri Aditya Ghosal, a monthly paid sub-staff (driver) in the employment of the company. The sole question is whether the four applicants before me who are workers of the welding department are workmen concerned the dispute which was pending in the reference within the meaning of section 33(2) of the Industrial Disputes Act. This point is covered by several Supreme Court decisions. Reliance is placed on behalf of the petitioners on the decision of the Supreme Court in the case of New India Motors Private Limited reported in 1960, 1, L. L. J. page 551. In that case the Hon'ble Supreme Court held a view that the expression "concerned in such dispute" should not be limited only to such of the workmen who are directly concerned with the dispute in question and that the expression should include all workmen on whose behalf the dispute had been raised as well as those who would be bound by the award which may be made in the said dispute. This was the view expressed by the Supreme Court in the reported case. Subsequently however there are decisions of the Supreme Court which go to indicate that limitations had been imposed on the word "concerned" to some extent. In a case reported in F. L. R. 1962, Volume 5, page 377 (Upper Ganges Valley Electricity Supply Co., Ltd., Moradabad, versus Srivastava) it was held that the construction of section 23 of the Industrial Dispute (Appellate Tribunal) Act is similarly worded as section 33 of the Industrial Disputes Act and that the application was not maintainable as the applicant was not a workman concerned in the appeal which related to an individual dispute of one employee. In a subsequent decision the Supreme Court held as follows : It was in the case of Digwadih Colliery and Ramji Singh, reported in 1964 2, L. L. J. page 143. At page 144 the relevant portion of the discussion appears.

> "Even if the broader construction of 33(2) is adopted, it is necessary to enquire what was the subject matter of Reference No. 60 of 1959. The respondent's case set out in this application appears to be that, because there was reference No. 60 of 1959 pending between the appellant and some of its employees, section 33(2) applied, but, unless it is known as to what was the nature of the dispute pending in the said reference, it would plainly be impossible to decide whether the respondent is a workman concerned within the meaning of section 33 (2). In his application the respondent has made no averment about the nature of the said dispute ; and so the tribunal was clearly in error in holding that the broad construction of section 33 (2) automatically led to the conclusion that the respondent was the workman concerned and could, therefore, claim the protection of section 33(2).

On the other hand, the applicant denied before the tribunal that the respondent was concerned in the said dispute and in its statement of case the appellant has clarified the position by stating that the dispute in Reference No. 60 of 1959 was on behalf of the Chaprasis and Watchmen of Jamadoba and Digwadih Collieries for withdrawal of their overtime wages, and the respondent is a clerk, grade III, and it is urged he could not be said to be a workman concerned with this dispute. As we have just indicated, even without this clarification, it was necessary that the respondent should have satisfied the tribunal by proving the nature of the dispute ending in Reference No.60 of 1959, before asking the tribunal to make a finding in his favour under section 33 (2) and in the absence of any such evidence, the tribunal was not justified in holding that section 33 (2) applied and had been contravened. That being our view, we do not think it necessary to consider whether the alleged contravention is proved."

Thus the respondent is a clerk of Grade III and is not a concerned workman in a dispute of Chaprasis and and Watchmen complaining of withdrawal of overtime wages.

In the instant case the workmen were welders working in the welding department cannot similarly be said to be workmen concerned in the dispute of a dismissal of a monthly-rated driver of the company. It is significant to note that the Supreme Court went into the question as to who are concerned workman in Digwadih Colliery case and if the contention of the applicants that all the workmen must be deemed to be workmen concerned in the pending reference was accepted it would not have been necessary for the Supreme Court to go into the nature of the dispute pending in the reference in question. On the authority of the above decision I hold that the applicants are not concerned in the dispute of Aditya Ghosal, a driver, which was pending before the Tribunal.

That being my finding, it would be needless to enter into the merits of the case. The only way left to the applicants is to approach the Labour Department, Government of West Bengal, for a reference under section 10 of the Industrial Disputes Act.

This is my finding and award.

By Order No. 4694-I.R./IR/13L-15/64, dated Calcutta, the 7th October 1964, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. The Statesman Ltd., and their workmen represented by the Statesman Staff Association for adjudication regarding the issue contained in the order of reference.

**Issue**

1. Whether the termination of service of Shri N. F. Manuel is justified ? What relief, if any, is he entitled to ?

This is a reference under section 10 of the Industrial Disputes Act in which the issue involved is the termination of service of Shri N. F. Manuel, a clerk working in the establishment of Messrs. Statesman Ltd. His service was terminated on 4th February 1963. He preferred an appeal on 8th February 1963 to Mr. Harris, the Chief Administrative Officer of the establishment. The appeal failed and the decision was communicated to Mr. Manuel on 13th February 1963. On 2nd April 1963, one Union named Federation of Printing Press Union took up the cause of Manuel. Locus standi of that Union was challenged at the conciliation proceedings. The Federation took up the cause of Manuel

on the basis of an authority executed by seven workmen of the company on 23rd March 1963. Subsequently on 1st October 1963, a Union was formed and registered by some workmen of this establishment known as Statesmen Staff Association. The Staff Association took up the cause of the dismissed workman on 7th October 1963. After conciliation Government made the reference on 7th of October 1964 and the workmen are represented by the Statesman Staff Association in this reference. These are the relevant facts which will be necessary for our present purpose.

The company filed written statement in which the impugned reference is challenged as invalid on the ground that the dispute referred is not an industrial dispute within the meaning of section 2(k) of the Industrial Disputes Act. Paragraph 3 of the written statement of the company is relevant for that purpose. It is contended that the Statesman Staff Association was not in existence when the service of Manuel was terminated. Manuel is not a member of the Statesman Staff Association. The Staff Association is therefore a Union which is not competent to represent the workmen of this establishment. Moreover the Association has no representative capacity from the employees of this company. Substantial number of such employees do not subscribe to the membership of this Union. At the relevant time when the employee was dismissed, i.e., on 4th February 1963, there had been in existence one Union for clerks, namely, Statesman Clerical Staff Union which represented the clerical staff. There was another Union known as Statesman Employees Union which represented other categories of workmen. None of these Unions espoused the cause of Shri Manuel. A preliminary objection is accordingly raised by which the reference is impugned as invalid.

There is a second preliminary objection that Manuel called at the office on 28th February 1963 and collected all his dues including one month's salary in lieu of notice and executed an appropriate receipt in full and final settlement of all his claims upon the company. In view of that the present reference is invalid as there is no dispute pending in respect of the termination of service of Manuel.

These are the two preliminary issues pressed and preliminary hearing was given in respect of the same. I will take up the first point, namely, the question of industrial dispute first.

The onus of proof is upon the Union. The Union claimed that it is an industrial dispute and the onus of proving the same lies upon it. I may refer to one case in this respect reported in 1965, 1, L. L. J. page 489. At page 496 this point has been discussed. It is for the workman to show that his cause has been sponsored by his Union or by a number of workmen of his class. Let us see whether the onus in this respect has been discharged. I have already set-forth the relevant facts. Shri Manuel was a clerk in the Statesman Limited. He was discharged on 4th February 1963. On that day Statesman Staff Association had no existence. Manuel could not have been a member of that Union at that time. He is not now even a member of that Union. This fact is admitted by the Union Vice-President Shri Tinkari Nath who admitted that Manuel is not a member of Statesmen Staff Association. He further admitted that it might be that none of the workmen listed in the membership register of the Union is a clerk in the establishment of Statesman Limited. The clerical staff of the establishment admittedly has a Union all along. It is known as Statesman Clerical Staff Union. This is the evidence of Sunil Kanti Guha Thakurta. That Union which is a Union of clerks did not sponsor the case of Manuel. Now the question is whether the Statesman Staff Association is a Union to which Manuel belongs or this Union has a representative capacity from workmen of this establishment. The law in this point had been elaborately discussed in the judgement reported in 1965, 1, L.L.J. 668. The Hon'ble Chief Justice Shri P. B. Gajendragadkar and his companion Justices of Supreme Court analysed section 2 (k) of the Industrial Disputes Act and the limitations introduced by the decisions of the Supreme Court in interpreting the effect of that section. At page 671 it has been observed as follows :

> "A complaint against wrongful dismissal should therefore be the subject-matter of reference, provided the workmen acting collectively take up the case of the dismissed employee and contend that the dismissal is unjustified or wrongful. It is on those grounds that this Court has held that an individual dispute arising from an alleged wrongful dismissal of an employee can be validly referred under section 10 only if it is supported by the Union of the workmen to which the dismissed employee belongs or by a group of his co-employees."

The Union can espouse the cause of dismissed Manuel provided Manuel is a member of that Union. In the instant case Manuel is not a member of that Union and when Manuel was dismissed this Staff Association had no existence whatsoever. A proposition is canvassed by Shri Nikhil Ranjan Roy, Advocate on behalf of the Staff Association, that when the Union takes up the case, it is not incumbent upon the Union to show its representative capacity and it would be enough to convert an individual dispute into an industrial dispute. Since Manuel was never a member of that Union, there is no force in that argument. It is not a Union to which Manuel belongs. It is still incumbent upon the Union to prove its representative character. None of the workmen of Statesman Limited was examined before me. There is not a single workman who comes to the box and says that he is a member of Statesman Staff Association or that the fellow workers of Manuel are espousing the cause of Manuel. The membership register Ext. 4 has been filed which shows a list of 62 workmen but the Vice-President of the Union Shri Tinkori Nath who is the only witness of the Union does not know any one of the list and he cannot say if the listed persons are workers of the Statesman Limited. He admits in evidence that he did not know anyone person of the membership register of the Staff Association personally. The list was handed over to him by the Secretary Shri Choudhury. It is only to be expected that Shri Choudhury would have knowledge about the actual membership. Shri Choudhury did not come to the box to depose in this case. It will appear from the evidence of Shri Sunil Kanti Guha Thakurta, Assistant in the Personnel Department of Statesman Limited, that there are 251 clerks and 900 other workmen in the establishment. There are two Unions, one for the clerks and another

for the other categories of workers. The Staff Association according to Shri Guha Thakurta commands only 5 or 6 members but none from the clerical staff. The Vice-President of the Union cannot say that any clerk of this establishment is a member of this Union. In view of the fact that there are two other Unions, one for the clerical staff and another for the other categories and in view of the fact that actual membership of Statesman Staff Association could not be proved before the Tribunal, I am compelled to hold that this Union has no representative capacity. As has been observed in the judgment of Supreme Court referred to above (1965, 1, L.L.J., 668) that in order that a dispute between a single employee and his employer should be validly referred under section 10 of the Act, it is necessary that it should have been taken up by the Union to which the employee belongs or by a number of his fellow workmen. In the instant case I have already hold that the Union is not competent to take up the case of dismissed Manuel for the reasons given. It is still however open for the workmen to prove that a group of his fellow workmen had taken up his cause. Manuel did not give evidence himself. None of his fellow workmen was examined to prove that his cause have been taken up by a number of fellow workmen. There is no document either to prove that his case have been sponsored by a group of his fellow workmen.

The instant case is not one in which the individual dispute is sponsored by a trade union of which Manuel is a member. Had it been sponsored by such a union of which he is a member, that membership in the trade union must have been anterior to the date of the dispute and not subsequent to it, i. e., if the workman had been dismissed on a particular date and he became a member on a subsequent date, that trade union could not have converted his dispute in respect of the dismissal into an industrial dispute. On this point a case reported in F. J. R., volume XXIII, page 209 has been cited. Since in the present case the cause is not sponsored by a trade union of which Manuel is a member that case law loses its importance. In the instant case the workman has failed to prove that the cause of his dismissal had been supported by a union to which he belongs or by a group of his co-employees, either of them being the pre-conditions for converting an individual dispute into an industrial dispute. The Statesman Staff Association has no representative character to represent the workmen of the Statesman Limited. The reference is accordingly invalid on that ground alone.

I will now turn to the second preliminary objection. Manuel's service was terminated on 4th February 1963. His appeal failed on 13th February 1963. Thereafter he collected his dues from the Company. He not only collected the arrears of pay but also his salary for the notice period. It will appear from Ext. D that he accepted one month's salary in lieu of notice, his arrear pay, some special payments, etc. Now the question is whether by this acceptance he is debarred from claiming any relief under this reference. On this point the law is laid down in a case reported in 1956, I, L.L.J. page 49. It is a decision of the Labour Appellate Tribunal. I may quote the following paragraphs of the judgement: It has been repeatedly held by our Tribunal that:

> "Considering the unequal position between an employer and a needy employee, acceptance by a workman of notice wage and wages due to the date of termination of service could not be a bar to get any relief by way of reinstatement, unless it is proved that the acceptance was voluntery and made with full knowledge of its consequence upon the dispute. In this case, there is nothing to show that they have accepted payment voluntarily with such knowledge as to present or estop them from disputing the propriety of the discharge".

In the instant case the acceptance may be voluntary as will appear from the letters written by Manuel to the Company Exts. E and E(1). In those two letters Manuel demanded payment of his dues as he was no longer in service and he had intention of leaving the the country. From those two letters I may conclude that the acceptance was voluntary but there is no evidence that he accepted the payment with full knowledge that by such acceptance he would be prevented from disputing the propriety of his discharge. There is no such evidence to impute such knowledge as to the consequences of the acceptance on the part of Manuel. He never expressed any where that he was giving up his right of challenging his discharge or that he accepted the payment in settlement of the discharge. From the acceptance itself I cannot therefore conclude that Manuel is debarred from claiming reinstatement or he is estopped from claiming reinstatement in view of his acceptance of all payments up-to-date. The objection on this ground will fail.

In view of the finding I have recorded with due regard to the first preliminary objection that Statesman Staff Association has no representative character and it is not competent to take up the cause of the workman, the reference must be held to be invalid. On this preliminary point the reference fails and this is my award.

## ANNEXURE

**In the matter of an industrial dispute between Messrs. Agnihotra Oil Mill (P) Ltd., 37/1 Canal West Road, Calcutta-4, and their workmen represented by Employees' Association, 1 Joy Bhattacharyya Lane, Calcutta-3 (Case No. 187/64).**

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri K. P. MUKHERJI, Judge,
Fifth Industrial Tribunal.

Present for the Company: Shri A. Sarkar, an officer of the Association of Manufacturers and Traders.

Present for the Association: Shri Panchanan Bhattacharya, President of the Association.

The above industrial dispute was referred to this Tribunal under section 10 of the Industrial Disputes Act, 1947, by Government of West Bengal, Labour Department, Order No. 2593-I.R./IR-15L-10/64, dated the 3rd July 1964 for adjudication upon the following issue:

1. Whether the termination of employment of Shri Ramdhan, Shri Sasadhar Das and Shri Gazi Koiri is justified? To what relief, if any, are they entitled?

After receipt of the reference from the Government on 6th July 1964, usual notices were issued to the parties concerned fixing 25th July 1964 for their appearance and for filing of the written statement by the Union. The Union appeared and filed its written statement on 23rd July 1964. The Company entered appearance on 25th July 1964 and time was allowed till 13th August 1964 for filing written statement by it. The Company again took time for filing written statement and ultimately filed its written statement on 29th August 1964. After several adjournments on the prayer of the parties, the case was fixed for hearing on 15th July 1965. On that date the parties put in a joint petition of compromise stating therein that the dispute between them had been amicably settled out of Court and prayed for making an award in terms of the petition of compromise. The Company has agreed to give employment to the workmen concerned within a month from the date of publication of the award in the "Calcutta Gazette" and also to make an ex-gratia payment of one month's wages to them. The terms of compromise appear to be fair and reasonable, and I am satisfied that there has been a bona fide settlement of the dispute between them. In the result, I pass a 'no dispute' award in terms of the petition of compromise which do form part of the award as Annexure A.

This is my award.

The concession granted will be equal to the exact period of detention, imprisonment, internment or externment suffered up to a maximum of four years.

(b) **For Scheduled Caste/Tribe candidates:** The upper age limit is relaxable by five years for candidates belonging to Scheduled Castes/Scheduled Tribes.

**Fixation of Pay**

(b) **For a temporary Government servant having no lien on any post under the West Bengal Government when appointed to a post carrying higher scale of pay:** Such an officer shall be eligible to draw as initial pay at the stage of the time-scale in the higher post which is equal to his pay in the lower post, or if there is no such stage, the stage next below that pay plus personal pay equal to the difference, to be absorbed in future increments in the higher scale, provided that he has already rendered at least three years' continuous and satisfactory service in the lower post. The aforesaid benefit of fixation of pay will not, however, be available in the following cases:

### BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA

Present :

Shri R. BHATTACHARYA, M. A., LL. B., Judge,
Fourth Industrial Tribunal.

For the Union : Shri Biswanath Ash, Advocate.

For the Company : Shri B. K. Mukherjee, Advocate.

This is a reference under section 10 of the Industrial Disputes Act over disputes between Messrs The Indian Press (Private) Ltd. (hereinafter referred to as the Company), 93/A Dharamtalla Street, Calcutta-13, and their workmen represented by the West Bengal Press Workers' and Employees' Union (hereinafter described as the Union), 84/1A Bepin Behari Ganguly Street, Calcutta-12, arising out of the Government of West Bengal, Labour Department, Order No. 6806-I.R./I.R.-13L-35(A)/64, dated the 29th December 1964. The issues in the order of reference are as follows :

1. Whether Shri Subodh Chandra Das Gupta is a senior clerk ? To what scale of pay is he entitled since his appointment ?

2. Whether Shri Suresh Chandra Sircar is a Lino-in-charge ? To what pecuniary benefits, if any, is he entitled since his appointment?

In short, the case of the union mentioned in its written statement is that Shri Subodh Chandra Das

Gupta having retired since after the reference and collected from the company all his dues, the Union is not interested in the Issue No. 1 and that the union does not press the said issue. It has been prayed that a no dispute award may be passed in respect of this issue. With regard to Issue No. 2 it has been stated that in 1935 Shri Suresh Chandra Sarkar entered into the service of the company, that he was promoted to the post of Lino Operator in 1936, that in 1944 he was promoted to the post of Lino-in-charge being put in charge of the Lino and the Composing Departments of the company, that in 1946 the company promoted Shri Sarkar to the post of Section Holder, Composing and Lino Departments and that since he has been continuing in that post. The union says that according to the Omnibus Press Award of 1948 Shri Sarkar is entitled to be placed in the incremental scale of Rs. 200—5/2—225. It has been alleged that in spite of representation the company has refused to put him in that scale. It has been prayed from the side of the union that Shri Sarkar may be designated as Section Holder of Lino and Composing Departments and that he may be fitted in a suitable stage of the scale of Rs. 200—225.

The Company has filed a written statement denying the allegations made by the union. It has been stated that the reference is not maintainable and that tee matter in any case might have been referred to the Labour Court under section 33C (2) of the Industrial Disputes Act. The case of the company is that Shri Sarkar was taken in as an Apprentice in 1935 and ultimately he was appointed an Operator in 1947. He was not promoted to the post of Lino-in-charge and he was never put in-charge of Lino and Composing Departments of the company. He continued in the post of Lino Operator till May 1948 and then he worked as senior Lino-Operator up to November 1950. On account of failing health of Shri Sarkar and at his representations the management gave him the post of an office assistant in December 1950. In April 1951, Shri Sarakar was given the post of Section Holder, Composing Department. The company has denied that Shri Sarkar was promoted to the post of Section Hol ler, Composing and Lino Departmens. It has been further stated that the Omnibus Press Award of 1948 has ceased to have any force after one year from the date of the award. The union, according to the company terminated the said award by notice. The Company has stated that Shri Sarkar was given the Service Card and he accepted his position as Section Holder, Composing and raised no objection to his designation or appointment. The company has fuather submitted that this Tribunal has got no jurisdiction to consider the claim of the scale of Rs. 200—225 for the post of section holder as the order of reference does not mention it in the issue.

The union has examined three witnesses on its side and got some documents exhibited in this case. The company has examined two witnesses and several documents have been exhibited on its side.

With regard to Issue No. 1 the Union has unequivocally and clearly stated in its written statement that Shri Subodh Chandra Das Gupta having retired in the meantime and collected all his dues from the company, neither the Union nor Shri Das Gupta is interested in the issue. The Union has stated that it does not press the issue No. 1 and prayed for a no dispute award. At the subsequent stage, however, a petition was filed by the Union for submission of an additional written statement in respect of issue No. 1. I heard the learned lawyer who moved the application and the Company. On the date of hearing nobody was present on the side of the Union and Shri Ash had no authority from the Union to move that application. Shri Ash was being instructed by Shri Das Gupta himself. I am satisfied that the prayer for additional written statement in order to support the case of Shri Das Gupta was not genuine and that the Union was not interested in it. I am not satisfied that there is any reasonable ground for submitting additional written statement. It appears that Shri Das Gupta was personally interested and that the Union was not interested in the Issue No. 1. Moreover, admittedly Shri Das Gupta at the time of retirement received all his dues from the Company including his retiral benefit of Provident Fund without any objection. In these circumstances, I find that there is no dispute with regard to this issue at present.

The issue No 2. is as follows :

> Whether Shri Suresh Chandra Sircar is a Lino-in-charge ? To what pecuniary benefits, if any, is he entitled since his appointment?

First of all, I shall deal with the law point raised from the side of the Company. It has been first submitted by the Company that the present reference under section 10 of the Industrial Disputes Act should not have been sent to this Tribunal. The reason, according to the Company, is that the Union should have rsised a dispute for computation under section 33C (2) of the Industrial Disputes Act. I cannot accept this contention. First of all, there is no award or order in favour of Shri Sarkar giving any benefit to him so that there might be any opportunity for computation of such benefit accrued to him under the award in terms of money. The Omnibus Press Award fixed some grades for some categories of workmen. In the present case the Union wants to say that Shri Sarkar belongs to a particular category of workmen and that he should accordingly get his wages according to the grades and scales of pay fixed by the Omnibus Press Award. The Company denies that Shri Sarkar belongs to such category as claimed by him. Therefore, it has got to be decided as to whether Shri Sarkar belongs to a particular category of workmen as claimed by the Union. Unless an award is passed deciding the status of Shri Sarkar no question of any benefit being computed in terms of money can arise. In the present reference the issue is whether Shri Sarkar belongs to a particular category of workmen and whether as such, he is entitled to any benefit. In these circumstances I hold that the contention raised from the side of the Company is unacceptable. The reference under section 10 of the Industrial Disputes Act, is, therefore, maintainable.

The next point canvassed from the side of the Company is that the Omnibus Press Award of 1948 has ceased to have any effect after one year from the date of the said award, and consequently the claim of the Union is not maintainable because the claim of benefits is based upon the said award of 1948. The Omnibus Press Award has been marked Ext. 4. It is dated 28th April 1948. In the order of the Government itself it was clearly stated in Ext. 4 that the award

would remain in force for a period of one year with effect from the date of the order. Admittedly, before the present amendment the award was to remain in force for a year according to the provision of the Industrial Disputes Act at the time when the award was passed. Another award was passed by the Industrial Tribunal on 1st February 1951. That has been marked Ext. 4(a). At the time of hearing, however, the Union wanted relief under this award. At page 489 in Ext. 4(a) it is clearly stated that the award of 1948 had ceased to have any force after a year. Admittedly as the award of 1948 became dead after a year, there was necessity of another award and consequently Ext. 4(a) was passed. However there is no manner of doubt that the Union can not get any benefit on the basis of the award of 1948 as it has no force now. For this reason, however, it cannot be contended from the side of the Company that no benefit can be given to Shri Sarkar if he is entitled to the same on the basis of the claims made in the issue No. 2. The parties may make different claims but the Tribunal will decide what benefit can be awarded, if at all, according to the circumstances and the present law irrespective of the demands made by the parties. This is not an instance of any third party's case. The case of a party includes the collection of facts on the basis of which any relief is claimed. In the present reference the story of the Union is that Shri Sarkar is a Lino-in-charge and the order of reference empowers the Tribunal to see if Shri Sarkar is entitled to any pecuniary benefit on the basis of the story that he is a Lino-in-charge. I am, therefore, to see in the present reference whether the status of Shri Sarkar as claimed by the Union is proved and in case the status is proved, whether Shri Sarkar is entitled to any pecuniary benefit. In this view of the matter, I hold, that it cannot be stated that the Tribunal will refuse to decide the first part of Issue No. 2 although the Omnibus Press Award of 1948 is not in force.

The next question that arises for consideration is whether Shri Sarkar is a Lino-in-charge. The first part of Issue No. 2 is "Whether Shri Suresh Chandra Sarkar is a Lino-in-charge ?" In paragraph 7(b) of the written statement it has been stated by the Union that Shri Sarkar was promoted to the post of Lino-in-charge in 1944 and that he was put in charge of the Lino and Composing Departments of the Company. Duties of Shri Sarkar have been mentioned in paragraph 7(c). According to the Union Shri Sarkar's dues were (i) over-all supervision of the work in the Lino and Composing Departments, (ii) distribution of work to the Lino Operators and to the Compositors, (iii) writing in the book kept for the purpose a daily report of the work done by the respective Lino Operators and the Compositors, and (iv) handling outside customers, discussing with them about their printing jobs, fixing the dates of delivery of 'proof', Lino or hand-composed and all works incidental thereto P.W. 1 has stated that in 1944 he was appointed Lino Section Holder, that he was to distribute the works of Lino Department and that he was to get those works executed. He has further added that after some months he was also to look after the Composing Department. He wants to say that Lino Department and Composing Department are separate. In his evidence he continued to say that in 1946 he was designated as Section Holder, Lino and Composing Departments. He has denied the suggestion that he wasappointed Section holder, Composing, in 1951. From the reading of paragraph 7 of the written statement of the Union, it is clear that this office of Section Holder is superior to the post of Lino-in-charge. The Union wants to say in the written statement that in 1946 Shri Sarkar was promoted to the post of Section Holder from the post of Lino-in-charge. Ext. B is the copy of the letter, dated 14th March 1953, written to Shri Sarkar by the Company. It is clear from the reading of this letter that in a letter, dated 9th March 1953, Shri Sarkar wanted to describe himself as Section Holder of both Composing and Lino. The Company took serious objection in Ext. B and denied that Shri Sarkar was ever Section Holder, Lino. P. W. 1 has stated that he replied to Ext. B and that he did not keep any copy of that letter. I cannot believe him when he says that he replied to the letter, Ext. B. He has produced a copy of the letter written to the Company, dated 28th April 1953. Naturally Shri Sarkar was very keen to keep copies of his letters. No copy to the letter of Ext. B has been filed and I hold that no such reply was given. Ext. D shows that the Company on the application of Shri Sarkar for increment of his pay replied that Shri Sarkar was getting the maximum salary in the post of Section Holder, Composing, but still without prejudice allowed an increment of Rs. 5. P. W. 1 has stated that he gave a reply to the letter, Ext. D, and that the copy of the reply is with the Union. The copy has not been filed before this Tribunal and I cannot accept that Shri Sarkar gave any reply to this letter, Ext. D Ext. H is the Service Card of Shri Sarkar who received a duplicate Service Card giving his signature on Ext. H. In this Service Card the designation of Shri Sarkar has been described as Section Holder, Composing, in the Department "Lino and Composing". Shri Sarkar in his evidence has stated that he objected to the Service Card with regard to the date of his joining the service but not in respect of his designation. The date of the Service Card is 1st January 1962. P. W 1 has stated that he lodged a complaint in writing regarding his designation during the period from 1953 to the 1st of January 1962. The copies of the alleged written complaints have not been filed before this Tribunal and I hold that Shri Sarkar did not raise any objection regarding his designation mentioned in the Service Card simply because he knew that he had been properly designated in the Service Card. Shri Sarkar wants to say that there are two departments, namely, Lino and Composing, and that he was the Section Holder of both the departments. The Service Card shows that there is only one department—Lino and Composing, and it is clear that a section is a part of the department. If really there were two departments, there would have been no occasion for Shri Sarkar to be Section Holder of Composing Section alone. It is significant to note that in Ext. 1 Shri Sarkar did not raise any objection regarding his designation. The Company has filed Factory Attendance and Pay Registers for several years. They are marked Ext. L series. Ext. L(1) shows that Shri Sarkar was an office assistant till March 1951. His name has been entered under the heading 'office assistant'. Shri Sarkar received his salaries against his name every month. Ext. L(2), another Register, shows that in April 1951 his name was placed under the designation In-charge Operators and Section Holder, Composing Department. He received payment of his salary against his name. Ext L(6), the Payment Register, also shows that even in 1955 and 1956 Shri

Sarkar received his wages against his name described as Section Holder, Composing and Lino Departments, Ext. L(8), the Payment Register, also shows that even in 1958 Shri Sarkar received his salary giving his signature against his name described as Section Holder of Composing and Lino Department. As I have already stated, even in January 1962, he did not raise any objection regarding his designation when he got the Service Card although he raised specific objection regarding the entry relating to the date of his joining the service of the Company. Shri Sarkar in his evidence has stated that the Attendance and Pay Register produced before this Tribunal bear his signatures knowing the contents of the Registers, marked Exts. L to L(8). He has, however, added that he does not admit the particulars written in the Registers. At the same time he has stated that he lodged written protest to the Company against the entries of the Registers and that he has copies of the written protest with him. Curious to note that no such copy has been filed before this Tribunal showing that he ever protested regarding the wrong entries or particulars appearing in the Registers, Exts L to L(8).

The Union relies upon Ext. 3, the Statement of Account regarding Provident Fund of Shri Sarkar. The first page of this Exhibit relates to the accounts at 31st March 1952. Under name of Shri Sarkar he was described originally as Lino-in-charge. Of course, from the next page onwards for subsequent years he has been described as Section Holder, Composing. It has been admitted from the side of the Union by Shri Ash, the Learned Advocate, that there is nothing in writing to show that Shri Sarkar was ever Lino-in-charge except the designation given on the first page of Ext. 3 which, of course, was struck out in 1963. How the mistake in Ext. 3, kept in has been explained by O.P.W. 1, Shri Jitendra Bose, who was the Assistant Manager of the Press at the relevant time. He has, of course, retired in the meantime. Ext. J in the letter written by O.P.W.1 to the Accountant of the Press. This is dated 11th March 1953. O.P.W.1, it is clear from Ext. J, got a report from Shri Sarkar regarding the entry Lino-in-charge and as it was a mistake, he asked the Accountant to explain. The Accountant, it is admitted, is now dead. The Accountant gave a reply to the letter and that reply has been marked Ext. K, written on the same day. In this letter the Accountant expressed regret and stated that the mistake was due to oversight and that the correct designation ought to have been "Section Holder of Composing Department". The Accountant asked Shri Sarkar to return the Provident Fund Book for necessary correction. I hold that Exts. J & K are contemporaneous documents and they are genuine and not manufactured. In no Book of Accounts of the Company Shri Sarkar has been described as Lino-in-charge. O.P.W.1 gave his initial after correcting the designation of Shri Sarkar and there was a date. That date has been tampered with by Shri Sarkar with a different ink. However, it appears from the documentary evidence as supported by the evidence of O.P.W.1 and O.P.W.2 who are necessary important and reliable witnesses to hold that Shri Sarkar was never a Lino-in-charge and that he was Section Holder, Composing of the Lino and Composing Departments, which has two sections, namely, Lino and Composing. According to the story of the Union Shri Sarkar was Lino-in-charge in 1944 and thereafter he was promoted to the higher post of Section Holder, Composing and Lino Departments in 1946. Naturally Ext 3, when Shri Sarkar was designated, though wrongly as Lino-in-charge, he reported the matter to O.P.W.1 and it was rectified to describe Shri Sarkar as Section Holder, Composing, and subsequently Shri Sarkar himself accepted the position because he never raised any objection when he was described Section Holder, Composing, in the Provident Fund Book for subsequent years. According to the Union also Shri Sarkar could not have been Lino-in-charge in 1952 as mentioned in the 1st page of Ext. 3. It was clearly a mistake due to over-sight. The Registers of Wages and Attendance also described Shri Sarkar as Section Holder, Composings throughout. He was never described as Section Holder, Lino or Section Holder, Lino-Mono. I have given my best consideration to the facts and circumstances of this case and also the evidence and I am satisfied that Shri Sarkar was never Lino-in-charge at any point of time and that he was appointed Section Holder, Composing, in April 1953. Since then Shri Sarkar has been working as such. I am also satisfied that before his appointment as Section Holder, Composing, he was an office assistant and before he was appointed an office assistant, he had been working as senior Lino Operator.

The next question is whether Shri Sarkar will get any benefit in the present reference. According to my findings Shri Sarkar was never a Lino-in-charge and consequently Shri Sarkar is not entitled to any relief. Shri Ash on behalf of the union has submitted that the Issue No. 2 as framed by the government is not happy because the Union has claimed the grades of Rs. 200-225 on the ground that he was the Section Holder, Lino-Mono Department, because special grade has been fixed for such Section Holder. This reference has not authorised me to enquire whether Shri Sarkar was the Section Holder, Lino-Mono Department. The evidence shows that Shri Sarkar was Section Holder, Composing Department and it is clear that he is getting the maximum pay in the scale of pay fixed for Section Holder, Composing Department. Admittedly, the company has no Lino-Mono Department. O.P.W.1 has stated that Lino Department is quite distinct from Lino-Mono Department and that the company has no Lino-Mono machine. This point has not been challenged by the union. It is clear, therefore, that Shri Sarkar was never a Section Holder, Lino-Mono department, and therefore, he cannot claim the grades and scales of Rs. 200-225 as mentioned in the awards of 1948 and 1951. I have considered the evidence of P.W.1, P.W.2 and P.W.3 and I do not rely upon them for want of reliable and acceptable corroboration.

Lastly, Shri Mukherjee for the company has submitted that this Tribunal has no jurisdiction to decide if Shri Sarkar is Section-in-charge because in the order of reference the point for decision is whether Shri Sarkar is Lino-in-charge. I cannot accept the contention of Shri Mukherjee. Of course, according to the order of reference I am to decide whether Shri Sarkar was or is Lino in-charge but in this connection I am to see what the actual designation or position of Shri Sarkar is in the company. The company admits or, rather, the company's case is that Shri Sarkar is Section-in-charge, Composing and the company challenges the suggestion of the union that Shri Sarkar was ever a

Lino-in-charge. I am, therefore, to see what the real fact is. I am to decide whether Shri Sarkar is Section-in-charge as alleged by the Company or whether he is Lino-in-charge as alleged by the Union. In this case, therefore, I have considered the evidence and the circumstances of this case and I find that Shri Sarkar was never a Lino-in-charge and that he is Section Holder, Composing. As Section Holder, Composing, Shri Sarkar cannot claim the scale of Rs. 200—225 and he cannot get any pecuniary benefit.

In the result, the claim of the union fails and the reference is decided against the workmen and in favour of the company. No relief can be given to the workmen.

Dictated and corrected by me.

What relief, if any, are they entitled to?

After the service of the usual notice, the Narkeldanga Roller Flour Mills Workers' Union, which represents the workmen Sonakar Das, Kedar Goala, Bhirgu Goala and Vikari Routh, had filed written statement and the West Bengal Flour Mills Mazdoor Congress which represents the workman Rambhuj Mali, had also filed a separate written statement. The employer had also filed written statement. In the written statement filed by the Narkeldanga Roller Flour Mills Workers' Union, it has been stated that the Union had been registered on 22nd March 1960 under the Indian Trade Union Act, that the Company employs about 110 workman including 80 operators, that there are certain written conditions of service and there are also some unwritten rules like giving employment to son or other relative on the retirement of a person. It is further stated that Shri Sonakar Das was appointed as a cleaner of the Company on or about 1st September 1962 on the retirement of his father Shri Biru Das, a cleaner, on 31st August 1962, that Shri Rambhuj Mali was appointed as a packer of the Wheat Products of the Company on or about 1st February 1963 on the retirement of his father Shri Muneshar Mali, on 31st January 1963, that Shri Kedar Goala, who is another packer of the Wheat Products

was appointed on or about 16th August 1963 on the retirement of his father on 15th August 1963, that Bhirgu Goala was appointed as a Bran packer of the Company on or about 16th August 1963 on the retirement of his uncle Shri Mangal Goala on 15th August 1963, and that Vikari Routh was appointed on 4th August 1963 as a cleaner. These workmen were working in the permanent vacancies without any break but the Company had verbally terminated the services with effect from 1st February 1964. The Union made a representation to the Company before the said termination of their services, stating that according to the rules of the Company, six months service of any workman qualifies him for permanency and as such, the workmen should be made permanent and all benefits available to permanent hands should be given to them. However, in view of the illegal and unjustified action of the Company, the Union gave a strike-notice on 6th February 1964 demanding the reinstatements and all back wages of these workmen with a copy to the Labour Directorate for intervention. Shri A. C. Roychowdhury, Conciliation Officer, had convened joint conferences on 14th February 1964 and 20th February 1964, but the Company did not attend. Under the circumstances, the Union had prayed for reinstatement with continuity of service and full back wages including bonus. The written statement which has been filed by the West Bengal Flour Mills Mazdoor Congress is similar to the written statement filed by other Union Therefore, it is not necessary to repeat what has already been stated.

In the written statement which has been put in by the Company, it has been stated that the workmen concerned were contractual labourers under the agreement with each of them and the services were duly terminated in terms of the agreement. It is further stated that the undertaking of the company became Public Utility Service with effect from 23rd October 1963 and that as there was no further conciliation proproceedings before the reference, the reference itself is incompetent and invalid and is bad in law. It is further stated that there was no unwritten rule that after retirement, posts were filled by either son or some relatives of the workmen, that in some cases, sons or sons' relatives had been given employment at the discretion of the Company and that as the services of the temporary workmen mentioned in the reference had been duly terminated according to the terms and conditions of the agreement, the termination are quite legal, valid and justified. The Company prayed that the reference might be held to be incompetent, invalid and bad in law and in the alternative it might be held that the workmen are not entitled to any relief

After one adjournment which was taken by the Unions, the matter was compromised on 12th June 1965 between the Management and the workmen represented by Narkeldanga Roller Flour Mills Workers' Union. Subsequently, there was another adjournment as the talk of compromise was going on with the other Union, and today, a petition of compromise has been filed between the Management and the workmen represented by West Bengal Flour Mills Mazdoor Congress. In the first petition of compromise it has been provided that the Company will give appointments to Sonakar Das, Kedar Goala and Bhirgu Goala on and from 14th June 1965 at the existing rate of wages and the Management will make them permanent after completion of their six months service. With regard to Vikari Routh, it is provided that as he is not available, the Management agreed to consider his case if he approaches the Management within 3 months from 12th June 1965. In the other petition of compromise, the Management had agreed to give appointment to Rambhuj Mali if he approaches the Management for service within 6 months from date. I have considered the facts and circumstances and it appears to me that the petitions of compromise are valid, legal and bona fide and should be effect to. I therefore pass a 'no-dispute' award making the two petitions of compromise as annexures to the award. This is my award.

## ANNEXURE

**In the matter of an Industrial dispute existing between Messrs. Calcutta Cloth Agency, P-10 New Howrah Approach Road, Calcutta-1 and their workmen represented by the Barrabazar Zamadar Sangh, 90 Lower Chitpur Road, Calcutta-7. (Case No. 336 of 1964.)**

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri K. P. MUKHERJI, Judge,
Fifth Industrial Tribunal

Present for the Company : Shri A. Sarkar, an officer of the Association of Manufacturers and Traders.

Present for the Union : Shri Madan Mohan Saha, Advocate.

The above industrial dispute was referred to this Tribunal under section 10 of the Industrial Dispute Act, 1947, by Government of West Bengal, Labour Department Order No. 6201-I.R./IR/11L-198/64, dated the 16th November 1964, for adjudication upon the following issue :

(1) Whether the refusal of employment to Shri Mata Prosad Tewari is justified? To what relief, if any, is he entitled?

After service of notices, the parties entered appearance and filed their respective written statements. The case of the workman who is represented by the Barrabazar Zamadar Sangh may shortly be stated thus :

Messrs. Calcutta Cloth Agency is a prosperous concern carrying on business in textiles. Mata Prosad Tewari was a permanent workman in the employ of the Company, and he worked as a bill collector for about 10 years with a clean record of service. The Company, however, without assigning any reason or giving him any notice terminated his services with effect from 3rd October 1963. The workman after termination of his services, approached the Barrabazar Zamadar Sangh of which he is an active member, and the Union took up his case. As the Union failed to persuade the Company to take back the workman in service, the matter was taken up with the Labour Commissioner, and conciliation meetings were held on 13th January 1964, and 13th February 1964. The Conciliation Officer made a request to the Company to take back the workman, but it refused to accede to that request. Hence the present reference. The Union has prayed for reinstatement of the workman with full back wages for the period of his non-employment.

The case of the Calcutta Cloth Agency, hereinafter referred as the Company, shortly stated, is that the workman Mata Prosad left the services of the Company voluntarily on 3rd October 1963 for better prospects elsewhere. It is denied that the Company terminated his services on 3rd October 1963. It is pleaded that the dispute is not an industrial dispute, but only an 'individual dispute', and the present reference is bad in law, and not maintainable. The workman, it is further stated, is not entitled to any of the reliefs claimed by him.

### Decision

It is an undisputed fact that Mata Prosad Tewari is not in service of the Company since 3rd October 1963. He worked as a bill collector of the Company for about 10 years and rendered satisfactory service to his employer. A dispute was raised, as according to the Union, his services were terminated with effect from 3rd October 1963 without any justification. The case of the Company is that Mata Prosad voluntarily left the service of the Company, and it is denied that his services were terminated. A preliminary point has been raised on behalf of the Company regarding the maintainability of the present reference. In paragraph 12 of the written statement filed by the Company it is specifically mentioned that the dispute not being an industrial dispute, the reference is bad in law. The same plea has been raised in paragraphs 1, 2 and 3 of the written statement. It is admitted on both sides that there is no Union of the workmen of the Company. The workman Mata Prosad claims to be a member of the Barrabazar Zamadar Sangh, and this Union has raised the dispute which has been referred to this Tribunal for adjudication. It has been contended on behalf of the Company that the present dispute is only an 'individual dispute' and not an industrial dispute, and the present reference is incompetent inasmuch as the Barrabazar Zamadar Sangh is not competent to raise this dispute. In other words, the contention of the learned Advocate on behalf of the Company is that the individual dispute has not been converted into an industrial dispute inasmuch as it has not been proved that the workmen of Messrs. Calcutta Cloth Agency or at least some of them are members of this Union, and they have authorised the Union to take up the case of the workman Nata Prosad. This contention appears to be well founded and must prevail. The evidence of P.W.1 Sachhidanand Pandey, who is the General Secretary of the Barrabazar Zamadar Sangh, is that Mata Prosad is an old member

of the Sangh, and the other employees of the Company are also members of the Sangh. He has denied the suggestion that none of the employees of the Company is a member of the Sangh, and that Mata Prosad became a member of the Sangh after the termination of his services. Mata Prosad has also stated that he is a member of the Barrabazar Zamadar Sangh for the last 7/8 years and the other employees of the Company are also members of the Sangh. P.W.1 has admitted that there are registers of members of the Union, and also counterfoils of receipts showing realisation of subscriptions from the members of the Sangh. He has however not produced these relevant documents to prove that the workman Mata Prosad and also the other employees of the Company are members of the Barrabazar Zamadar Sangh. No explanation has also been given for the non-production of these relevant documents to meet the plea raised by the Company. O.P.W.1, Shri Srinath Upadhyay is an employee of the Company and he has stated that none of the employees of the Company is a member of the Barrabazar Zamadar Sangh. An Affidavit has also been swron by this witness in support of a petition filed by the Company's workmen except 3 or 4, stating that they are not members of the Barabazar Zamadar Sangh or any other Union, and they have not authorised any Union to take up the cause of Mata Prosad. No counter affidavit has been swron by the Union to deny the facts stated in the petition. The non-production of the relevant documents by the Union, taken along with the oral statement of O.P.W.1 and the Affidavit leave no room for doubt that the employees of the Company are not members of the Barabazar Zamadar Sangh. The question that arises for consideration is whether the Barabazar Zamadar Sangh is component to take up the cause of Mata Prosad, and to raise an industrial dispute. The question as to when an outsider Union can take up the cause of an individual workman and convert a dispute into an industrial dispute, has been considered in several cases. Following the decision of the Hon'ble Supreme Court in the case of Bombay Union of Journalists versus 'Hindu', Bombay, (A.I.R. 1963 S.C. 318) it has been held in the case of Sriniwas Fatech Puria vs. N. C. Chatterji, reported in A.I.R. 1963, Calcutta, 549, that an outside Union can by supporting an individual workman convert an individual dispute into an industrial dispute only if a large number of workmen of the industrial unit concerned in the dispute or a majority of them are members of such a Union. It is absolutely necessary to show that a large number of workmen belonging to that particular industry or a majority of them are members of such a Union. It is only then that such a Union in taking up the cause of the dismissed workman can convert an individual dispute into an industrial dispute. It is thus clear that if there is no Union of workmen in any establishment a group of employees can raise a dispute, and the dispute then becomes an industrial dispute though it may relate to dismissal of an individual employee. The position in law is that if a stranger union takes up the cause of an individual workman, the onus is upon the Union to prove that it has the backing, sympathy or colaboration of a substantial number of workmen employed in the industry, as has been held in the case of Gobordhan Das Jeerambhai and Sixth Industrial Tribunal and others, reported in 1963-I-L-L-163. This being the position in law it must be held on the facts proved in the instant case that the present dispute cannot be regarded as an industrial dispute. The present reference is therefore not maintainable in law. In view of my finding that the present reference is incompetent, it is not necessary to consider the case on merits. The workman concerned is, therefore, not entitled to any relief.

This is my award.

## ANNEXURE

**In the matter of an application under section 33A of the Industrial Disputes Act, 1947, filed by one Baldeo Singh (C/o India Jute Cotton Workers' Union, 18 Dharmatala Lane, Serampore, Hooghly), a workman of Messrs. India Jute Co. Ltd. (Cotton Section), Serampore, Hooghly, against the aforesaid Company. (Case No. 132 of 1964 under section 334).**

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri K. P. Mukherjee, Judge, Fifth Industrial Tribunal

Present for the Company: Shri J. K. Ghosh, Advocate & Shri J. Dutta Gupta, Advocate, of Messrs. Orr Dignam & Co., Solicitors.

Present for the workman: Shri Patit Paban Pathak, a trade unionist.

The original reference out of which this case has arisen was made under G. O. No. 572.IA/1/81-5(B)/64, dated 12th February 1964.

In this application under section 33A of the Industrial Disputes Act, 1947, Shri Baldeo Singh, a workman employed under Messrs. India Jute Co. Ltd. (Cotton Section) complains that his services have been wrongfully and illegaly terminated by his employer in violation of the standing orders and also in contravention of section 33 of the Industrial Disputes Act, 1947. He has accordingly prayed for his reinstatement with full compensation for the period of his forced non-employment. The application has been opposed by the opposite party who has put in a written objection in which it is pleaded that the application is not maintainable in law as there has been no contravention of section 33 of the Industrial Disputes Act, 1947. It is stated that the petitioner was granted casual leave for 2 days, but he failed to report for duty on the expiry of his leave and lost his lien on his appointment in accordance with the provisions of section 9(c) of the certified standing orders, and his name was accordingly struck off the rolls. The petitioner, it is pleaded, is therefore not entitled to any relief as claimed by him.

**Decision**

The settled position in law is that in order to succeed in an application under section 33A of the Industrial Disputet Act, 1947, the petitioner, in the first place, has to prove that there has been contravention of section 33 of the Inddustrial Disputes Act, 1947 and the impugned order cannot also be justified on merits. In paragraph 3 of the petition it is stated that the opposite party was under obligation to observe the formalities of the provisions of section 33 of the Act as the services of the petitioner were terminated for an alleged misconduct of overstaying his leave, and the opposite party has thereby contravened the provisions of section 33 of the Industrial Disputes Act, 1947. It is to be noted that nowhere in the petition it has been specifically stated as to which particular provision of section 33 has been violated. The grievance of the petitioner, as appears from the petition, is that he overstayed his leave which amounted to a misconduct, and the opposite party was required to ovserve the formalities under section 33 of the Act before his services could be terminated. It appears from Ext. A that the petitioner was granted leave for 2 days from the 2nd April to the 4th April, 3rd being a day of weekly rest, and it is an admitted fact that he did not report for duty on the 5th April, 1964. He reported for duty on 7th April 1964 with an explanation for his unauthorised absence, but he was not allowed to join his duty. The explanation submitted by him was considered unsatisfactory, and the management considered him to have left the service of the Company from 5th April 1965. The circumstances under which the petitioner lost his job do not attract section 33 of the Industrial Disputes Act. It is an admitted position that the termination of service of the petitioner was not due to any misconduct on his part, and the opposite party was not required to hold an enquiry against him before terminating his services. The petitioner was given an opportunity to submit explanation for his absence, and the explanation offered by him was not found satisfactory, and in terms of clause 9(c) of the Standing Orders of the Company, the petitioner lost his lien for the post he was holding. The termination of the petitioner's service follows automatically from the Standing Orders by virtue of his absence without leave and such termination is not the result of any positive act or order on the part of the employer, and so to such termination of service the prohibition contained in section 33 of the Industrial Disputes Act would be inapplicable. It has not been suggested, far less proved, that the action of the opposite party is mala fide or amounts to victimisation or unfair labour practice. The petitioner lost his job in terms of the standing orders of the Company which must be held binding on him, and he cannot therefore invoke the aid of section 33A of the Industrial Disputes Act on the plea that there has been violation of section 33 of the Act. I therefore hold that the application is not maintainable inasmuch as the petitioner has failed to prove that there has been a violation of section 33 of the Industrial Disputes Act, 1947. The petitioner is therefore not entitled to any relief in this case.

This is my award.

Present for the Company: Shri K. K. Moitra, Advocate.

Present for the Union: Shri Nilay Kumar Ghosh, Advocate.

The above industrial dispute was referred to this Tribunal under section 10 of the Indutsrial Disputes Act, 1947, by Government of West Bengal, Labour Department Order No. 6145-I.R./IR/10L-183(A)/64, dated the 11th November 1964, for adjudication upon the following issue:

Whether the lock-out of the factory with effect from the 10th June 1964 is justified? To what relief, if any, are the workmen entitled?

After receipt of the reference from the Government on 17th November 1964 usual notices were issued to the parties fixing 7th December 1964 for their appearance and for filing written statement by the Union. The Union entered appearance on 7th December 1964 and filed its written statement on 7th January 1965. The Company entered appearance on 5th March 1965 and filed its written statement on 15th April 1965. The case was fixed for hearing on 18th August 1965. On 19th July 1965 the parties put in a joint petition of compromise stating therein that the dispute between them had been settled amicably out of Court, and that an award might be passed accordingly. As the parties have settled their dispute amicably out of Court, there is no subsisting dispute for adjudication, and I accordingly make a 'no dispute' award as prayed for. The petition of compromise do form part of the award as Annexure A.

Briefly ut the case of the aggrieved workers is as follows :

The Company known as Messrs. Arabindo Kundu and Manik Kundu happen to be a leading Bidi Manufacturing concern at Bankura employing about 30 workmen. The Company not only manufactures bidis but sells them as well on open market thus earning a huge profit regularly month by month Sometimes in June 1958 the minimum wages of bidi workers at Bankura was fixed at Rs.2 per thousand. The Company turned its deaf ear to the aforesaid fixation with the result that the aggrieved workers began to murmur over the matter so much so that the company locked out the factory on 18th May 1959 without showing the least reason as to why this illegal act was adhered to as against the poor workers The company lifted lock out on 13th June 1959 and took back some of its workers but at the same time it refused to take back the workers mentioned in the Order of Reference without showing any reason As a matter of fact, the workers were dismissed by the company illegally and unjustly. Hence this case of the workers who were refused employment and whose only prayer before this court is confined to reinstatement with all back wages plus compensation.

The aforesaid case of the workers has been seriously contested by the Company. The long and short of the company's case is that the workers mentioned in the Order of Reference did never work "qua" workers of the company. The workers thus not being employed by the company at any time before are not entitled to any relief whatsoever in connection with this case.

It has been conceded by both sides before me at the time of trial that if this court holds that the workers mentioned in the order of reference were never employed by Messrs Arbindo Kundu and Manik Kundu, the instant reference just then be condemned as bad in law. The aforesaid main case of the company is found to be adumbrated in paras 11 and 12 of its written statement. Indeed, if these workers did not at any time work under the company no question of any refusal to employment does arise in connection with this case. The workers who have chosen the instant forum before me must then necessarily bear the burden of proving the fact in dispute namely that they were bidi making workers under the company in point and that they were refused employment without any reason or rhyme.

Have the workers proved this fact ? The workers have produced only one witness namely P. W. 1 Shri Bijoy Kalindi to establish that fact. This witness however, stands thoroughly uncorroborated in respect of his version. It is needless to mention that he is also highly interested. The next witness P. W. 2 Shri Jagadish Dey who poses himself to be the Secretary of the Bankura District Bidi Karigar Union has not cared to produce the register of the Union showing or disclosing the name of the members. This register, which admittedly is being maintained throughout by the Union is not produced lest the pages thereof would show altogether different names of the members of that Union. Indeed, both in respect of the parole and documentary evidence the company's case appears to be qualitatively better. The company produced two of the workers mentioned in the Order of Reference itself. They are O. P. W. 1 Shri Manohar Malla and O. P. W. 2 Shri Guiram Gharai. These witnesses have placed their oath disclosing at the same time that at no time in the past did they work under the Company. I have believed the statements of these witnesses inasmuch as these statements were manifestly made against the interest of the witnesses themselves. The Proprietor or better the Partner of the Company in point namely Shri Manik Kundu, the O. P. W., 3 has similarly pledged his oath before this court swearing very convincingly that the workers mentioned in the Order of Reference did never work under them. O. P. W. 4 Shri Ram Kinkar Paul who has been working under the company for the last 7/8 years has also deposed strongly corroborating the statements of the three witnesses stated above in material particular.

The oral evidence adduced by the four witnesses is strongly backed by the documentary evidence filed by the company. The contents of the company's khata as exhibited by Ext. A would show that 11 to 13 workers only used to work under the company at the relevant time, i.e. April, May and June, 1959. The workers mentioned in the Order of Reference are not the workers mentioned in Ext. A. The company has also filed various other registers as well comprised by Ext. B series and C series. It is difficult to explain away all these registers by characterising them as manufactured documents. There is also no sufficient evidence adequate to saddle the company with any such imputation. Considering the weight of evidence on record I think I should uphold the stand taken by the company although its result may prove to be somewhat disastrous to the Union. It may appear to be rather unusual at the first sight that certain fake personalities would at all venture to come before this court to vindicate the case of others. Having given the case the anxious consideration that it deserves I have come to the conclusion so common in these days that the company was victimised in respect of its village politics. The evidence of Manik Kundu specially would show that at some point in the past they had incurred the displeasurs of the local communist party with the result that the party brought in the present foreign union to teach a lesson to the company. The Union was foreign because the workers of the company were never members thereof and that is the reason why the Union has withheld its register from production and that is also the reason why none of the workers mentionsd in the Order of Reference came before this court to place their grievance excepting P. W. 1 Bijoy Kalindi whose statements as I have already stated are not worthy of credence. Considering these overall facts and circumstances on record I hold that no relief can be given to the workers in point. The workers in point not being workers of the company in question are not entitled to any relief whatsoever in connection with this case. In that perspective the present reference made under section 10 of the Industrial Disputes Act should be and is hereby condemned as bad in law. This then is the award of this Court.

## RAJYA SABHA

The following Bill was introduced in the Rajya Sabha on the 24th December, 1964:—

III

BILL No. XXXIV OF 1964

*A Bill further to amend the Employees' Provident Funds Act, 1952.*

BE it enacted by Parliament in the Fifteenth Year of the Republic of India as follows:—

**1.** (1) This Act may be called the Employees' Provident Funds (Amendment) Act, 1964. **Short title and commencement.**

(2) It shall be deemed to have come into force on the 24th day of November, 1964.

19 of 1952. **2.** In section 2 of the Employees' Provident Funds Act, 1952, in sub-clause (*i*) of clause (*a*), after the words "a controlled industry,", the words "or in relation to an establishment having departments or branches in more than one State," shall be inserted. **Amendment of section 2.**

## STATEMENT OF OBJECTS AND REASONS

Under the *Employees' Provident Funds Act, 1952*, which provides for the institution of compulsory provident funds for employees in factories and other establishments, where an establishment already provides benefits in the nature of provident fund or other retirement benefits to its employees, not less favourable than those provided under the Act and the Scheme framed thereunder, the establishment may be exempted from the operation of the Scheme subject to certain conditions. Such exemption is granted by the Central Government in cases of establishments belonging to, or under the control of, the Central Government or connected with a railway, major port, mine, oil-field or controlled industry and by the State Governments in other cases. It is considered that where an establishment consists of departments or branches located in different States, the power to grant exemption should be exercised by the Central Government. This is necessary for the sake of uniformity and convenience of all concerned. It is accordingly proposed to amend the definition of the term "appropriate Government" given in section 2(a) of the Act. As this power has already been exercised by the Central Government in some urgent cases, it is proposed to give retrospective effect to this amendment.

2. The Bill seeks to give effect to the above proposal.

(3) Leave admissible under sub-rules (1) and (2) shall be granted only on production of a medical certificate from such medical authority as the municipal commissioners may, by general or special order, direct and for a period not exceeding that recommended by the medical authority.

(4) In the case of a municipal officer or servant in superior service not in permanent employ who is subsequently appointed to a permanent post, the leave admissible under sub-rule (1) in respect of his permanent service shall be reduced by such leave as may already have been enjoyed by him under sub-rule (2) during his previous temporary service.

15. (1) Extraordinary leave may be granted to any municipal officer or servant in special circumstances—

(a) when no other leave is admissible, or

(b) when other leave is admissible, but the officer or servant concerned applies in writing for the grant of extraordinary leave.

(2) Municipal officer or servant on leave on private affairs or leave on medical certificate is entitled to leave salary equal to half his average pay or, to half his average substantive pay for the 12 complete months, preceding the month in which leave is taken, whichever is greater, subject in either case to a maximum of Rs. 750 per month. The half-pay leave admissible to a municipal officer or servant in respect of each completed year of service is—

(i) 20 days if he be in permanent employ, and

(ii) 15 days if in temporary employ.

(3) Municipal officer or servant on extraordinary leave is not entitled to any leave salary.

(4) For the purpose of this rule "substantive" pay means the pay of the permanent post which the officer or servant holds substantively or on which he holds a lien or would hold a lien had the lien not been suspended.

Note.—Average pay will be calculated on the average monthly pay earned during the 36 complete months immediately preceding the month in which the event occurs which necessitates the calculation of average pay.

17. Leave on medical certificate for any period not exceeding a month, may be granted by the Chairman of the municipality concerned.

18. (2) Leave of any other kind, as may be due, may be granted in continuation of maternity leave, if the request for its grant be supported by a medical certificate.

Note 1.—In the case of a female municipal officer or servant in temporary employ, maternity leave may be granted up to four weeks prior to and four weeks after the date of delivery, provided that she has been in municipal employ for at least nine months immediately preceding the date of delivery.

Note 2.—Maternity leave under this rule may also be granted in cases of miscarriage including abortion subject to the condition that the leave admissible to a temporary female municipal officer or servant does not exceed six weeks in all and the application is supported by a certificate from the authorised medical attendant.

19. Unless otherwise provided in these rules, leave shall be granted by the commissioners of the municipality at a meeting.

20. The Executive Officer or where there is no Executive Officer, the Chairman of the municipality concerned may grant (1) casual leave for a period not exceeding seven days at any one time or fifteen days in twelve months and (ii) earned leave or leave on private affairs or leave on medical certificate for a period not exceeding a month.

21. Quarantine leave may be granted to a municipal officer or servant on the basis of a certificate from a medical officer-in-charge of any Government or municipal hospital or dispensary if his presence in office or duty is considered to be injurious to the health of other municipal officers and servants due to the presence of infectious diseases in his family or house-hold. Such leave may be granted by the Executive Officer or if there is no Executive Officer, by the Chairman of the municipality concerned for a period not exceeding twenty-one days, or, in exceptional circumstances, thirty days. Any leave necessary for quarantine purpose in excess of this period shall be treated as ordinary leave. Quarantine leave may also be granted, when necessary, in continuation of other leave subject to the above maximum. A municipal officer or servant or servant on quarantine leave shall not be treated as absent from duty and his pay shall not be intermitted

The following diseases only shall be treated as infectious diseases within the meaning of this rule:—

(1) Small pox,

(2) Scarlet fever,

(3) Plague (pnemonic and or bubonic),

(4) Typhus,

(5) Cerebro-spinal meningitis,

(6) Measles, and

(7) Mumps.

For persons employed in the preparation or distribution of food, the following additional diseases shall also be treated as infectious:—

(1) Dysentery,

(2) Enteric fever (typhoid fever),

(3) Malta fever, and

(4) Paratyphoid fever.

22. (a) Special disability leave may be granted by the commissioners at a meeting to a municipal officer or servant who is disabled by injury accidentally incurred in, or in consequence of the due performance of his official duties, or intentionally inflicted in consequence of his official position, or by illness incurred in the performance of any particular duty which has the effect of increasing his liability to illness or injury beyond the ordinary risk attaching to the post he holds subject to the following conditions:—

(i) that the disability, if due to disease, must be certified by the Chief Medical Officer of the municipality or if there is no such municipal medical officer, by a registered medical practitioner;

(ii) that the period of leave granted shall be such as is certified by the municipal medical officer or a registered medical practitioner, as the case may be, subject to a maximum of twenty-four months.

(b) Such leave shall not be admissible unless the disability manifested itself within three months of the occurrence to which it is attributed, and the person disabled acted with due promptitude in bringing it to notice of the commissioners of the municipality, provided that if commissioners are satisfied as to the cause of the disability, such leave may be granted in cases where the disability manifested itself more than three months after the occurrence of its cause.

(c) Such leave may be combined with leave of any other kind.

(d) Such leave may be granted more than once if the disability is aggravated or reproduced in similar circumstances at a later date, but not more than twenty-four months of such leave shall be granted in consequence of any one disability.

(e) Leave salary during such leave may be equal—

(i) for the first four months of any period of such leave, including a period of such leave granted under sub-rule (d) of this rule, to average pay, and

(ii) for the remaining period of any such leave, to half average pay, or at the option of the municipal officer or servant for a period not exceeding the period of average pay which would otherwise be admissible to him to average pay:

Provided that in cases where the disability is not due to injury intentionally inflicted in consequence of official position, the commissioners at a meeting may grant such leave on average pay for a period less than four months and may treat part of the absence as covered by other leave.

23. Grant of leave to municipal officers or servants engaged on contract shall be governed as follows:—

(i) Where the contract is for one year or less, earned leave admissible shall be at one-twenty-second of the period spent on duty. Though ranking as earned leave, this may be granted only on medical certificate, and if subsequently it becomes necessary to grant the municipal officer or servant further leave, after the earned leave has been exhausted, leave on medical certificate may be granted to him subject to the condition that the total period of the two kinds of leave does not exceed one-eleventh of the period spent on duty.

If the municipal officer or servant serves in a Vacation Department, earned leave shall not be admissible, but he may be granted, if absolutely necessary, leave on medical certificate to the extent of one-twenty-second of the period spent on duty.

(ii) Where the contract is for more than one year but not more than five years, leave on medical certificate may be allowed in addition to earned leave under sub-rule (1) of rule 8 of these rules subject to a maximum of four months in all during the period of the contract. In addition, extraordinary leave may be granted in special circumstances when no other leave is admissible subject to a total maximum limit of three months in respect of such leave. If the municipal officer or servant serves in a Vacation Department, earned leave will not be admissible.

(iii) Where the contract is for a term longer than five years or an original contract for five years or less is extended so as to make the total period of contract longer than five years, leave admissible to a permanent municipal officer or servant under these rules may be allowed, subject to the restrictions that no leave on private affairs shall be granted and that the leave on medical certificate will be limited to six months in all. In the case of extension of contract to a period longer than five years the municipal officer or servant shall be credited with the earned leave that would have been admissible had the contract been initially one of more than five years, diminished by any earned leave already taken, and leave on medical certificate, if any, already taken, shall count against the six months' limit prescribed.

(iv) Where the contract is for an indefinite priod, or an original contract for a definite period is extended for an indefinite period, the rules regarding grant of leave to permanent municipal employees except rule 16 shall apply. In the latter case the municipal officer or servant shall be credited with the earned leave that would have been admissible had the contract been initially one for an indefinite period, diminished by any earned leave already taken and leave on medical certificate, if any, already taken, shall count against the limit prescribed in sub-rule (1) of rule 14.

(v) In the case of a municipal officer or servant falling under clauses (ii) to (iv) above, earned leave may be granted after the expiry of the contract only when it has been applied for during the period of the contract and refused owing to the exigencies of the public service. A municipal employee whose services are dispensed with on the ground of ill-health may be permitted to take all earned leave due to him before his service is terminated.

(vi) The leave salary during leave taken under the above clauses will be regulated as follows:—

(a) A municipal officer or servant on earned leave is entitled to leave salary equal to his average pay.

(b) A municipal officer or servant on leave on private affairs or on medical certificate is entitled to leave salary equal to half his average pay subject in either case to a maximum of Rs. 750 per month.

Note.—"Average pay" means here the average monthly pay earned during the twelve complete months preceding the month in which the event occurs which necessitates the calculation of average pay.

(c) A municipal office or servant on extraordinary leave is not entitled to any leave salary.

(d) A municipal officer or servant initially engaged on contract becomes subject to the leave rules regarding permanent municipal employees on his being taken into permanent employment after the expiry of his contract. In such a case the municipal officer or servant shall be credited with the earned leave that would have been admissible had his previous duty been duty as an officer in permanent employ diminished by any earned leave already taken, and leave on medical certificate if any already taken, shall count against the limit prescribed in rule 14.

24. (a) Earned leave is not admissible to a municipal officer or servant in permanent employ serving in a Vacation Department in respect of duty performed in any year in which he avails himself of the full vacation.

(b) The earned leave admissible to such a municipal officer or servant in respect of any year in which he is prevented from availing himself of the full vacation is such proportion of 15 days' earned leave if he is in inferior service and 30 days' earned leave if he is in superior service, as the number of days of the vacation not taken bears to the full vacation:

Provided that if in any year he is prevented from availing himself of any part of the vacation, earned leave is admissible to him in respect of that year in accordance with the provisions of rule 6 or 7, as the case may be.

(c) Vacation may be taken in combination with or in continuation of any kind of leave under these rules, provided that the total duration of vacation and earned leave taken in conjunction, whether the earned leave is taken in combination with or in continuation of other leave or not, shall not exceed 120 days in the case of a municipal employee governed by rule 6 or 60 days if he is governed by rule 7.

(d) Earned leave is not admissible to a municipal officer or servant serving in a Vacation Department who is not in permanent employ.

By order of the Governor,
H. DAS GUPTA, Asst. Secy.

Hind Refractories Ltd., Durgapur, and their workmen represented by the Hind Refractories Workers' Union, Hattola Road, P.O. Durgapur-1, district Burdwan, regarding the issue mentioned in the said order being a matter specified in the third schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Seventh Industrial Tribunal;

And whereas the said Seventh Industrial Tribunal has submitted to the State Government its award on the said industrial dispute ;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

## ANNEXURE

**In the matter of an industrial dispute between Messrs. Hind Refractories Ltd., Durgapur, and their workmen represented by the Hind Refractories Workers' Union, Hattola Road, P.O. Durgapur 1, district Burdwan. (Case No. VIII—275/64).**

**BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL**

Present:

Shri S. K. RAY, Judge, Seventh Industrial Tribunal.

For the Union : Shri Patit Paban Pathak and Shri U. R. Das Gupta, General Secretary.

For the Company : Shri S. C. Sen, Advocate, assisted by Shri K. R. P. Nair, Works Manager and Shri A. C. Sen, Secretary.

## AWARD

The above dispute over the issue given in the order of reference and reproduced below was referred for adjudication to this Tribunal by the Government of West Bengal, Labour Department Order No. 4390-IR/IR./11L-277(A)/64, dated the 19th September 1964

**Issue**

1. Festival Holidays.

The parties filed their respective written statements in due course.

It is an admitted position that at present the Company grants 12 festival holidays, out of which 4 holidays, viz., the Republic Day, the Independence Day, Dol Jatra Day and Viswakarma Puja Day are with full

wages and D. A. to permanent time-rated and piece-rated workers and the remaining 8 holidays, viz., Pous Parban 1, Chitra Sankranti 1, 5 days for Durga Puja and one day for Kali Puja are without wages but with D. A. to permanent piece-rated workers and time-rated workers. It is also an admitted position that all the festival holidays for casual and temporary workers are without wages and D. A. The Union claims that there should be at least 10 days, festival holidays with full pay and D. A. excluding two National holidays on Republic Day and Independence Day. The Company has pleaded in its written statement that it is not in a position to grant more festival holidays or to increase the existing number of festival holidays with wages and D. A. or with D A. only on account of its present business and financial position. It is alleged that at present it owes debts to the West Bengal Financial Corporation and other banks amounting to more than Rs.12 lakhs and on account of increasing keen competition in the market and progressive decrease in the demands for the specific types of articles manufactured by this Company, the future prospects of this Company are bleak.

At the hearing, the parties did not adduce any evidence befefore the Tribunal. But their representatives, Shri S. C. Sen, Advocate, with Shri K. R. P. Nair, Works Manager and Shri A. C. Sen, Secretary for the Company, and Shri Patit Paban Pathak with Shri U. R. Das Gupta, General Secretary of the Union, made their submissions before the Tribunal, reiterating their respective cases as stated in their written statements.

The issue is a very limited one. It is strictly confined to festival holidays. The existing position regarding festival holidays has already been stated and the Union's demand as made in the present case, has been indicated above. When the parties' representatives made their submissions before me, I had a full and frank discussion with them and they ultimately left the matter to my discretion and judgment.

After considering the overall facts and circumstances and giving due weight to the submissions made by the parties' representatives, I consider it fair and equitable that the fully paid festival holidays should be increased by three more days and these days would be three of the five holidays for Durga Puja. I frankly placed my views before the representatives of both parties and had again frank and full discussions with them regarding this matter. Ultimately, both parties' representatives practically agreed to accept my views in the matter of increasing the festival holidays by three more days. In the aforesaid circumstances, I would make an award according to my views indicated above.

In the result, I decide and award that the existing number of holidays should be maintained but the number of fully paid festival holidays for permanent time-rated and piece-rated workers shall be increased by three days out of five days holidays for Durga Puja and for these three increased fully paid festival holidays, the permanent time-rated and piece-rated workers shall get full wages and D. A., but the other existing conditions regarding the festival holidays shall remain in tact.

Seventh Industrial Tribunal.

## ANNEXURE

**In the matter of an industrial dispute between Shri Durgadutt Agarwalla, 32/33 Sir Hariram Goenka Street, Calcutta and 4 Sukhlal Johuri Lane, Calcutta and their workmen, represented by Burrabazar Jamadar Sangh, 90 Lower Chitpore Road, Calcutta-7 (Case No. VIII—147 of 1964).**

BEFORE THE SECOND INDUSTRIAL TRIBUNAL
WEST BENGAL

Present:

Shri AMBIKA PADA BHATTACHARYA, Judge,
Second Industrial Tribunal

Appearances:

For the Sangh : Shri Anil Das Choudhury, Advocate.

For Shri Durgadutt Agarwalla : Shri K. K. Maitra, Advocate.

By order No. 1998-I.R./IR/11L-404(C)-62, dated Calcutta, the 1st June 1964, Government of West Bengal, Labour Department, referred an industrial dispute between Shri Durgadutt Agarwalla and its

workmen, represented by Burrabazar Jamadar Singh for adjudication regarding the issue contained in the order of reference.

**Issue**

1. Whether dismissal of the following workmen is justified ? To what relief, if any, are they entitled ?

(1) Buddhu Koiri,
(2) Ramani Kahar,
(3) Shyamnath,
(4) Kashinath,
(5) Ritlal,
(6) Sukdeo,
(7) Sitaram,
(8) Ram Sundar,
(9) Sundar Ram,
(10) Baukelal.

This is a reference under section 10 of the Industrial Disputes Act. The employer is Durgadutt Agarwalla and the workmen are represented by Burrabazar Jamadar Sangh. It raises the issue of dismissal of 10 workmen named in the order of reference with serials. There is a short history of the reference. Originally the reference came to this Tribunal where the employer was wrongly described and the Tribunal held accordingly that the description of the employer was wrong and that Shri Durgadutt Agarwalla was the real employer. The present reference was received afresh where the employer has been correctly described as Shri Durgadutt Agarwalla. It was received on 1st June 1964. The workmen however were dismissed in 1962. The delay is accordingly explained. The workmen submitted written statement wherein they alleged that all the 10 workmen used to work in the Papad factory belonging to Shri Durgadutt. A chart is annexed with the written statement showing the length of service of each workman as well as his rate of pay. The employer insisted upon very rigid service condition and the workmen were made to work for 12 hours a day. Wages were also very low. The workmen in order to redress their grievances joined a trade union known as Burrabazar Jamadar Sangh. Various demands were placed by the Union on behalf of the workmen which outraged the company. Buddhu, Ramani, Shyamnath and Kashinath (serial Nos. 1 to 4) were dismissed from service on 10th September 1962 and the matter was immediately taken up by the Union with the Labour Commissioner. The workmen received the charge-sheets on 7th September 1962 and they replied to the same. Subsequently without holding any enquiry they were summarily dismissed. The other six workmen namely, serial nos. 5 to 10 were subsequctly dismissed on 14th September 1962. They received no charge-sheet before the letters of dismissal were served on them. The dismissal was arbitrary. All the workmen thus stood dismissed and this was done by the employer to crush the Union. It is an unfair labour practice and a clear case of victimisation. On 16th January 1964 a reference was made in respect of these very workmen. The Tribunal gave effect to the preliminary objection raised by the company that the employer was wrongly described. This is how the present reference came on 1st June 1964 after the name of the employer was corrected. The chart is annexure 'A' to the Union written statement.

The company answered the written statement of the Union in the following terms. Burrabazar Jamadar Sangh has no legal right to raise any industrial dispute inasmuch as not a single workman of this industry is a member of that Union. The dispute is not accordingly an industrial dispute and the Tribunal has no jurisdiction to try the reference. Four workmen namely, Kashinath, Shyamnath, Ram Sundar and Sundar Ram, serial Nos. 3, 4, 8 and 9, settled their disputes finally with the company after receiving payment in full. The reference in respect of these four persons is therefore untenable. Coming to the merits of the case serial Nos. 1 to 4 deliberately spoiled about 60 maunds of *papad* by not drying them properly and packing them up in wet condition. It caused damage to the whole lot. This is a gross misconduct and is a subject matter of charge-sheet, dated 31st August 1962. The charge-sheets were sent under certificate of posting.

The employer asked those workmen to dry up the *papad* in sun shine but they refused to carry out the said order. This is an act of insubordination and is a subject matter of second charge-sheet, dated 4th September 1963. It was sent under certificate of posting. A third charge-sheet was issued on 7th September 1962 because those workmen refused to render account of *papad* to the employer on demand. These charge-sheets were also sent under certificate of posting and some copies of the charge-sheets were posted on the wall of the factory. The workmen were asked to submit explanations but they did not. The third charge-sheet was however received by the workmen and their reply was received on 11th September 1962. It is not a fact that the Union took up the matter with the Labour Commissioner.

On 8th September 1962 three charge-sheeted persons, Buddhu, Ramani and Shyamnath obstructed entry of the employer into the factory and the others namely serial Nos. 5 to 10 of the order of reference assisted them in such illegal act. A dairy was lodged before the police. On 13th September 1962 serial Nos. 5 to 10 resorted to strike and stopped work. The employer issued a notice under certificate of posing asking them to withdraw the strike and resume work. On 14th September 1962 the employer sent his manager but he was assaulted. Then the employer Durgadutt Agarwalla went to the factory with police. Seeing him all the nine persons (excluding Serial no. 4 Kashinath) threatened him with assault and thereafter letter of dismissal was issued to serial Nos. 5 to 10 on 14th October 1962. No enquiry can be held due to the abnormal situation described above. The employer filed three criminal cases against the nine persons (excepting Serial 4 Kashinath). Some of the criminal cases ended in conviction.

Upon the above pleadings the issue mentioned in the order of reference is raised as to whether the dismissal of the 10 persons is justified. Before I enter into the merits of the order of dismissal there are certain preliminary objections which should be disposed of first. An objection is taken at the time of hearing to the effect that after all the 10 workmen had been dismissed the factory is not now functioning and the employer has given up manufacturing of Papad and is working as a driver. This is the contingency which happened after the written statement have been filed and even after the evidence was recorded in the previous reference,

Be that noted that evidence was recorded by this very tribunal in the reference that was received on 1st January 1964. Both the parties at the hearing of this reference adopted the said evidence which was recorded in presence of the respective parties and their representatives. The decision will be made upon the said evidence which had been adopted and accepted by both parties. There had been some additional evidence adduced thereafter which forms part of the record. Durgadutt Agarwalla, the employer, was examined during the hearing of this reference on 18th March 1965. He added that the monthly tenancy held in respect of No. 4, Sukhlal Johuri Lane under Umrao Tulshian had come to an end. That was the room which was tenanted for the purpose of manufacture of Papad. Certified copy of the plaint and the order-sheet showing payment of cost of the suit are filed in support of the oral evidence of Durgadutt Agarwalla. He further added that he is at present earning his leaving by working as a car driver and his business of manufacture of *padad* had been closed down. In view of the evidence of Durgadutt Agarwalla which is not seriously controverted by the Union I must conclude that the factory is not in existence and that manufacture of *papad* had been totally stopped by Durgadutt. Though this is a matter which happened after the reference was received there would be no point in passing order of reinstatement in case the workmen succeed in this reference. Since I hold that the industry has been closed, no order of reinstatement can follow but the workmen in the event of success would be entitled to compensation in lieu of reinstatement. The objection raised in this respect is thus disposed of. Next, I will turn to the other preliminary objection raised specifically in the written statement, namely, that the Union has no right of representation in this reference in view of the fact that the workmen of this industry are not members of that Union.

This is a question of fact which is to be decided upon evidence on record. The learned lawyer for the Union relied upon the case reported in 1965 1, L. L. J. page 668 and submits that in the reported case out of 45 workmen in an establishment 18 had been dismissed and it was observed that those 18 workmen would form a group of employees who can by themselves raise an industrial dispute. That observation has no bearing upon the instant case. It is true that all the workmen of the factory were dismissed but it is not a case where workmen themselves are converting the individual dispute into an industrial dispute. They have come through a particular Union, namely, Burrabazar Jamadar Sangh. Inspite of the fact that 10 workmen by themselves can raise an industrial dispute, the *locus standi* of Burrabazar Jamadar Sangh had got to be established. The learned representative of the company urges me to hold that the Sangh is not a representative Union, so far as these workmen are concerned. It is true that the company swore an affidavit on 9th March 1965 asking for a direction upon the Union to produce certain documents. Such a direction was given but the Union did not file any document in the instant case. That is an admitted position. Still however there is some evidence on which I can reasonably come to the conclusion that the Union has representative capacity. It has observed in the reported case which I have just now referred that industrial adjudication is generally reluctant to lay down any hard and first rule or adopt any test of general and universal application. The approach of industrial adjudication in dealing any industrial dispute has necessarily to be pragmatic and the test which would apply and the considerations on which it relies would vary from case to case and could not admit of any rigid or inflexible formula (page 672 of the reported case). In the instant case the Honorary General Secretary of the Sangh Shri Sachida Nand Pandey gave evidence. He stated that the workmen of the present company listed their names as members of his Union. This Union took up the cause of dismissal of the three workmen of serial Nos. 1 to 3. The letter Ext. 5 will prove this. Out of the 10 workmen at least two workmen were examined before the Tribunal. P. W. 2. is Ramani, serial No. 2. He says in his evidence that he is a member of the Union and that the Union has espoused their case. Charter of demands was submitted by the Secretary of the Union and the Union activities prompted the dismissal. Another witness is P. W. 3. Rital is serial No. 3. He stated that Pandeyji, namely Secretary approached the proprietor with the charter of demands and at a meeting of workmen the cause of dismissed workmen was espoused on 11th September 1962. He also stated that he is a member of the Union and he has receipts showing payment of the subscription to the Union. On this evidence I can reasonably conclude that Burrabazar Jamadar Sangh is a representative Union in the stated circumstances of the case and it has *locus standi* for the purpose of the present reference. Though the documents asked for by the company were not produced, I can rely upon the testimony referred to above in coming to my conclusion that it is an industrial dispute and Burrabazar Jamadar Sangh had been duly authorised by the group of workmen to espouse their cause in respect of the dismissal of all the workmen of the industry. I decide this preliminary objection in favour of the Union.

There is a third preliminary objection in respect of five workmen, namely, Serial Nos. 3, 4, 5, 8 and 9. It is the specific case in the written statement that serial Nos. 3, 4, 8 and 9 received payment and settled their disputes. Subsequent to the written statement filed by the company serial No. 5 Rit Lal settled his dispute on 12th March 1965. With regard to the settlement in respect of five out of 10 workmen I should discuss the evidence on record. The Union representative wants to argue that without the consent of the Union those individuals have no right to settle their disputes with the company. I cannot accept this as a broad proposition. It may be in respect of reference involve other issues. The issue involved is dismissal of particular workmen. If the aggrieved workmen received payment and settle their disputes with the company even without the consent of the Union they have every right to do so and such action cannot be challenged by the Union. The Union will have no further responsibility in running his case. Regarding individual cases of settlement, I will take up the case of serial No. 4 Kashinath first.

**Kashinath (Serial No. 4)**

In the written statement of the company a plea has been taken that Kashinath received payment and settled the dispute. In view of that written statement the Union ought to have examined Kashinath to refute

the allegation. The evidence on this point is that of O. P. W. 1 Durgadutt. He stated on oath that Kashinath was not charge-sheeted. On 11th September 1962 he came to his office and wanted to collect of his dues. He wrote down a paper and endorsed his signature thereon. It is Ext. H. It is written in Hindi. It bears thumb impression purported to be that of Kashinath. The English translation is Ext. H (1). The evidence of Durgadutt and the document Ext. H which he proved are not challenged and there is no counter evidence of Kashinath or any other workman in this respect. Ext. H purports to show that he had no kind of dispute with Durgadutt. The statement was made on 11th September 1962. This was of course long before the reference but since I believe the settlement alleged by the company, Kashinath would not be entitled to any relief. Kashinath's claim had been adjusted.

**Ram Sundar and Sundar Ram (Serial Nos. 8 and 9).**

Now I will take up the cases of serial Nos. 8 and 9, Ram Sundar and Sundar Ram. They swore a joint affidavit Ext. M. A. joint affidavit is something singular. The affidavit ought to have been sworn separately. Be that as it may, there are other documents on which I can rely namely, Exts. N and N (1). They are purported to have been executed by these two workmen. The workmen are not examined to challenge these two documents. They purported to show that some payments were made to these two workmen and this was done in full and final settlement of all claim. There was no other outstanding claim. They were executed on 8th February 1963, i.e., before the reference. Since the evidence in this respect is ex-parte and neither Ram Sundar nor Sundar Ram comes to the box to deny the allegations against them and as there is no other evidence in this respect, I should uphold the company's contention that Ram Sundar and Sundar Ram adjusted their claims individually, without the aid of the Union. In my opinion they are not entitled to any relief in this reference.

Next I will turn to serial no. 3 Shyamnath. He swore an affdavit Ext. M (1) before this Tribunal stating that he received payment and he also filled up the full and final settlement form Ext. N (2) wherein he on receiving payment stated that he had no other claim outstanding. Shyamnath was not examined by the Union to impugn his own affidavit Ext. M (1) or his settled settlement proved by Ext. M (2). Having assessed the entire evidence on this point I uphold the contention of the company that Shyamnath received payment and settled his dispute.

Next I will turn to serial No. 5 Ritlal. It is curious that Ritlal gave evidence in the previous reference and he pressed his claim under the reference but Ext. S is placed before me and proved by Durgadutt upon which it is contended that Ritlal settled the dispute leaving no further claim. Ext. S is written in English and it bears thumb impression purported to be that of Ritlal. It is dated 12th March 1965, i.e, long after Ritlal gave evidence before Tribunal. The letter is proved by Durgadutt. He states that this letter Ext. S was signed by Ritlal. He does not say that Ritlal was paid anything in consideration of the settlement. He does not either say that the contents of the letter written in English were explained in appropriate language to Ritlal. There is no signature of Ritlal and instead there is a thumb impression purported to be that of Ritlal. There are some witnesses named therein but none of the witnesses was examined to prove the authenticity of the record of Ext. S. In the absence of any evidence that Ritlal thumb impressed this document after having comprehended the contents of the English document, I am unable to place any reliance upon Ext. S, as a document of settlement. Ritlal is illiterate as will appear from the fact that he thumb impressed the document. Unless contents of the document were explained to him, the document cannot be used against him as evidence. The settlement of Ritlal is not proved. I am discarding Ext. S. in due regard to the fact that Ritlal had already given his evidence before the Tribunal pressing his claim.

I am therefore accepting the settlement of Serial Nos. (3) Shyamnath, (4) Kashinath, (8) Ram Sundar and (9) Sundar Ram who are not entitled to any relief under the reference. With regard to Ritalal I disbelieve record of settlement.

Now I will turn to the merits of the case. The individual cases are to be treated in two separate groups. Serial Nos. 1, 2, and 3 will fall in one group while serial Nos. 5 to 10 would fall in another group. I will take up the case of serial Nos. 1, 2, and 3 first.

According to the company these three persons received three charge-sheets. The first charge-sheet was on 31st August 1962, Exts. D, D(1) and D(2). They mention that due to the negligence of these three workmen Papad was not properly dried and they were packed in wet condition and damage was suffiered. Damage to property is the essence of the charge. They were sent under a certificate of posting and it is Ext. D (3). The certificate of posting says the address of the three workmen as 4 Sukhlal Johuri Lane. The letters were posted on 31st August 1962. The Union however denied having received the charge-sheets The second charge-sheet was issued to these three workmen on 4th September 1962. They are Exts. E(1), E(2) and E(3). The charge is that the damaged *papad* were ordered to be dried in sun shine but this order was not carried out. These charge-sheets were sent under certificate of posting Ext. E. It shows the address as 4 Sukhlal Johuri Lane and the date of posting is 4th September 1962. The Union denies having received these charge-sheets. The last charge-sheet is dated 7th September 1962. They are Exts. E(5), E (6) and E(7). They are to the effect that the workmen were asked to give account of the stock and handed over the books but they refused to do so, giving rise to the apprehension that money had been misappropriated. They were also sent by certificate of posting as will appear from Ext. E(4). Admittedly last charge-sheet was received by the workmen and was replied to. The explanation given by the workmen is Ext. 2, dated 8th September 1962. Thereafter admittedly no enquiry was held in respect of any of the charge-sheet. On 10th September 1962 dismissal letters were issued. The letters of dismissal are Exts. G(1), G(3) and G(5). They were sent by registered post Exts. G, G(2) and G (4).

Now the question is whether the said dismissal of the three workmen is justified. The Union submitted

that the first two charge-sheets, dated the 31st August 1962 and 4th September 1962, were not received and that the only charge-sheet that was served upon the workmen is the charge-sheet, dated the 7th September 1962, which was replied to in Ext 2. I have already pointed out that the first charge-sheet was sent under certificate of posting. Admittedly the workmen used to reside at 4 Sukhlal Johuri Lane. It should be presumed accordingly that the charge-sheets which were correctly addressed reached the workmen. It is significant to note that though two of the workmen, namely, Ramani and Ritlal were examined before the Tribunal they did not say in their evidence that the first two charge-sheets were not received by them. There is no denial on oath as against the presumption of service which arises from the certificates of posting. There is no earthly reason why the management would suppress those two charge-sheets. I accordingly hold that all the three charge-sheets were received by the workmen. Nevertheless there was no enquiry into any of the charges and the dismissal which related to all the three charges specifically mentioned in the letters of dismissal was without holding any enquiry. The matter is therefore open before the Tribunal and it is open to the company to prove on evidence before the Tribunal that the three charges on which the orders of dismissal followed are substantiated. The first charge is regarding spoiling of *papad*. Shri Durgadutt Agarwala gave evidence about the spoiling of *papad* by packing them up in wet condition. His evidence corroborated by the evidence of Shri Nandalal Agarwalla who stated that he purchased *papad* from Durgadutt Agarwala which was packed in wet condition. That *papad* was returned to Durgadutt. O.P.W.2 Shri Satyanarayan Agarwala has also a *papad* factory at the same premises and he gave evidence to the effect that he saw some quantity of *papad* was returned by the customers as they were wet and damaged. On this evidence it may be concluded that some quantities of *papad* got damaged due to packing in wet condition. But this does not necessarily prove the charge against the three workmen, namely, Buddhu, Ramani and Shyamnath. There is no evidence as to how these three workmen were singled out for the charge-sheets. There is no evidence that these are the three workmen who were given exclusive charge of drying and packing. If *papad* was packed in wet condition it would be the general responsibility of all the workmen unless there is some division of work among them. In the absence of any evidence as to division of work when the company singles out three workmen for charge-sheet for an act which cannot be exclusively allotted to them, I cannot but hold that this is not *bona fide* act. Had all the workmen being charge-sheeted on this ground I would have understood the action of the management. Inspite of the evidence adduced by the Company I am unable to say that the charge has been proved against the workmen.

I next come to the second charge, namely, drying of the wet *papad*. The evidence is of Durgadutt, O.P.W.1, which was corroborated by the evidence of O.P.W.2. According to O.P.W.2 Satyanarayan Agarwala the workers refused to dry the wet *papad* as ordered. If that is so, it is strange to note that instead of all the workmen were charge-sheeting all the workmen, only three workmen were sigled out for the charge-sheet. This is an action on the part of the management which strictly speaks of *malafide*. The evidence is not enough to prove that the thre workmen refused to carry out the order of drying.

Lastly regarding the charge-sheet that the workmen refused to render accounts, I should consider th explanation Ext 2. The explanation shows that it was Buddhu Koiri who used to render accounts. There is no evidence on the side of the management as to who was responsible for rendering accounts. It cannot be that the three workmen were exclusively responsible for accounts. According to the evidence of O.P.W.2, Satyanarayan Agarwala, Durgadutt Agarwala asked the workmen (obviously all the workmen) to give the account of stock but the workmen refused to comply with it. Moreover he wants to add that Durgadutt was abused and threatened with assault. If that is a fact then all the workmen would have been charge-sheeted on the ground of non-compliance of the order of rendition of accounts and the last charge-sheet would have added the fact that Durgadutt was threatened with assault and abused. The action of the management in particularising three workmen for charge-sheet cannot be consistent with the normal conduct and it indicates that the management proceeded against three workmen in a vindictive manner. The hasty action taken by the management shows a note of annoyance. The management, as the evidence of the Union Secretary Shri S. N. Pandey discloses, was angry with the workmen for their joining the Union it was anxious to penalise the workmen. The management's action was hasty and dismissal was resorted to without holding any enquiry in respect of the charges and this is a conduct which will reasonably give rise to the conclusion that the management acted in a *mala fide* manner.

The charges on which the dismissal was based in the case of Buddhu, Ramani and Shyamnath are not proved before the Tribunal.

But in the case of Shyamnath the claim had been adjusted and I have already recorded my finding to that effect. Shyamnath's case therefore need not be considered. Buddhu and Ramani, serial Nos. 1 and 2 are entitled to some relief which will be considered hereinafter.

Now I will take up the cases of serial Nos. 5 to 10 i.e. (5) Ritlal, (6) Sukdeo, (7) Sitaram, (8) Ram Sundar (9) Sundar Ram and (10) Baukelal. They were dismissed by letters Exts. J(1), J(3), J(5), J(7), J(9) and J(11) on 14th September 1962. Ground for dismissal stated in those letters is that the workmen joined in an illegal and unjustified strike and as a result of which the management had to suffer severe loss. The case of the management is that for the period from 8th September 1962 to 13th September 1962, stay-in strike was resorted to by those workmen out of sympathy for the other three workmen who were dismissed. Strike is a lawful weapon in the hand of labour for enforcing their claim upon the management. Any and every strike will not be characterised as unlawful and unjustified. There is no evidence to prove that the strike resorted to by the workmen had been illegal. Attempts are being made to prove before the Tribunal that the workmen resorted to violance and as such the strike was illegal. If that was a fact the letter of dismissal would have mentioned the conduct of the workmen that they were violent or that they

obstructed the employer in entering the premises or did some act of mischief. Notices were issued to the workmen Ext. J series and same of which were hung up in the notice board. They will show that the management regretted the action of the workmen in refusing to work. So the only allegation against the workmen up to the date of dismissal was that they refused to join work and did not resume normal duties. These are the documents on which I can rely and hold that the workmen were not violent in their attitude. Had they exhibited any act of violent, it would have been invariably mentioned either in the notices Ext I series issued on 13th September 1962, or in the letters of dismissals issued on 14th September 1962. The management was obviously impatient. If there was strike for six days, it could not have been ground for dismissing the entire body of workmen. There was no charge-sheet against the workmen for refusal to do work nor any enquiry but they were dismissed forthwith. The act of dismissal in such a case is an extreme step taken by the management and such an act cannot but be described as victimisation. The dismissal of these workmen should be held to be unjustified.

Shri Maitra, appearing for the Company has submitted before me that since the nine workmen were accused in criminal cases under sections 341 and 448, I.P.C. and they were convicted therein, the action of the management should be held to be justified. The judgments are Exts. K series. The judgments, Ext. K series, show that the case under section 341 was not proved beyond all shadow of doubt. The accused persons were convicted under section 448, I.P.C. on the finding that they were unlawfully occupying the room of 4 Sukhlal Johuri Lane and it was with intention to annoy the complainant Durgadutt Aagrwalla. Accordingly the learned Magistrate ordered that since the occupation of the rooms was unlawful the accused persons are guilty under section 448, I.P.C. for criminal trespass. It is significant to note that the criminal trespass is not even mentioned in the letter of dismissal. That was no ground on which the workmen were dismissed. I cannot therefore enter into the finding in that respect which was never the subject matter of charge, even if I try to gather the charge from the letter of dismissal. I do not think that the judgment of the criminal court convicting the accused persons under section 448, I.P.C. would authorise me to come to the finding that the orders of dismissal were justified. In my considered opinion the dismissal of these workmen is not justified. Out of the six workmen, I have already found that serial No. (8) Ram Sundar and serial No. (9) Sundar Ram got their disputes adjusted with the management. They are entitled to no relief. To other workmen such as serial Nos. (6) Ritlal, (7) Sitaram, (6) Sukdeo and (10) Baukelal are entitled to some relief in this case.

Now the question is what should be the relief granted to them. All the workmen have been dismissed and the *papad* industry have been closed. Against this perspective reliefs are to be assessed. There is no point in awarding order of reinstatement or arrears of wages since the factory had no existence and the workmen could not have been reinstated. The entire business was closed for dismissal of all workmen. The wages and their length of services are described in annexure 'A' of the Union's written statement. I will assess the amount of compensation with due regard to the fact that it is a *papad* industry and the financial capacity of Durgadutt Agarwalla cannot be expected to be very much. In consideration of the length of service and the amount of wages and with due regard to the fact as to the paying capacity of the employer and the nature of the business run by him, I assess the amount of compensation roughly as follows :

| | | | Rs. |
|---|---|---|---|
| Sl. No. 1. | Buddhu Koiri | .. | 200 |
| Sl. No. 2. | Ramani Kahar | .. | 55 |
| Sl. No. 5. | Ritlal .. | .. | 65 |
| Sl No. 6. | Sukdeo .. | .. | 120 |
| Sl. No. 7. | Sitaram .. | .. | 60 |
| Sl. No. 10. | Baukelal | .. | 80 |

This is relief which the workmen are entitled to under this award which is to be implemented by the employer within 30 days of the publication of the award in the "Calcutta Gazette."

This is my award.

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri P. BASU, Bar-at-Law,
Judge, Sixth Industrial Tribunal, West Bengal

The State of West Bengal, by Order No. 1233-I.R., IR/8L-13(A)/64, dated the 29th January 1965, had referred to this tribunal for adjudication the following industrial dispute between Messrs. Sodepore Cotton Mills Ltd., P.O. Sodepore, 24-Parganas, and their workmen represented by Sodepore Cotton Mills Mazdoor Union, Mishra House, Barasat Road, P.O. Sodepore, 24-Parganas.

**Issue**

1. What relief, if any, the workmen are entitled to for the period of non-employment from 13th December 1961 to 26th December 1961?

After the service of the usual notice, I had directed the Company to put in their written statements and had granted time thrice to file the written statement. The Company, of course, did not appear and accordingly I had also written a letter intimating to them that they had not filed written statement and that if they did not appear by 18th June 1965, it would be presumed that the Company does not contest the claim of the Union. The Union also had not filed any written statement and on 18th June 1965 prayed for time to compromise the matter. Time was allowed to 2nd July 1965 and on that date, a petition for further time was filed on behalf of the Union. Time was allowed till 17th July 1965. Today, an application has been filed signed by the learned Advocate Shri Madan Saha and also by Shri Bishnupati Shukla, who is Assistant Secretary, Sodepore Cotton Mills Mazdoor Union. In that petition, it has been stated that the matter has been settled out of Court and payment has been made, and that in view of the settlement and payment, the Union does not want to proceed with the case. It has been prayed that a 'no-dispute' award may be passed.

I have considered the facts and circumstances and also the prayer made in the petition, it appears to me that in the facts and circumstances of the present case, a 'no-dispute' award should be passed. I order accordingly. This is my award.

The fall in the index number in the month of February was due mainly to fall in the prices of all varieties of dal, mustard oil, gur, onion, spices, firewood, and cowdung cakes.

The rise in the month of March 1965 was due mainly to rise in the prices of rice, fish, potato, brinjal, firewood, cowdung cakes and some items in the clothing group.

## PUBLIC SERVICE COMMISSION, WEST BENGAL

**General information relating to age concession, fixation of initial pay, etc., in respect of posts advertised by the Commission and instructions to candidates applying in response thereto.**

**General concession in age**

(1) (a) **For political sufferers:** A candidate who before 15th August 1947 was detained, imprisoned, interned or externed on account of his/her activities in connection with the country's struggle for independence, not being convicted of an offence indicating moral turpitude, shall be entitled to a concession in respect of the upper age limit. The concession granted will be equal to the exact period of detention, imprisonment, internment or externment suffered up to a maximum of four years.

(b) **For Scheduled Caste/Tribe candidates:** The upper age limit is relaxable by five years for candidates belonging to Scheduled Castes/Scheduled Tribes.

**Fixation of Pay**

(2) (a) **For persons already in permanent Government service:** If a permanent Government servant is permitted to apply and is selected for a post in open competition with outsiders, the initial pay will be fixed under rule 42 or 55 of the West Bengal Service Rules, Part I, as the case may be. If, however, such a recruit is prepared to resign his appointment under Government, before applying he will be eligible to the grant of higher initial pay on the same basis as an outsider.

(b) **For a temporary Government servant having no lien on any post under the West Bengal Government when appointed to a post carrying higher scale of pay:** Such an officer shall be eligible to draw as initial pay at the stage of the time-scale in the higher post which is equal to his pay in the lower post, or if there is no such stage, the stage next below that pay plus personal pay equal to the difference, to be absorbed in future increments in the higher scale, provided that he has already rendered at least three years' continuous and satisfactory service in the lower post. The aforesaid benefit of fixation of pay will not, however, be available in the following cases:

(i) when the Commission has made a specific recommendation regarding the pay to be allowed to the officer;

(ii) when under any specific rule such an officer is allowed a higher initial pay.

(c) **For outsiders:** Unless otherwise specified in a particular advertisement higher initial pay on the basis of age, qualifications and experience (including experience outside Government service) may be allowed to a person not already in Government service, if the relevant advertisement contains a provision to that effect.

**Instructions regarding submission of application**

(3) Applications are to be made on the prescribed form which will be available from the office of the Public Service Commission, West Bengal, Anderson House (ground floor), Alipore, Calcutta-27, personally or on sending a large self-addressed envelope with stamps sufficient to cover the postage affixed to it. Candidates who are unable to obtain copies of the prescribed form may apply on any similar typed (not handwritten) form showing exactly the wording and spacing of the sample form published in the "Calcutta Gazette" of the 1st September 1955, provided the blanks are filled up in the candidates' own handwriting.

**Particulars and certificates required**

(4) Candidates should furnish evidence of their age, qualifications and previous experience together with certificates written not more than one year prior to the date of their applications, from responsible persons, testifying to their private character.

The Commission accepts only the age of a candidate as recorded in the Matriculation or the Secondary School Final/Leaving Certificate. In the case of a female candidate whose age is not recorded in the Matriculation or School Final Certificate, any of the following evidence of age is accepted by the Commission

(1) A certificate from the Headmistress of the School, which she last attended, showing her exact age as recorded in the school register.

(2) An affidavit regarding her age sworn by her father or mother or some other person in a position to know by having been present or heard of her birth at the time of occurrence.

(3) A certificate regarding her age, from a Member of the Legislature or a gazetted officer, who must have known the candidate and her family indicating clearly the evidence on the basis of which he/she satisfied himself/herself on the point.

**Fee**

(5) Candidates must enclose with their applications a fee of Rs. 5 in the form of a receipted chalan from a Government Treasury or the Reserve Bank of India under the head "XXI—Miscellaneous—Receipts of the Public Service Commission, West Bengal". Money orders cheques, etc., in lieu of treasury chalans are not accepted. Postal Order, however, may be accepted from candidates. They should be crossed and made payable to "The Deputy Secretary, Public Service Commission, West Bengal". No application will be considered unless accompanied with the requisite application fee.

Candidates abroad may deposit their application fees with the High Commissioner of India or the Embassy, as the case may be, and obtain receipts for the same, which will have to be attached to their applications to be submitted to the Commission.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers.

**In no case will the fee paid with the application be refunded.**

**Note:** A member of the Scheduled Caste or Scheduled Tribe claiming age concession must furnish with his application a certificate in original from a gazetted officer or a Member of Parliament or State Legislature belonging to the Scheduled Caste or Scheduled Tribe, specifying the particular caste or tribe to which he claims to belong.

**Address**

(6) Candidates should give their present address and should communicate at once any subsequent change of address.

**Canvassing**

(7) Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendation from persons interested in the candidates or otherwise known to them will be disregarded.

**Forwarding of applications and submission of advance copies**

(8) Applications from candidates who are in permanent or temporary employment under any Government, a local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service.

Candidates serving under Government or a local or Statutory Body should submit an advance copy in the prescribed form. The application fee should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not however be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. Unless applications in original or advance copies with application fees are received within the closing date, late applications may be rejected.

## AWARD

By order No. 3708-I.R./IR/8L-9/63, dated the 3rd September 1963, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Fitwell Hosiery Corporation, 105/2 Ultadanga Main Road, Calcutta-4 and their workmen represented by Hosiery Workingmen's Union, 66 Sovabazar Street, Calcutta-5, regarding the matters specified in the Schedule to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication

**Issues**

1. Whether the dismissal of Sarbasri (1) Kesab Chandra Dey, (2) Benoy Kumar Chowdhury, (3) Harinarayan Das, (4) Sunil Kumar Dey, and (5) Sunil Kumar Das is justified ? To what relief, if any, are they entitled ?

2. Whether the retrenchment of Sarbasri (1) Gobindalal Das, (2) Loknath Basak, (3) Biswoswar Saha, (4) Birendra Chandra Das and (5) Anil Kumar Kundu is justified,? To what relie f,if any, are they entitled ?

This is a reference under section 10 of the Industrial Disputes Act, 1947, made by the Government of West Bengal, in the Labour Department, for adjudication of some industrial disputes existing between Messrs. Fitwell Hosiery Corporation, 105/2 Ultadanga Main Road, Calcutta-4 (hereinafter be referred to as the Company) and their workmen represented by Hosiery Workingmen's Union, 66 Sovabazar Street, Calcutta-5 (hereinafter be referred to as the Union).

Immediately after receipt of the reference notices were issued to the parties who duly entered appearance and filed statement of the case and written statement. Thereafter preliminary steps were complied with by the parties and the case was ready for hearing. The learned Advocates representing both the parties were heard at length. Ten workmen were involved in the dispute under reference. Five of them were retrenched by the company and the other 5 were dismissed from services. Gobindalal Das is a retrenched workman. According to the company that workman has already accepted his retrenchment compensation and other legal dues. (Paragraph 16 of the written statement). The union does not deny this fact. On the contrary, it has informed the Tribunal that it does not want to press the claim of this workman Gobindalal Das. The Union at the time of hearing of the case pressed the claims of the remaining 9 workmen excluding that of Gobindalal Das. Individual case of these 9 workmen was placed in detail before the Tribunal by the learned Advocates of both parties. Ultimately, however, the parties could come to an amicable settlement of the dispute in respect of all the workmen excepting Gobindalal Das whose claims no longer pressed by the Union. According to the company his claim has also been settled out of the Tribunal, and he has already accepted his legal dues from the company. Both parties have filed before this tribunal a joint petition of compromise on 31st July 1965 incorporating the terms of settlement.

I have gone through the joint petition of compromise and considered the terms of settlement. Regard being had to the facts of the case as presented before me by the parties, I have no hesitation to accept the terms as fair and reasonable. Accordingly I make an award on compromise in terms of the joint petition which is made a part of and an annexure to the compromise award.

This is my award.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri AMBICA PADA BHATTACHARYA, Judge, Second Industrial Tribunal.

By order No. 217-I.R.-IR-7L-48(A)/64, dated Calcutta, the 16th January 1965, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Angus Jute Co. Ltd., and their workmen represented by the Thomas Duff Group Jute Works Employees' Union for adjudication regarding the issue contained in the order of reference.

**Issue**

Whether the termination of service of Sarbasri Apudu and Narsing is justified ? To what relief, if any, are they entitled?

This is a reference under section 10 of the Industrial Disputes Act. The case of two workmen, namely, Sarbasri Apudu and Narsingh are raised in the reference. They were permanent workmen of Messrs. Angus Jute Company. Their services were terminated on 15th February 1963 on the ground of misconduct.

The relevant facts alleged in the written statement of the Union are Apidu was the Secretary of the Works Committee and Narsingh was member of the Works Committee. Both of them are Assistant Secretaries of the Union. The two workmen were victimised by the company. They were arrested under Defence of India Rules on 21st November 1962 and detained in jail. On that very day both of them applied for leave. Subsequently on 31st January 1963 they put in fresh applications for leave for a period of four months of the fact that they were in police custody. The company instead of granting them leave, terminated their service on 15th February 1963. The absence of the two workmen was beyond their control and the termination is not justified. The Union submitted that the workmen were not guilty of the charges mentioned in the letter of termination. There was no charge-sheet given to the workmen nor any opportunity of meeting the charge. The action of the management was an act of victimisation because the two workmen were affiliated to All India Trade Union Congress which was not looked upon with favour by the management.

The Company filed written statement challenging the allegation of victimisation and up holding the termination on the ground that the workmen absented themselves from work for an indefinite period and their services have been terminated on the strength of the Standing Orders which provides that absence without leave for more than 10 days is a misconduct for which disciplinary action can be taken by the management.

Appearances of the parties are as follows—

For the Company: Shri N. Das Gupta, Advocate and Shri J. K. Ghosh, Advocate of Messrs. Orr Dignam & Co., Solicitors.

For the Union: Shri Patit Paban Pathak.

**Decision**

The facts are more or less admitted. Apudu and Narsing were permanent workmen of the company. Their services had been terminated on 15th February 1963 and the letter of termination will show the reason of termination. It was continued absence for an indefinite period. The admitted facts are both the workmen were arrested under Defence of India Rules on 21st November 1962. Both of them applied for leave on that very day on the ground that they were suddenly arrested by the police and taken into custody. The reason was not known to them. A further application for leave was submitted on 31st January 1963 wherein it was prayed that they might be granted leave of absence for four months with effect from 22nd November 1962. The Company refused the prayer contained in the application of leave and issued the letters of termination, dated 15th February 1963. Now the question is whether the said termination is justified. The parties exhibited documents but none of the parties adduced any oral evidence. Mr. Pathak on behalf of the Union argues with considerable emphasis the case of victimisation. It is argued that the two workmen were arrested under Defence of India Rules at the instance of the company and it was the Company which was instrumental in moving the machinery of law falsely against them. The written statement is however silent on this point. It is nowhere stated that the Company was instrumental in getting the two workmen arrested under Defence of India Rules. In paragraph 2 of the written statement it is simply stated that the two workmen became victims of a conspiracy in which cCompany was a party and the workmen were arrested under Defence of India Rules. Even if I accept that the pleading is one of victimisation in the manner argued before me, the onus is upon the Union to prove that there had been such a conspiracy in the matter of arrest as alleged. The Works Committee passed a resolution to the effect that one day's wages should be donated to National Defence. This was obviously a step for raising of funds for war effort for the Defence of India. This resolution is Ext. 1, dated 10th November 1962. A petition Ext 1(f) was filed subsequently by a number of men (22 persons) against several other persons (16) workmen of the Company wherein it was stated that those persons were indulging in Anti-State activities. They were hampering war efforts. That is the allegation. From this application it cannot be said that this was an application made at the instance of the Company. No such argument can be found upon it

in the absence of evidence to connect the Company with the said application. Besides Apudu alias Apru and Narsing many other persons were named in the petition. There had been Defence of India Rules cases. One of such cases was against Apru and Narsingh. The Judgement is Ext 1(f) of the learned Magistrate. The learned Magistrate acquitted them of the charges after an elaborate discussion of the evidence. In the evidence discussed by the Magistrate it transpired that some witnesses of the prosecution belonged to Indian National Trade Union Congress while the accused persons belonged to All India Trade Union Congress. Those two Unions are rival Unions. From the judgement or from any other evidence I cannot conclude that the management had been responsible or instrumental in either starting the prosecution or supporting the same. Victimisation by starting the prosecution is not proved on any evidence.

I will now proceed to discuss the law with reference to this particular case. The Staning Orders provide that a workman may be dismissed for misconduct and one of such misconduct is provided in section 14(c)(v). It runs thus—

> "Habitual absence without leave or absence without leave for more than 10 days".

Admittedly these two workmen were absent without leave for more than 10 days. It is true that they applied for leave but the leave was not granted by the management. The leave was rightly refused by the management as the workmen were under police custody in connection with Defence of India Rules which can last for an indefinite period. The absence of the two workmen being for an indefinite period, the leave applied for was rejected for good reason. I cannot say that the action of the management had been unreasonable in that respect. It is true that the management did not issue any charge-sheet or give any opportunity to the workmen to answer the charge of absence for more than 10 days though the standing orders clause (c) of section 14 provides for such opportunities. In the present case this omission on the part of the management is not serious or fatal to the case. In a case reported in 1958, I. L. L. J. page 260, Hon'ble Supreme Court on the strength of a previous decision reported in 1957, 1, L. L. J, page 235 came to the decision that the refusal of leave in such circumstances should be left to the discretion of the employer and the absence of charge-sheet or want of opportunities did not vitiate the decision. The relevant portion of the judgement may be quoted.

> "The same principle should apply in the present case. It is true that the arrested men were not in a position to come to their work, because they had been arrested by the police. This may be unfortunate for them, but it would be unjust to hold that in such circumstances the company must always give leave with an application for leave is made. If a large number of workmen are arrested by the authorities in charge of law and order by reason of their questionable activities in connection with a labour dispute as in this case, the work of the Company will be paralised if the Company is forced to give leave to all of them for a more or less indefinite period. Such a principle will not be just; nor will be restore harmony between labour and capital or ensure normal flow of production. It is immaterial whether the charges on which the workmen are arrested by the police are ultimately proved or not in a court of law. The Company must carry on its work and may find it impossible to do so if a large number of workmen are absent, whether in such a circumstances leave should be granted or not must be left to the discretion of the employer. It may be readily accepted that if the workmen are arrested at the instance of the Company for the purpose of victimisation and in order to get rid of them on the ostensible pretext of continued absence the position will be different. It will then be a colourable or mala fide exercise of power under the relevent standing orders; that, however, is not the case here".

Similarly, in the present case I may say that workmen who were arrested under Defence of India Rules and kept in custody for an indefinite period cannot challenge the action of the management if they refuse leave for a long or indefinite period. If however the workmen were arrested at the instance of the Company for the purpose of victimisation and in order to get rid of them on the ostensible pretext of continued absence, the position would have been different. In that case the termination would have been held to be mala fide. In the instant case there is no evidence to prove that the workmen were arrested under Defence of India Rules at the instance of the Company and the termination is more or less an ostentible pretext for getting rid of those two workmen. There may be rivalry between the Unions but the management cannot be readily connected with the same. In the absence of any cogent evidence, I cannot say that the action of the management in terminating the service of two workmen was mala fide. It is true that eventually the workmen were acquitted but that is immaterial for the purpose of termination as has been pointed out very clearly in the above-quoted judgement of the Hon'ble Supreme Court.

In the result, the termination of service of the two workmen must be held to be justified.

This is my finding.

Taken at my dictation and corrected by me.

**In the matter of an industrial dispute between Messrs. Lakshmi Oil Mills, 242/1 Upper Circular Road, Calcutta-4 and their workmen represented by the Union of Oil Mill Workers, 12/13 Cowies Ghat Road, Sibpur, Howrah. (G.O. No. 3593-IR, dated 17-8-1964). (VIII—215/64).**

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA

Present :

Shri R. BHATTACHARYA, M.A., LL.B.
Judge, Fourth Industrial Tribunal

For the Union : Shri N. Das, Advocate.

For the Firm : Shri S. C. Sen, Advocate.

The present dispute under section 10 of the Industrial Disputes Act arises out of Government of West Bengal, Labour Department, order No. 3593-I.R./IR/15L-13/64, dated the 17th August 1964. The parties are Messrs. Lakshmi Oil Mills, (hereinafter referred to as the Firm), 242/1 Upper Circular Road, Calcutta-4, and their workmen represented by the Union of Oil Mill Workers, (hereinafter described as the Union), 12/13 Cowies Ghat Road, Sibpur, Howrah. The issue for adjudication is as follows :

> Whether the prolonged suspension of the workmen as per list attached is justified? To what relief, if any, are they entitled?

The copy of the list referred to in the issue has been made a part of this award as Annexure "A".

In short, the case of the union is that 60 workmen mentioned in the order of reference have been illegally suspended without any reasonable ground and without making any arrangement for holding any domestic enquiry. Out of the sixty persons only 49 workmen were charge-sheeted and the remaining persons were not at all served with any charge-sheet. It has been stated by the union that the long suspension from 1958 to upto the present time is a case of unfair labour practice and victimisation.

The case of the Firm, on the other hand, appearing in its written statement is that previously there was a reference by the government on the allegations that the workmen were dismissed but ultimately, in that reference both the parties agreed that, in fact, there had been no dismissal. Consequently, the Industrial Tribunal found that the reference as formulated was not maintainable. In the written statement it has been stated from the side of the Firm that after the said award by the Sixth Industrial Tribunal in 1962 the Firm passed the order of dismissal on the basis of the enquiry held against the charge-sheeted persons but as the addresses of the workers could not be traced, the copies of the letter of dismissal were sent to the Secretary of the Union. As the dismissal orders have already been passed, the question of alleged prolonged suspension of the workmen cannot be considered. In the written statement the Firm further has stated that the Union does not represent any workmen of the Firm. In short, the Firm wants to say that all the persons mentioned in the order of reference were charge-sheeted, that the enquiries were held against them and that they have been properly dismissed. Several documents have been exhibited on both the sides. Six witnesses were examined on the side of the Union and only one witness was examined by the Firm.

The main question is whether the long period of suspension of the workmen mentioned in the order of reference is proper and justified. In this case the previous award passed by the learned Judge of the Sixth Industrial Tribunal has been filed and it will appear in Ext. A, the "Calcutta Gazette" at page 3760. The date of the award is 19th October 1962. The names appearing in that order of reference are the same as mentioned in the reference before me. In the previous reference the issue was whether the management was justified in dismissing the workmen in question but at the time of hearing it was admitted that, in fact, no order of dismissal was passed against any of the workers. In the circumstances, the learned Tribunal disposed of the reference as not maintainable. The question of res judicata does not arise because in the present reference the issue is whether the prolonged suspension is justified. At the time of hearing Shri Sen, learned Advocate for the Firm, contended that in the meantime, however, after the disposal of the previous reference the Firm dismissed all the workmen. Shri Das, learned Advocate for the Union, however, contended that the union did not admit that any order of dismissal was, in fact, passed or whether any letter of dismissal was issued to or received by any of the workmen. Ultimately, however, it has been agreed by both the sides that the present reference is not affected by the alleged order of dimissal because I am to see whether the suspension of the workmen was justified. I will, however, not consider the case of dismissal on merits, but I may incidentally consider the facts and circumstances of this case and also the conduct

of the Firm relevant for the purpose of and connected with the question of suspension.

It is to be noted at the very outset that in the list attached to the order of reference no name appears in serial No. 9. From the copy of the list of workmen appended to the previous reference it also appears that no name appears as serial No. 9. Ext. 6, the award of the learned Sixth Industrial Tribunal also shows that no name appears in serial No. 9. In fact, therefore, 59 names of workmen have been given. From the perusal of the written statement filed in the present reference and from the argument advanced from the side of the Firm at the time of hearing, it appears that the case of the Firm is that the persons mentioned in the order of reference were all workmen of the Firm and that they were all charge-sheeted and dismissed. In the previous reference both the sides filed their written statement and the copies of those written statement have been taken in evidence by Ext. D is the written statement filed on behalf of the union in the previous reference whereas Ext. E was the written statement filed by the Firm in that case. In paragraph 3 of Ext. E the definite case of the Firm was given. It was stated in that case that out of 60 workers mentioned in the order of reference, those mentioned in serial Nos. 54, 55, 56, 57, 58 and 60 were not workers of the mill, that Dhanugopal Saha, serial No. 46 in the list, was repeated in serial No. 59 of the list, and that, Harimati Dassi mentioned in serial No. 29 of the list though not charge-sheeted or suspended at any time, was removed from the Register of the mill on account of unauthorised absence. The clear case of the company in the previous reference was that the remaining 52 workers, serial Nos. 1 to 28 and 30 to 53, had been properly charge-sheeted and suspended. The case of the company in that reference further was that on the basis of the enquiry report they had been found guilty of the charges and decisions had been taken to dismiss them but as the reference was communicated to the Firm, no formal dismissal order could be passed. In the present case on perusal of the written statement of the Firm and upon hearing of the argument advanced from the side of the Firm, I find that the Firm wants to say before me that all the persons mentioned in the order of reference were workmen of the Firm, that they were all charge-sheeted and that they were all dismissed by letters issued by the Firm. The copies of the letter of dismissal will appear in Ext. 1 series, showing that 57 persons out of 60 were given dismissal letters. The witness appearing on the side of the Firm does not on oath say that the workmen mentioned in the order of reference were not employees of the Firm. On the evidence adduced before me, and the story set up by the Firm at present show that the previous story of the Firm that some of the workmen mentioned in the order of reference were not employees of the Firm is clearly false and unacceptable. On the evidence I am satisfied that the name Dhanugopal Saha appearing in serial Nos. 46 and 59 is a repeatation and that it is the name of the same person. This being my finding and in the absence of any name in serial No. 9 of the list attached to the order of reference, I hold that practically there are 58 persons before me and that I am to consider their case in the present reference. I find that these 58 persons were workmen of the Firm at the time of suspension. Admittedly, however, these 58 persons were not allowed to work on and from 25th January 1958. I shall now consider the propriety of the order of suspension passed against the workmen in some details. The first question arises as to the number of workmen who were charge-sheeted by the Firm. This fact becomes relevant in connection with the question of the order of suspension. The Firm's case is that the workmen were suspended in connection with the charge-sheet. The Union has filed several chargesheets marked Ext. 1 series, Ext. 6, series and Ext. 8 series. The Union wants to say that these were the charge-sheets issued to the workmen and that no other charge-sheet was issued to any other person. Some copies of the charge-sheet have been filed in this case by the Firm along with the written statement of the Firm marked Ext. E which was filed in the previous reference. These charge-sheets do not bear the name of any worker. They are not, therefore, the true copy of the charge-sheets alleged to have been issued by the Firm. Besides these copies of charge-sheet, no other copy of the charge-sheet has been filed by the Firm in the case before me. No postal acknowledgement receipts or the certificates of posting have been filed in this case to prove that any such charge-sheet was sent to all the 58 workmen mentioned in the order of reference. One witness has been examined by the Firm. He is the Assistant Secretary of the Firm. From the evidence of this witness it appears that he is a worthless witness. He got records in his office and he found Ext. F and Ext. I series but he cannot say anything about the important documents of the present case. He says that he wanted to find out old records of the case but he could not find them. At the same time he says that Ext. F and Ext I series he found. He does not say anything about the copies of the charge-sheet. No. competent witness has been examined on the side of the Firm to prove that, in fact, all the 58 persons were charge-sheeted. No explanation has been given as to why the charge-sheets could not be produced in this case. There is no satisfaction and reliable evidence that those documents have been stolen away or that they are missing. It appears from the evidence of O.P.W.1 that one Shri Banerjee has been appointed to look after the case but he does not appear and give any evidence. However, the absence of the copies of the charge-sheet not filed by the Firm will certainly go against the management. In the circumstances of this case I will accept the evidence of the Union which has filed same charge-sheets received by the workmen. In view of the evidence I am to hold that out of the persons mentioned in the order of reference only those mentioned in serial Nos. 3, 12, 22, 25, 28, 34, 35, 36, 39, 48 and 49 and some others and not all the persons mentioned in the reference were charge-sheeted. In the previous case the Firm stated that Harimati Dassi (serial No. 29) was not charge-sheeted and that her name was removed from the register as she was a regular absent worker. In the present case, however, the Firm wants to say that she was also charge-sheeted. In the previous reference the case of the Firm was that the persons mentioned in serial Nos. 54, 55, 56, 57, 58 and 60 were not the workmen of the Firm and that their names did not appear in the register. In the present case the Firm wants to say that they were also charge-sheeted. It is clear, therefore, that in the present reference the Firm made an attempt to give false story showing that all the persons mentioned in the order of reference were charge-sheeted. This attempt

to set up a new story in the present reference shows the mala fide movement on the part of the Firm. The Tribunal has got to be very cautious to accept the evidence of the Firm when it has been made clear that the movements of the Firm are not bona fide in some direction and when it is making some endeavour to set up a false story to make up some latches observing in the previous reference. In view of my finding regarding the issue of charge-sheet without going to the further evidence, it may be stated that the order of suspension passed against the remaining workers, who were not charge-sheeted was unjustified. The company has failed to prove that all the persons were served with charge-sheets.

The next question is whether there is prolonged suspension. In this case the admitted position is, as I also find, that the workmen mentioned in the order of reference were suspended by the Firm on and from 25th January 1958. This suspension continued for a long period. The Union says that it is still continuing whereas the Firm says that it has been terminated with the order of dismissal passed against the workmen. Of course, as I have already indicated, I am not going to decide the question of dismissal as alleged by the Firm on merits. But incidentally I can consider the conduct of the Firm in the matter of suspension. The Firm has filed several copies of order of dismissal marked Ext. 1 series. In the previous reference the Firm stated that some of the persons named in the list did not belong to the Firm but, according to Ext. I series, the Firm has accepted those persons as workmen and the Firm wants to say that the dismissal letters have been served on the Union. The Firm has produced a document alleged to be signed by some person on behalf of the Union showing receipts of sixty letters of dismissals. The person whose signature appears on Ext. 2 has not been examined by the Firm. O.P.W.1 has stated that he has no personal knowledge about the service of letters. His evidence is that one Hafi Jamadar of the Firm served the order of dismissal on the workmen. Hafi Jamadar has not been examined in this case and no reason has been assigned why the Firm has not produced him before this Tribunal. Nobody has come to prove the genuineness of Ext. F(2). O.P.W.1 has stated that Hafi Jamadar served the order of dismissal on the workmen but Ext. F(2) shows that the letters were sent to the Union. Ext. G is a copy of the letter written to the Labour Commissioner by the Firm. In this letter it has been stated that the dismissal letters have been sent to the Union office as the addresses of the workers were not with the Firm. That this story that the addresses of the workers were not with the Firm is a falsehood would be evident from the charge-sheets exhibited on the side of the Union. In these charge-sheets the addresses of the workmen have been given. I hold, therefore, that the Firm knew the addresses of the workers and that there was no occasion of the Firm to send letters of dismissal to the Union. Charge-sheets were sent under certificate of posting. The orders of dismissal could have been sent in the similar way. It is very difficult for me to believe that the orders of dismissal were sent either to the Union or to the workmen. It is difficult for me to believe that the letters of dismissal were, in fact, issued.

The case of the Firm is that the charge-sheeted workmen were suspended pending enquiry. I will now consider whether, in fact, there had been any enquiry against any of the workmen. This question becomes very important to ascertain the conduct of the Firm in the matter of suspension. In the previous reference the Firm in its written statement stated that an enquiry had been completed before the written statement had been filed and that the workmen had been found guilty of the charges. It was further stated that the Firm had already decided to dismiss the workmen. Ext. E is the copy of the written statement of the Firm in the previous reference. It is dated 13th March 1959. In the present case also the Firm in its written statement has stated that on the basis of the enquiry the Firm passed the order of dismissal against the workmen. The Union in its written statement has stoutly denied that the Firm had held any enquiry at all. It is curious to note that the Firm has not filed any paper to show that, in fact, enquiry had been held. No records of the enquiry proceedings have been produced before this Tribunal. O.P.W.1, the only witness on the side of the Firm, has stated that he does not know about the documents on which the letters of dismissal were passed. Nobody has come forward from the side of the Firm to explain the non-production of records of the enquiry in this Tribunal. In the circumstances of this case I have reasons to believe that, actually, there was no enquiry against the workmen and the story of holding the enquiry is unacceptable.

The argument from the side of the Firm is that the suspension of the workmen was prolonged due to the making of references to the Tribunals by the Government. It has also been argued that as references were long pending before the Tribunals, the Firm could not pass any order of dismissal against the workmen and, therefore, the suspension of the workmen was prolonged. I will now consider how far this argument is acceptable. Ext. A is the "Calcutta Gazette" containing the previous award, dated 19th October 1962. From the award it is clear that the dispute was at first referred to the First Labour Court by the Government by an order, dated 18th September 1958, and that the Labour Court was abolished by the notification, dated 11th July 1960. Thereafter the Government again sent a fresh reference to the Sixth Industrial Tribunal by an order, dated 25th July 1960. That reference was ultimately disposed of by the Sixth Industrial Tribunal by an order, dated 19th October 1962. Admittedly, in January 1958 the workmen were suspended. The first reference was made by an order, dated 18th September 1958. The Firm had sufficiently long period to complete the enquiry and dispose of the proceedings against the workmen within two or three months. In any view the enquiry proceedings could have been disposed of finally before the first reference was actually made. There is no evidence before me to show why the Firm took such a long time in the matter of enquiry or to dismiss the workmen if they were really guilty. It is to be noted that either in the written statement or in the evidence it has not been stated when actually enquiry took place. Rather, nobody has come from the side of the Firm to say on oath that, there had been an enquiry against the workmen. I have already stated that the previous reference was disposed of by the Sixth Industrial Tribunal on 19th September 1962. The present reference was made by Government by an order, dated 17th August 1964. According to the Ext. I series, the workmen were dismissed by a letter, dated 8th January 1963. Of course, I do not accept the genuineness of these letters of dismissal. A long period, more than two months, passed after the first award. It was published in the "Calcutta Gazette" dated 6th December 1962. The Firm did not immediately

after the publication of the award in the *Calcutta Gazette* dismiss the workmen. All these circumstances mentioned above will clearly go to show that the conduct of the Firm in the matter of suspending the workmen was most unreasonable, improper and highly shocking to the conscience. The action of the Firm in suspending the workmen was *mala fide* and without any justification. This is a case of victimisation and unfair labour practice. The Firm wanted that the workmen should suffer for want of employment and earnings and the order of suspension was motivated by ill-feelings towards the workmen.

There is another fact which should be mentioned. The Firm has not adduced any evidence to show that there is any Standing Order of the Firm according to which order of suspension may be passed pending enquiry against any charge-sheeted workmen. Shri Sen, learned Advocate for the Firm, has submitted at the time of argument that the Firm does not possess any such Standing Orders. There is no evidence before me to show that any of the workmen before me was a source of even apprehension of danger in course of any enquiry or during work inside in factory or that there was any necessity for suspending any of the workmen especially in view of the fact that it took a pretty long time to dispose of the charge-sheet-proceedings against the charge-sheeted persons. If the Firm had the genuine apprehension that there was possibility of long delay in the matter of disposal of the proceedings against the charge-sheeted persons, the workmen could have been allowed very reasonably to continue their work in the meantime. I am convinced in this case that the Firm deliberately prolonged the order of suspension against the workmen with ulterior motive in order to harass the workmen. This act on the part of the Firm is undoubtedly illegal, improper and unjustified.

After my finding that the prolonged suspension against the workmen in question was unjustified, the next question that arises relates to the relief to be given to the workmen. Admittedly, the workmen were suspended without wages. When the suspension order becomes unjustfied and liable to be set-aside, the normal relief that should be awarded to the workmen is that they should all be entitled to their due wages for the period of suspension. In the case before me, I find that the previous references were pending before the Labour Court and the Tribunal for long periods. There is, of course, no evidence before me that in the meantime the workmen were doing any service elsewhere. On giving my best consideration to the facts and circumstances of this case, I hold that each of the workmen in question shall get from the Firm, for the period of suspension, one year's wages at the rate at which the wages were last drawn.

Before I finally dispose of this matter I shall mention that at the time of argument there was no challenge against or denial about the fact that the present dispute was an industrial dispute and that the Union had the authority to represent the workmen.

The award is accordingly passed.

**In the matter of an industrial dispute between Messrs. Eastern Traders Syndicate, 6 Muralidhar Sen Lane, Calcutta-7 and their workmen represented by the Glass Blowers Union, 14/2C Nirode Behari Mullick Road, Calcutta-6. (G. O. No. 4301-IR, dated 17th September 1964) (269/64).**

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA

Present:

Shri R. BHATTACHARYA, M.A. LL.B.,
Judge, Fourth Industrial Tribunal

For the Union : Shri N. Das, Advocate

For the Company : Shri K. K. Moitra, Advocate.

The present dispute between Messrs. Eastern Traders Syndicate, 6 Muralidhar Sen Lane, Calcutta-7 and their workmen represented by Glass Blowers Union, 14/2C Nirode Behari Mullick Road, Calcutta-6, arises out of the Government of West Bengal, Labour Department, Order No. 4301-IR/IR/1L-78(A)/64, dated the 17th September 1964. The issue for adjudication is as follows:

Whether the refusal of employment to the following workmen is justified? To what relief, if any, are they entitled?—

(i) Shri Gyan Ch. Saha.
(ii) Shri Dhirendra N. Sarkar.
(iii) Shri Gopal Ch. Sil.
(iv) Shri Santi Ranjan Das.
(v) Shri Sudhir Ch. Das.
(vi) Shri Bomkesh Saha.
(vii) Shri Kanai Kabachi.
(viii) Shri Probodh Ranjan Saha.
(ix) Shri Benoy Krishna Paul.

In short, the case appearing in the written statement of the Glass Blowers Union (hereinafter referred to as the Union), is that Messrs. Eastern Traders Syndicate (hereinafter described as the Company), issued a notice, dated 31st January 1964, to the nine workmen mentioned in the order of reference intimating that they would not be given further work until the aforesaid notice was satisfactorily replied to by the workmen and that the workmen were not permitted to join work on and from the 1st of February 1964. The workmen concerned replied to the notice on 3rd February 1964 denying the allegations made by the company. Thereafter the company on receipt of the reply issued letters to the workmen intimating that the company had nothing to do with them unless they apologised for their guilt. The company did not ultimately give any work to these workmen. It has been alleged by the union that the company did not hold any enquiry into the charges made against the workmen and that the workmen were not given any opportunity to place their case. The allegation of the union is that the said nine workmen have been thrown out of employment by the company most arbitrarily with mala fide intention violating the principles of natural justice. The prayer of the union is that the said workers may be reinstated in their position with all their back wages.

The Company has also filed a written statement. Its case is that the workers of the company are not members of the union, that the union does not represent a single worker of the company, that the present dispute is not an industrial dispute, that the present reference is not maintainable as the company had been closed down before the reference was made, that there was no refusal of employment as mentioned in the order of reference, that the workmen in question were dismissed from service as they had committed gross misconduct, that charge-sheets were issued to the workmen and that as the workmen declined to express regret for their misconduct, their dismissal is justified. It has been alleged by the company that the nine workmen in question conspired together and following that conspiracy they assaulted the Manager, Shri Ajit Kumar Das, on 31st January 1964 inside the factory. They also abused Shri Das. Shri Das suffered from pain all over his body and received swelling on his left eye. On the very day the workers were charge-sheeted and put under suspension pending disposal of the case. The charge-sheeted persons denied the charges brought against them but they were given opportunity to express regret for what they had done. The workmen did not express any regret and ultimately the workmen were dismissed from service by a letter, dated 19th February 1964, without holding any enquiry. No enquiry could be held as there was high tension prevailing at that time inside the factory.

In this case the union has examined as many as nine witnesses whereas the company has examined five witnesses on its side. Several documents have been exhibited on both the sides.

The first point taken at the time of hearing from the side of the company is that the present dispute is not an industrial dispute. Shri Moitra on behalf of the company has submitted that the present union does not represent the workmen of the company. He has, of course, admitted that there is no substantive evidence on the side of the company to say that the workmen

of the company do not belong to the Glass Blowers' Union or that there is no such union in the company. P. W. 1 has stated that he worked in the company and that he is a member of the union. He has produced certain receipts showing payment of subscriptions given to the union. P. W. 2, another worker of the company, has stated that he is also a member of the union. He has also produced certain receipts showing his membership. P. W. 5 has also stated that he is a member of the union for several years. Similarly, P. W. 6, P. W. 7 and P. W. 8 have stated that they are the members of the Glass Blowers' Union. P W. 9 is one of the workers mentioned in the order of reference. He has also stated that he is also a member of the union. He has further stated that almost all the employees of the company were members of the union. P. W. 3 is the Assistant Secretary of the Union. His evidence is that the union represents 44 Glass Blowers factories. Admittedly, the company before me is also a Glass Blowers factory. The evidence of this witness is that for the last 6 or 7 years the union has been representing the workers of the company. From his evidence we get that 60 or 70 workers are employed by the company and that out of those, about 58 or 60 workmen are members of the union. He has also produced a Membership Register of the union which has been marked Ext.6. O. P. W. 3 is the Manager of the Company. Nowhere in his evidence does he say that no worker of the company belongs to the Glass Blowers' Union. O. P. W. 4 is an employee of the company. This witness does not also say that the union does not represent the workmen of the company or that none of the workers is a member of this union O. P W. 5 is another employee. He also does not challenge the status of the union. On consideration of the evidence on record adduced on the side of the union, both oral and documentary, and in the absence of any evidence to the contrary, on the side of the company, I hold that an appreciable number of workmen of the company were members of the union and that the union has authority and status to represent the workmen of the company. Shri Moitra, however, is conscious about the absence of evidence on the side of the company. His only argument on this point is that there were two previous reference before this Tribunal wherein the union and the company were the parties and that in those two references this Tribunal held that the union had no *locus standi* to represent the case of the workmen of the company. The contention of Shri Moitra is that the question of representation by the union is hit by the principles of res judicata. The awards of the previous two references have been marked Ext. G and Ext. G(1). Admittedly, in those two references the company and their workmen represented by the union were parties. Ext. G(1) is an award relating to a different dispute between the company and their workmen and the said reference was made by an order of the Government, dated 30th September 1963. Ext. G is an award relating to a dispute between the company and its workmen in respect of a different issue arising out of an order of the government, dated 12th March 1964. The said previous two references related to two different issues over some occurrence that took place at two different points of time. There can be no doubt whatsoever that the present reference before me is concerned with a new issue over some event occuring at a subsequent time. Of course, in the previous two references in order to ascertain whether the disputes were industrial disputes, this Tribunal considered the evidence adduced on that point, and the finding was that the disputes were not industrial disputes as there was no sufficient and reliable evidence to prove that the union represented the workmen of the company. I think Shri Moitra's contention about res judicata in the present case is misconceived and unacceptable. First of all, the issues in the three references are quite distinct. Next, the occurrences for which the disputes arose for the three references are also quite different. Lastly, the Tribunal is to see whether at the relevant time when the alleged occurrences took place and for which the reference has been made, the union supporting the case of the workmen really represented the workmen and is still representing them in the present issue. It is not unreasonable to hold that a particular union represented the workmen of a particular company at some particular time, but it does not mean that the union should for all the time to come will represent the workmen. It may similarly happen that the union might not have represented the workmen of a particular company previously but subsequently it represented the said workmen. In this view of the matter it cannot be stated that as this Tribunal in earlier references found that there was no sufficient evidence to hold that the union represented the workmen of the company, in the present reference also without considering the evidence on record the Tribunal should blindly follow the earlier decision on the question of representation. The circumstances have changed and reliable evidence has been adduced in the present case. In this connection I am to consider Ext. 3, the copy of the memorandum of settlement on a dispute between Messrs. Eastern Traders Syndicate and their workmen represented by the Glass Blowers' Union. This settlement is dated 20th January 1965, two days before the filing of the written statement by the company in this case. From the perusal of this document it is clear that even in August 1964, the union raised a dispute on behalf of the workmen of the company and that the dispute was ultimately settled on 20th January 1965. There is no manner of doubt that the company admitted the union as the representative body on behalf of the workmen. This settlement is admitted from the side of the company at the time of argument. It has not been denied from the side of the company during the evidence. The story of the company that the union does not represent the workmen of the company is unacceptable. Shri Moitra on behalf of the company has been asked by me to explain this Ext. 3. But he has avoided by saying that Ext. 3 should not have been considered by this Tribunal. In the facts and circumstances I, therefore, hold that in the present case the union has locus standi to represent the workmen of the company and that the workmen of the company are members of the union. I am also satisfied that the present dispute is an industrial dispute and that the question of res judicata does not arise in the present case. From the side of the company the case reported in 1961, F. L. R., Vol. II, Part 7 at page 362 has been relied upon but that case does not apply in the facts and circumstances of the case before me.

The next point that has been canvassed from the side of the company is that the reference is not maintainable as the factory of the company is not in existence. It has been argued by Shri Moitra that the factory has been closed after the dismissal of the workmen in

question in 1964. P. W. 3, the Assistant Secretary of the Union, has stated that the company is still functioning at 6 Muralidhar Sen Lane, Calcutta, and that it entered into an agreement with the union. The copy of the agreement is admittedly Ext. 3. As against the evidence of the union there is no reliable evidence on the side of the company to prove the non-existence of the company. O. P. W. 3 is Shri Ajit Kumar Das who was the Manager. Nowhere does he say that the company or the business has been closed down or that the factory is no longer in existence. O. P. W. 4 who was an employee of the company has made an attempt to say that the factory is not there. This statement has not been supported by any reliable corroboration. On receipt of this reference from the Government, notices were issued to the parties and it appears from the acknowledgment receipt that the company received the notice of this reference on 26th September 1964. The letter was admittedly addressed to the Eastern Traders Syndicate at 6 Muralidhar Sen Lane. There is no evidence to say when actuallly, if at all, the company was closed down or when the factory became non-existence. On the other hand, Ext. 3 clearly shows that even on 20th January 1965 the company entered into an agreement with the union representing its workmen and that in Ext. 3 the address of the company has been given. Ext. 3 clearly shows that even in January 1965 the company was in existence. I hold that the story of non-existence of the company or factory is unacceptable.

It has been next argued from the side of the company that the issue mentioned in the order of reference is not appropriate in the facts and circumstances of this case and, therefore, the workmen are not entitled to any relief. It has been contended that the nine workmen mentioned in the order of reference were dismissed from service but in the order of reference the issue does not relate to dismissal from service. Refusal of employment has been made the issue in the present case. Shri Moitra wants to say that dismissal is not the same as refusal, and as the workmen have been dismissed, this Tribunal cannot consider the question of refusal of employment because, in fact, no refusal of employment has been made by the company. I cannot also accept this line of argument of Shri Moitra. According to Chambers Dictionary "refuse" means "to decline to give or take". According to Oxford Dictionary "refuse" means "reject". The word "refusal" naturally means act of refusing. The word "employ" according to the Chambers Dictionary means "to give work to" and according to the Oxford Dictionary it means "to keep at work" or "use service of". The "employment", therefore, means act of employing. "Dismiss" according to the Oxford Dictionary means "discharge" or "release". According to the Chambers Dictionary "dismiss" means "to remove from employment " or "reject". Let us now see the case of the parties before me. The union says that along with the notice, dated 31st January 1964, the nine workmen were intimated that they would not be given further work and since then the workmen were not given any work by the company. The company did not hold any enquiry into the charges and the workmen were not given any opportunity to defend themselves. It has been stated by the union that the workmen concerned have been thrown out of employment due to illegal and high-handed action of the company. The union has, therefore, prayed that the workmen may be reinstated with all back wages. The company, on the other hand, has stated in the written statement that the workmen committed misconduct and they were placed under suspension on and from 31st January 1964 pending disposal of the charge-sheets. Ultimately, the company dismissed them by a letter, dated 19th February 1964. It is clear that the case of the union is that the workmen have not been allowed to work and that they have been thrown out of employment. On consideration of the meanings given in the dictionaries and the stories set up by the parties before me, I do not find any distinction between "refusal of employment" and "dismissal from service". Practically speaking, they convey the same meaning in the facts and circumstances of the present case. I will certainly consider the cases of the respective parties with reference to the evidence adduced before me, and I will certainly consider whether the refusal of employment by the company in respect of the nine workmen either by way of dismissal or suspension or otherwise is justified. The issue as framed in the order of reference is in order, and the reference is maintainable.

The last submission from the side of the company is that on merits also the dismissal of the charge-sheeted persons should be held justified. Admittedly there was no enquiry. It has been contended by both the sides that in the absence of domestic enquiry this Tribunal should see whether the charges framed against the delinquents have been proved. Ext. 8 is the copy of the order of acquittal passed against the eight of the charge-sheeted persons by the Presidency Magistrate in a case started by Shri Ajit Das. The charges were under sections 323, 325 and 504 of the Indian Penal Code. The order relates to some offences under the Penal Code. Both the sides have agreed about the proposition of law that the charges framed against the delinquents may be enquired into in spite of the order of discharge or the order of acquittal passed by any Magistrate in any Criminal Court. In the present case the charge framed against the workmen involved in the case will appear in Ext. E. In short, the allegation is that the workmen entered into the office of the Manager, Shri Ajit Das, while the latter was on duty and abused and assaulted him. Ext. F is the letter of complaint signed by Shri Das. This is dated 31st January 1964, the date of occurrence. Ext. E also is dated 31st January 1964. The replies to the charge-sheet given by the workmen will appear in Ext. D series. Some of the delinquents alleged that it was Shri Das who had assaulted them when the workmen went to have discussion with him regarding some grievances. However, all the workmen denied the allegations that they committed any misconduct. O. P. W. 1 is the Assistant Sub-Inspector of Calcutta Police who on 31st January 1964 at about 3.20 p.m. recorded a General Diary about a telephonic information he received. The General Diary has been marked exhibit. This witness sent the Head Constable to the place of incident. This witness has further stated that at about 4.45 p.m. the Head Constable came back with Ajit Das and he recorded a further entry. That entry has also been exhibited. O. P. W. 2 is the Head Constable. He says that he went to the Company's office and found Ajit Das in his office. Several books were lying here and there. He also noticed broken

glasses and he took Shri Das to the thana and an injury was found on the left eye of Shri Das. O. P. W. 3 is the Manager himself. He has named the workmen in question as the persons who entered into the office one after another and surrounded him. He has further stated that Gopal Sil abused him and slapped him on his left cheek. His further evidence is that Kanailal Kabashi fisted him near his left eye causing bleeding injury. He was unconscious for some time. Kishore Chakraborty, Girin Chakraborty and Ramani Dey gave first aid to him. He was taken to the thana and sent to the Medical College Hospital. He attended the Emergency Department and he has proved the hospital ticket, marked Ext. J. He was also examined by the Surgical Department and the relevant ticket is Ext. J/1. He was also examined at the Orthopaedic Department of the Hospital. The ticket is marked Ext. J/2. Ext. J/2 shows that Shri Das was advised strapping of chest. O. P. W. 3 has stated that plastering was done. O. P. W. 4 is Krishna Kishore Chakraborty who has supported O. P. W. 3 on material particulars. Similarly Girin Chakraborty has corroborated the story of Shri Das. On the side of the union eight of the workmen in question have been examined. P. W. 1 is Provat Ranjan Saha. He says that he does not know anything about any incident regarding Shri Das alleged to have taken place on 31st January 1964. His evidence is that Shri Das did not start any criminal case against him. Krishna Kishore Chakraborty and Girin Chakraborty have named Shri Saha as one of the miscreants. I find nothing to disbelieve them. In Ext. F, the letter of complaint written on the date of incident, shows that Shri Saha was one of the miscreants. He was charge-sheeted on the very day. I reject the evidence of P. W. 1 . P. W. 2 is Gopal Sil. He has denied the allegation that he along with others surrounded Shri Das and assaulted him. No independent evidence has supported him as against the witnesses examined by the company. It is to be noted that in the reply to the charge-sheet he stated a story that Shri Das assaulted one Jnan Babu and abused him when Gopal Sil was discussing with Shri Das. During evidence, however, Shri Sil does not say anything about such story. P. W. 4 is Kanailal Kabashi. He has denied the allegations made in the charge-sheet. He does not say anything about any incident of 31st January 1964. P. W. 5, Santi Ranjan Das, has stated that the allegations appearing in the charge-sheet were false. He is also silent about the incident that took place on 31st January 1964. Bomkesh Saha, P. W. 6, has made similar statement. He has denied the suggestion that he surrounded Shri Das and assaulted him. Benoy Krishna Paul, P. W. 7, has given vague evidence like other workmen. P. W. 8, Sudhir Das, has made similar statement. The last witness of the Union is P. W. 9, Dhirendra Nath Sarkar, one of the charge-sheeted workmen. He does not now remember what he had stated in reply to the letter, dated 5th February 1964. He has, however, said that the allegations made in the charge-sheet were false. On consideration of the oral evidences of all the witnesses examined by the Union and the company, I am convinced that the witnesses on the side of the union have suppressed truth. Some of the workmen who set up a story of assault by Shri Das on some workmen on 31st January 1964 have now given evidence before me posing as if they are not aware of any incident taking place on 31st January 1964. They have given a good-bye to the previous story. They now want to say that they were not at all present in the office of Shri Das on 31st January 1964. I find that the injury of Shri Das was severe and the same would not have been caused by any scuffle. It has been proved that delinquents came in-a-body to the office of Shri Das with common intention and, in fact, the assault was made on Shri Das acting under the same and common intention of all the charge-sheeted persons. It is clear, therefore, that all the nine persons were guily of the charge. The witnesses wanted to say that they did not receive any letter of dismissal. The letter of dismissal is Ext. B. Ext. B-1, Ext. B-2 and Ext. B-3 will show that the letters of dismissal were sent under the certificate of posting. The correctness of the addresses given has not been challenged before me. I have no doubt that the letters of dismissal in due course reached to the charge-sheeted workmen.

On giving my best consideration to the facts and circumstances of this case, I hold that the dismissal of the nine workmen, that is to say refusal of employment to these persons by the company, was justified, proper and legal. The workmen, therefore, are not entitled to any relief. Before I part with this award I should mention one fact. In the order of reference Probodh Ranjan Saha has been named in sl. No. 8 Provat Ranjan Saha is the correct name not Probodh Ranjan Saha. From the evidence of this witness it is clear that the name Probodh Ranjan Saha mentioned in the order of reference is a palpable mistake for Provat Ranjan Saha. The union has known this mistake and Provat Ranjan Saha has been examined before me. The company, however, has not raised any objection with regard to this name. In the circumstances I hold that this type of clerical mistake may be over-looked.

In view of my findings above, I decide the present reference against the workmen.

The relevant case of the Union as set forth in its written statement and pressed at the hearing is briefly as follows :

The concerned workmen were first appointed in the Motor Department of the Company's factory at Ghore Bibi Lane, Calcutta-11, on different dates in 1957, as shown in paragraph 1 of the written statement, and all of them excepting Barkhu (serial No. x) were piece-rated workers. Barkhu was a monthly-rated worker with daily wages of Rs. 2.87. The piece-rated workers were earning Rs. 7.00 to Rs. 8.50 per day as minimum. They were getting production bonus every month and also annual bonus amounting to not less than one month's wages before Durga Puja. They were also enjoying the privilege of annual increment according to the system of the factory. They were and are members of the Orient Fan Mazdoor Union. They were covered by an agreement, dated 30th August 1959, between Orient General Industries Ltd., 6 Ghore Bibi Lane, Calcutta, and their workmen represented by Orient Fan Mazdoor Union. In November 1959, the Management decided to shift the Motor Department to a new site at 111/1 Barrackpore Trunk Road, and all workmen of the Motor Department in the factory at Ghore Bibi Lane, including the present concerned workers were directed to report for duty at the new factory with effect from 1st December 1959. The workers accordingly reported for duty in the new factory and since then they are working here. All the workmen who were sent to the new factory for work remained the workmen of Orient General Industries Ltd., 6 Ghore Bibi Lane, for all purposes. They were granted a daily travelling allowance of 50 nP per head for the change of their working place from Ghore Bibi Lane factory to the new factory at Barrackpore Trunk Road. A new Management developed at the new factory and the new Management claimed itself to be completely separate from the Management conducting the business at 6 Ghore Bibi Lane. After the transfer of the workmen of the Motor Department to the new factory, certain existing privileges enjoyed by them were gradually curtailed inspite of protests from them. Piece-rated workers were put on daily rates, which resulted in reduction of their earning. They were deprived of production bonus. Moreover, bonus equivalent to one month's wages paid to them in the year 1960 was subsequently deducted from their wages. In view of this curtailment of their existing privileges, disputes were raised by the workmen and the present concerned workmen took initiative and lead in raising the disputes before the Labour Commissioner. This enraged the Management, which tried to get rid of the concerned workmen by way of victimisation. In pursuance of the policy of victimisation, the new Management charge-sheeted all the present concerned workmen, excepting serial Nos. (ix) Habibar Rahman and (x) Barkhu on 16th November 1961 for slowing down production. The charge was completely false, concocted and *mala fide*. The workmen replied to the charge-sheets denying the charge. Then on 19th February 1962 the new Management again charge-sheeted all the present workmen excepting serial No. (i) Jadulal Bhaumick, for sleeping on duty. This charge was completely false concocted and *mala fide*. The workmen replied to the charge-sheets denying the charge. Thereafter, the new Management dismissed all the concerned workmen with effect from 13th February 1962 on the basis of the aforesaid charges without any enquiry and in violation of the principles of natural justice. The dismissals were all illegal, *mala fide*, vindictive and without jurisdiction.

The Company has filed its written statement in reply to the Union's written statement. The relevant case put forward by the Company and pressed at the hearing may be briefly summarised as follows.

The concerned workmen were employed in the Motor Department of the factory at Ghore Bibi Lane and they were appointed in 1957. It is not denied that the concerned workmen are working in the new factory at Barrackpore Trunk Road since 1st December 1959, but it is alleged that this Management has no knowledge

as to under what circumstances the notice regarding shifting them to the new factory for work was given. It is also denied that after they were shifted to the Barrackpore Trunk Road factory for work, the concerned workmen also remained workmen of the factory at Ghore Bibi Lane for all purposes. It is admitted that after the shifting they were given 50 paise per head, but it is denied that this amount was given on account of travelling allowance and it is alleged that this amount was given as personal allowance for attendance at the new factory. The factory at Barrackpore Trunk Road, Baranagore, started as a new establishment for manufacture of motors, dynamos, etc. and the name and style of the factory is Orient General Industries Ltd., Factory No. 2. The concerned workmen joined the factory as new employees so far as the present Management was concerned and they accepted the terms offered to them by this Management, save and except that their past services were recognised by giving credit for the period of their service in the Ghore Bibi Lane factory. So far as the alleged agreement between the Orient General Industries Ltd., 6 Ghore Bibi Lane, Calcutta-11, and their workmen represented by Orient Fan Mazdoor Union is concerned, the execution of the agreement is admitted by the Company. It is denied that gradually a new Management developed in the present factory at Baranagore and it is contended that this establishment has no unity of management or control with the factory at 6 Ghore Bibi Lane and this factory functions separately and independently as a separate unit under Orient General Industries Ltd., 6 Ghore Bibi Lane, Calcutta. The Management of the factory is from the very inception of the factory a separate and independent unit from the management of the factory of Ghore Bibi Lane. There was no curtailment of the existing privileges of the workmen of the Motor Department, as alleged by the Union in its written statement. It is not correct to say that the workmen were put on daily rates with the result that their earnings were reduced. The allegation that the concerned workmen were deprived of production bonus is neither admitted nor denied. It is also contended that during the Puja holidays, some money was paid as advance, not as bonus, in order to provide the workmen with more credit facilities for the Puja celebration and this advance was realised from the workmen in accordance with the terms upon which it was paid. It is denied that the concerned workmen took initiative and lead in the matter of raising disputes before the Labour Commissioner regarding curtailment of their existing privileges. The Company was never motivated by any spirit of victimisation and had never recourse to anything unfair or illegal against the concerned workmen. The charges of slowing down production and sleeping on duty contained in the charge-sheets, dated 16th November 1961 and 19th February 1962, were not false, vindictive, *mala fide* and concocted, as alleged by the Union. The workmen were not dismissed without any enquiry and in violation of the principles of natural justice, as alleged by the Union and the dismissals were not illegal, *mala fide* and vindictive. The Management acted legally and within its authority in dismissing the workman and the dismissals were justified and *bona fide*. The Union and the concerned workmen are not entitled to any relief.

I first take up the case of 8 concerned workmen, serial Nos. i to vi, viii and xi, in connection with the charge of "going slow" against them. According to the Company one joint enquiry was held regarding the charge of "going slow" in respect of those workmen and two others, who are not covered by the present reference. I leave out for the present serial No. (vii) Sachin Nath Sarkar, who was admittedly not a party to the alleged joint enquiry of 24th November 1961. His case is to be dealt with separately. The charge-sheets for going slow are admitted by the workmen and they are covered by Exts. 2, 4, 6, 8, 10, 12, 14, 16 and 20 on the Company's side and Exts. C series on the Union's side. There was a joint reply to the charge-sheets by all the concerned workmen. The reply is Ext. 32/D1. The charge-sheets were dated 16th November 1961 and the joint reply was submitted on 20th November 1961. Each charge-sheet was accompanied by a comparative statement purporting to show slowing down of production by the concerned workmen during the period of slow-down mentioned in the charge-sheet. In the joint reply (Ext. 32/D(1), the workmen denied that they had slowed down work and challeged the production figures given in the statements attached to the charge-sheets as completely incorrect and contended that the Company deliberately quoted false figures in order to make out cases against the workmen. Exts. F, F(2) to F(9) are the notices issued to the workmen for the enquiry proposed to be held on 24th November 1961. These otices have not been disputed. In the notices, it was stated that Shri D. Mukherjee, Development Engineer, would hold the enquiry. In the written statement filed on behalf of the Union, there is clear denial of any enquiry on 24th November 1961. I am, however, satisfied from the evidence that really an enquiry regarding the charge-sheets for going slow against the aforesaid 8 concerned workmen, and two others not covered by the present reference, was really held on 24th November 1961 by Shri Dilip Mukherjee. P.Ws. 4 to 6 Shri Bimal Kumar Chakravarty (Sl. No. iii), Shri Monilal Das (Sl. No. viii) and Shri Naresh Chandra Das (Sl. No. xi), are the only three concerned workmen covered by charge-sheetes for going slow who have given evidence in the present case and there are indications in their evidence that Shri Dilip Mukherjee held some enquiry concerning their charge-sheet for going slow. They have not, however, admitted that there was a thorough enquiry with opportunities given to them to defend themselves against the charges, as alleged by the Company. P.W.4 Shri Bimal Kumar Chakrabartty has made the following statements regarding the enquiry: "No enquiry was held regarding the charge-sheets. Only Shri Dilip Mukherjee, Engineer of our Department, came to us one day and asked whether we were giving less production and doing less work. Shri Birla and Shri Khemka came to our Department, but they did not give evidence. * * * Dilip Mukherjee wrote something in some papers in English and asked us to sign the papers saying that our matters would be settled. We signed the papers at his words, though we did not know English. * * * 10 workmen were present when Dilip Babu came. * * * Dilip Babu had some oral talks with us, but he did not record anything then. Subsequently, he came with some written papers." P.W. 5 Shri Manilal Das has made the following statements in his evidence: "After we submitted our replies, Dilip Babu came one day to the factory and asked us why the production was falling and we denied that we had slowed down work. After this, he came to

us with a written paper and asked us to sign it saying that it would be for our benefit. We signed the paper at his word." P.W. 6 Naresh Chandra Das has the following statements in his evidence: "Dilip Babu came to our Department for enquiry. No other worker of the Company gave evidence before Dilip Ganguly (?) Mukherjee that we had slowed down work. * * * I signed some papers produced by Dilip Mukherjee". It is clear from the statements of the aforesaid witnesses that Dilip Babu did hold some sort of enquiry and they put their signatures in some papers produced by Dilip Babu. As against this, there is the clear evidence of Dilip Mukherjee (O.P.W.1) and he has testified that he held the enquiry from 24th November 1961 to 27th November 1961 with a break on 26th November 1961, and all the 10 workmen attended the enquiry proceedings on these dates and the statements of witnesses and other proceedings of the enquiry were dictated by him to one Shri Sharma who recorded them in longhand, and then he (the E.O.) signed on every page and the workmen also signed the proceedings. He is supported by the recorded enquiry proceedings, Ext. H, which show that the 8 concerned workmen whose cases are now being discussed, attended the enquiry proceedings and put their signatures in the recorded proceedings and evidence, both oral and documentary, were produced on behalf of the Company and this evidence was recorded and the Company's main witness, Shri Durgadas Karmakar, the Supervisor of the concerned Department, was cross-examined by a number of concerned workmen. The recorded proceedings also show that the Company's evidence was recorded first and then the concerned workmen were examined and their statements were recorded and they were cross-examined by the Company's representative. It further appears that the Company's production books for the relevant period now marked Ext. I series were produced at the enquiry and were thoroughly checked by the E.O with reference to the production statements supplied to the workmen along with the charge-sheets in presence of the concerned workmen and according to him, the production statements supplied along with the charge-sheets were correct except in respect of one item relating to Chakradhar Behara (Serial No. iv). Durgadas Karmakar, the Supervisor of the concerned department, was practically the main witness for the Company at the enquiry. He has also given evidence before this Tribunal He has also stated in his present evidence that Dilip Babu held the enquiry regarding the charge-sheets for going slow. I have no hesitation to hold upon the evidence produced before this Tribunal concerning the holding of the enquiry from 24th November 1961 to 27th November 1961 in respect of aforesaid 8 concerned workmen regarding the charge-sheets for going slow that the enquiry was held after due notice to the concerned workmen and in their presence and with their participation and they were given full opportunity to defend themselves against the charges and it was a thorough and scrutinising enquiry fully in consonance with the principles of natural justice. The admitted signatures of the concerned workmen in the recorded enquiry proceedings is an important fact supporting the position that the enquiry was held as per the recorded proceedings. I am unable to believe the present explanation of the workmen that though no enquiry was held they put their signatures on some papers produced by the E.O. at his word. The plea is unnatural and highly improbable. Ext. H(1) is the enquiry report containing the findings of the E.O. According to the E.O., the concerned workmen showed fall in production and they took considerably more time in doing some particular works than what they used to take before adopting 'go slow' tactics. He has given reasons in support of his finding in his report. This finding has been challenged as perverse and baseless on behalf of the workmen before me. My attention has been drawn to the statement of Durgadas Karmakar (O.P.W.3), the Supervisor of the concerned Department, in his evidence before this Tribunal to the effect that there is no circular or notice fixing the quota of production of the workers on daily rates, and it has been contended that when there is no fixed quota of production of the workers on daily rates, there was no ground whatsoever for accusing these workmen of going slow. Durgadas Karmakar has also made the statement that the standard of outturn is assessed by taking the average work done by each workman. It appears in the present case that the charge of going slow was preferred against these workmen on the basis that compared to their previous production, they were taking much more time in executing particular jobs during the period covered by the charges against them. In other words the basis of the charge of go-slow was increase in average time taken by the workmen in executing a particular job. In my view, if it is found that a particular workman is consuming much more time in executing a particular job for a particular period as compared with the time of execution of the same job by him for a previous period, there may be sufficient ground for saying that he has gone slow and if it is found that it is not an isolated case of a particular workman but a number of workmen have similarly gone slow, there may be reasonable ground for believing that a particular body of workmen has deliberately decided upon a "go slow" policy resulting in the lowering of production. Accordingly, I cannot dismiss the charge of going slow against these workmen straightaway as perverse and baseless simply because of the admission of Shri Durgadas Karmakar that there is no fixed standard of outturn of work for each workmen. As to the average time taken by the concerned worker in executing a particular job before and after the go-slow period, the Company has relied upon the production registers, Exts. I series. I have already indicated above that the E.O. checked the registers with reference to the production statements attached to the charge-sheets and found them correct, except in the case of one item relating to Chakradhar Behara. I see no reason to disbelieve the production registers, Exts. I series and the evidence of the E.O. The Union has made a strong plea that the production registers are not the only documents of production, but during the relevant period, a job card used to be maintained for each workman and the job card showed the day to day work of each workman but the Company has deliberately withheld the job cards, because if produced, the job cards would falsify the production registers. P.W. 3 Shri Bimal Chandra Chakrabarty has produced the job card (Ext. 50), stating that this is his job card signed by Jogneswar Mitra. Jogneswar Mitra is the Head Mistri of the Department. On behalf of the Company, it is strenuously denied that at the relevant period there was any system of issuing job cards to the workmen. In a joint letter, dated 23rd November 1961 [Ext. G(1)], the workmen, demanded some documents from the Company including job cards. The Company replied in its letters (Exts.

G(2) to G(ii)) that all relevant documents would be produced at the enquiry. After this, job cards were first mentioned in the Union's affidavit for production of documents by the Company filed before this Tribunal on 15th July 1963. The Company, in its reply, denied existence of job cards during the relevant period. The affidavit was sowrn by one Brojomohan Prosad, who described himself as the Assistant Welfare Officer of this factory. The Union's affidavit for documents was sowrn on 15th July 1963 and the Company 's affidavit in reply was sowrn on 25th July 1963. There was no reference to the job card in their joint reply to the charge-sheet and there was also no reference to the job card in the written statement of the Union filed in the present case. This omission is, to my mind, very significant and takes away much ground from the strong reliance now placed by the workmen on the alleged job cards for the relevant period. The Union filed a long list of documents upon which it intended to reply on 23rd April 1963. But, there was no mention of any job card at all in this list, though now one job card is produced and relied upon as a very important document on the side of the Union and for the withholding of which the Company is charged with *mala fide* concealment of its won material document. I have examined the job card, Ext. 50, produced by Bimal Chakrabarty when he was giving evidence on 8th January 1964. It is very significant that no other job card has been produced by any other workman examined as a witness and there is no explanation for this. After having regard to all the aforesaid facts and circumstances, I am unable to accept the job card (Ext. 50) produced for the first time by Bimal Chakrabarty when he was giving evidence as a reliable and *bona fide* document and I am unable to hold on the basis of this job card that the Company has withheld the job cards which were really in vogue during the relevant period. In my view, the Company's documents of production cannot be held to be believed simply because of the production of the alleged job card, Ext. 50.

It appears from the evidence of Shri Durgadas Karmakar that the workers started to go slow in works since June or July 1961, and they were at first verbally spoken to about the matter by him and then when this produced no effect, warning letters were issued to them. Exts. G (12) to G (19) are the warning letters all dated 7th July 1961. The Company issued the charge-sheets for "going slow" on 16th November 1961. It cannot be said, therefore, that the Company suddenly and abruptly conceived the idea of issuing charge-sheets to these workmen for going slow in work. No doubt, it is an undisputed position that these workmen were formerly employed in the Company's Narkeldanga factory (Ghore Bibi Lane factory) and from there, they are transferred to Baranagore factory and some disputes arose between the Company and the Union about the applicability of all the terms and conditions of service in Narkeldanga factory to their service in Baranagore factory and some of these disputes were carried up to the Labour Directorate and ultimately referred for adjudicaton. In fact, one such adjudication is also pending before this Tribunal. Raising of industrial disputes is not an unnatural or abnormal matter nowadays and it cannot at once be said that the Company is actuated by a *mala fide* motive of victimisation simply because some industrial disputes are raised by workmen through their Union. Apart from this general position, there is no sufficient evidence before me from which I can hold definitely that the concerned workmen took any leading, active or aggressive part in relation to the disputes which arose between the Company and its workmen after their transfer from Narkeldanga factory to Baranagore factory. None of the concerned workmen appears to be occupying any responsible official position in the Union. There is, therefore, no sufficient ground for holding that the Company was actuated by any *mala fide* motive against the workmen because of the disputes which arose between the Company and its workmen after their transfer from Narkeldanga to Baranagore factory and so, the Company hit upon a plan of victimising these workmen and the charge-sheets for going slow were issued against them in line with this plan. The Company cannot be accused of want of good faith in respect of the charge-sheets or the enquiries held in respect of them. I have already held above that the enquiries were held in the presence and with the participation of the workmen and the procedure adopted was substantially in accordance with the principles of natural justice. The E. O. found the workmen guilty of the charges and this finding was materially based upon the production registers (Ext. I series). I have gone through the enquiry proceedings. I have already referred to the fact that the E. O. examined and verified the production registeres with reference to the copies of production statements issued with the charge-sheets and excepting the case of one item relating to Chakradhar Behara, he found agreement between the production statements and the production registers. After giving a careful consideration to the proceedings of the enquiry and the materials produced before the E. O. and also after carefully perusing his enquiry report, I cannot but hold that he had sufficient materials before him for holding the charges as proved against the concerned workmen and his view of the materials placed before him or his final conclusion cannot be said to be baseless or perverse.

In consideration of all the facts and circumstances discussed above, I finally hold that the Company was not guilty of want of good faith or any motive or spirit of victimisation or unfair labour practice in issuing the charge-sheets for going slow against the workmen and following up the charge-sheets with a domestic enquiry and that the enquiries was held fairly and properly in accordance with the principles of natural justice without any basic error and the conclusion reached by the E. O. on the basis of the enquiry was not baseless or perverse. In view of these findings, this Tribunal must accept the result of the enquiry and consequently the dismissals of the concerned workmen on the basis of the enquiries as proper and and justified. This finding covers the cases of workmen who were dismissed as a result of the enquiry regarding the charge-sheets for going slow which started on 24th November 1961 and continued up to 27th November 1961 and these are all the workmen charge-sheeted for going slow, except Sachin Sarkar (sl. No. vii). In other words, the concerned workmen covered by the above finding are workmen bearing sl. Nos. (i) to (vi), (viii) and (xi).

I now take up the case of Sachin Sarkar (sl. No. vii) in respect of the charge of going slow against him.

Ext. T is his charge-sheet with production statements, Exts. T(1) and T(2). Ext. 32/D (1) is the joint explanation in respect of this charge submitted by him and 8 other similarly charged workmen whose cases have already been dealt with above. It is an admitted position that the notice to this workmen regarding the enquiry fixed for 24th November 1961 could not be served upon him and so he did not appear at the enquiry held on 24th November 1961 to 27th November 1961. Ext. A is a copy of the notice to this workman informing him that the enquiry regarding him would be held on 11th January 1962 by one Shri B. K. Bhattacharjee. Ext. P(2) is the workman's reply to this letter asking for postponement of the enquiry proposed to be held on 11th January 1961. The Company by its reply, dated 11th January 1962 (Ext. R), informed the workman that in compliance with his request, the enquiry was adjourned to 13th January 1962 and would be held on that day. The workman received this letter, but in reply [Ext. P(1)], he again asked for postponement of the enquiry. It is to be noted that this workman had been asking for postponement of the enquiry on the ground that he had not yet got necessary papers. The Company by its letter, dated 13th January 1962 [Ext. A (1)] finally informed the workman that it was not prepared to postpone the enquiry any further stating that the charge-sheet, dated 16th November 1961, had been received by him on 17th November 1961 and he would be given ample opportunity to scrutinise the documents and relevant papers in connection with the charge at the enquiry and to cross-examine the witnesses for the Company, if any, and accordingly advised the workman to attend the enquiry fixed for 13th January 1962. In these circumstances, the enquiry was held on 13th January 1962 by Shri H. R. Saboo (P. W. 5), an officer of the Company. The workman did not appear at the enquiry. The enquiry officer, Shri H. R. Saboo waited for the appearance of the workman who was at that time working in the factory and finally, he sent the slip [Ext. M (2)], to the Supervisor of the Department, Shri Durgadas Karmakar, requesting the Supervisor to send the workman to him for the enquiry. Durgadas Karmakar (O. P. W. 3) has testified that he got the slip from Shri Saboo, but the workman refused to attend the enquiry and so he returned the slip with an endorsement to that effect. Ext. M(2) contains an endorsement to the effect that the workman refused to attend the enquiry. After this, the enquiry was held *ex-parte* by Shri Saboo and was concluded on the same day. Ext. X is the recorded enquiry proceedings and Ext. X(1) is the enquiry report. By a letter, dated 15th January 1962, the workman protested against the conduct of the Management and asserted that if any enquiry was held *ex-parte* it would be illegal, *mala fide*, without justification and not binding upon him. It is now contended on behalf of this workman that the Company was not at all justified in holding the enquiry on 13th January 1962 *ex-parte* and the enquiry was not at all fair and proper and in consonance with the principles of natural justice. No doubt the holding of a domestic enquiry *ex-parte* is an exceptional procedure, but the Company has the right to hold an enquiry *ex-parte* if the concerned workman after being duly notified of the date of the enquiry fails to attend it without any sufficient reason. It is not the law that the Company cannot hold a domestic enquiry *ex-parte* in any circumstances whatsoever. It is to be judged from the facts and circumstances of the present case whether the Company was justified in holding the enquiry *ex-parte*. I have stated above facts preceding the *ex-parte* enquiry held on 13th January 1962. It is to be noted that this workman was not included in the domestic enquiry of 24th November 1961, which was held in respect of the other workmen charge-sheeted for going slow, because the notice of that enquiry was not served upon this workman. Thereafter, the Company fixed 11th January 1962 for holding the enquiry and this was more than two months after the first enquiry which was held on 24th November 1961. But, as the workman again asked for postponement of the enquiry, the Company adjourned the enquiry to 13th January 1961 with due notice to him, but the workman did not appear before the enquiry officer on 13th January 1962 inspite of being called by a slip sent through his departmental Superviser. The only reason urged by this workman for postponement of the enquiry from the beginning was that he had not got necessary papers. I think there is no substance in this reason. If all the other workmen charge-sheeted for the same offence of going slow could participate in the enquiry held more than two months earlier on 24th November 1961 without any objection or demur, I fail to understand why this workman was not in a position to be present and to participate in the enquiry held regarding him much later on 13th January 1962. In the letters asking for postponement, the papers non-receipt of which was put forward as the ground for postponement were not indicated and specified. In his evidence before this Tribunal also, the same workman Sachin Sarkar (P.W.1) has failed to clearly indicate and specify the papers for want of which he was not in a position to face the enquiry on 13th January 1962. After giving due consideration to the aforesaid facts and circumstances, I hold that this workman had no sufficient reason to stay away from the enquiry held on 13th January 1962, and his conduct amounted to daliberately abstaining from appearing at the enquiry inspite of being duly notified and also called for the enquiry and the Company was, therefore, fully justified and within its legal rights in holding the enquiry *ex-parte* and such an enquiry must be held to be not against any principle of natural justice. The enquiry, therefore, must be considered on its merits and its result, if accepted, must be binding upon this workman. The enquiry was held by Shri H. R. Saboo, an officer of the Company. I am fully satisfied from his evidence considered along with the recorded enquiry proceedings, Ext. X, that he adhered to the principles of natural justice in holding the enquiry by taking full evidence, oral and documentary, produced by the Company in support of the charge against this workman and this evidence was similar to and on the lines of the evidence produced at the enquiry held from 24th November 1961 to 27th November 1961 in respect of the 8 other similarly charge-sheeted workmen. Ext. X (1) is the enquiry report. I find that at this enquiry too, the production registers of the Company, Ext. I series, were produced and scrutinised by the E. O. with reference to the production statements annexed to the charge-sheet and he found agreement between them excepting in respect of two entries. According to him, the timings noted in these two entries in the production statements were not found incorrect, inasmuch as, the timings were noted as less than the actual timings [*vide* paragraph 2 of page 2 of the enquiry report, Ext. X (1)], I find on a scrutiny of the whole evidence bearing upon the enquiry that the E. O.

examined the Company's evidence critically before coming to his conclusion that the workman was guilty of the charge of going slow and his view of the evidence cannot be said to be perverse and his conclusion cannot be also said to be perverse or baseless.

In the result, I find that this workman was found guilty of the charge of going slow at a fair and proper domestic enquiry which conformed with the principles of natural justice, though it was held *ex-parte* and the result of the enquiry must be held to be binding upon him. Necessarily, this Tribunal must also accept the result of the enquiry. As he was found guilty of a gross misconduct arising out of deliberately adopting a "go slow" policy resulting in loss of production, his dismissal was certainly justified.

I have already dealt with the background facts and circumstances while dealing with the case of eight other similarly charge-sheeted workmen in respect of whom a domistic enquiry was held from 24th November 1961 to 27th November 1961, and I have already held and indicated that the background facts and circumstances cannot establish want of *bona fides*, victimisation or unfair labour practice, or any basic error on the part of the Company in issuing the charge-sheets for going slow and following it up by the domestic enquiry. These findings must also apply in the case of this workman also.

On all the above considerations and for the reasons given above, I find that the dismissal of this workman was justified and he is not entitled to any relief.

I now come to the charge of sleeping on duty against all the concerned workmen, except Shri Jadulal Bhaumick [sl. No. (i)].

It is an admitted position that the charge-sheets, Exts. C, J, O to O (7) for sleeping on duty between 1-30 a.m. and 4-30 a.m. on 17th February 1962 was served upon these workmen. On behalf of the Union 9 charge-sheets have been produced and they are Exts. 22 to 30. It is also admitted that all the charge-sheeted workmen submitted a joint reply. Ext. D-34 is the joint reply. The domestic enquiry regarding these charge-sheets were fixed for 24th February 1962 and notices of the enquiry were served on 28th February 1962. Exts. B, F (1), J (1), U, and V to V(5) are the enquiry notices, which bear the signature of the concerned workmen. Shri H. R. Saboo was appointed as enquiry officer and this fact was stated in the notices of enquiry. The evidence of Shri H. R. Saboo (O. P. W. 5) is that he held the enquiry on 24th February 1962, but the concerned workmen were not present at the enquiry though he sent a note to the department for sending these persons to the enquiry giving their names. Ext. N is the note which he sent to the departmental head, one Shri Dutta Gupta, for sending the concerned workmen to the enquiry. The note shows that it was endorsed over to Shri Karmakar, the Supervisor, for compliance, but it was returned with the report that the workman refused to attend the enquiry. O. P. W. 5 Shri Durgadas Karmakar has clearly testified to this fact. He has stated that he got the note coming from his superior officer, Shri Dutta Gupta, for producing the workmen named therein and he sent it back with his endorsement that the workmen had refused to come. In these circumstances, this enquiry was also held *ex-parte* by Shri Saboo. As in the case of the enquiry regardng the charge-sheet for going slow against Sachin Sarkar [sl. No. (vii)] already dealt with and discussed above, I cannot find fault with the enquiry officer for holding the enquiry *ex-parte*. I am satisfied that the concerned workmen deliberately refused to attend the enquiry inspite of being served with the notices of enquiry on 22nd February 1962 and also further being asked to attend the enquiry on 24th February 1962 while they were all working in the factory. I have already referred to the enquiry notices above. P. W. 5 Shri Monilal Das (sl. No. viii) has clearly admitted receipt of the notce of enquiry in respect of the charge-sheet for sleeping on duty. P. W. 3 Habibar Rahman (sl. No. ix) has admitted that he and all other concerned workman worked in the factory on 24th February 1962. It is to be noted that after getting the notices of enquiry on 22nd February 1962, the workmen never protested against the holding of the enquiry on 24th February 1962 nor asked for any postponement of the enquiry. As the workmen wilfully and deliberately refrained from attending the enquiry inspite of the notices and also further attempts made by the E. O. to secure their presence at the enquiry on the date of an enquiry when they were working in the factory, the holding of the enquiry *ex-parte* was justified and within the legal rights of the Company.

I now come to the merits of the enquiry itself. The enquiry was held by Shri H. R. Saboo. Ext. K (1) is the recorded proceedings of the enquiry and Ext. K (2) is the enquiry report. I am satisfied from the evidence of O. P. W. 5 Shri H. R. Saboo and from the enquiry proceedings Ext. K (1), that inspite of the enquiry being held *ex-parte* owing to deliberate attention on the part of the concerned workmen from attending the enquiry a full and thorough enquiry was held and full evidence was produced by the Company both in regard to the fact of service of notice upon the workmen on 24th February 1962, when they were working in the factory asking them to attend the enquiry fixed for that date and also in regard to the merits of the charge of sleeping on duty. It appears from the evidence that even after the workmen refused to attend the enquiry on being sent for through the departmental head by the note of the E. O., Ext. N individual notices (marked Exts. 5 series by the E. O. and Ext. Q series in this proceeding) were issued and tendered to the workmen for attending the enquiry, but they refused to accept the notices. Witnesses Shri B. N. Banka, Shri D. P. Sharma, Shri D. Roberio, Shri J. Chakrabarty, Shri G. Roy, Shri A. K. Dutta Gupta and Shri Durgadas Karmakar were examined at the enquiry and they testified to the above facts. Before proceeding to hold the enquiry *ex-parte*, the E. O. recorded the finding that he was fully satisfied that the charge-sheeted workmen were given every opportunity to represent their case before him, but they avoided doing so. The evidence already referred to above quite reasonably justifies this finding. As to the merits of the charge the direct evidence consisted of the statementes of Subedar Khan Singh, Head Jamadar of the factory, Shri Shew Mongal Tewari the durwan of the factory, who was on night duty on 16th/17th February 1962 from 10 p.m. to 2 a.m., Shri B. S. Ganguli, Assistant Chief Engineer of the factory who was in the factory on the night of 16th/

17th February 1962 from 10 p.m. to 4-30 a.m. and Shri T. N. Ghosh, another officer of the factory, who was on duty in the factory from 12 midnight to 4-30 a.m. on 17th February 1962. They all testified that they found the workers of coil setting, coil winding and motor assembly department sleeping within the factory during the duty hours on the night of 17th February 1962. The E. O. held upon their evidence that the concerned workmen were guilty of the charge of sleeping on duty on the night of 17th February 1962. *Prima facie* the evidence of these witnesses stands uncross-examined and unrebutted, because it was an *ex-parte* enquiry brought about by deliberate refusal of the workmen to attend the enquiry. It has been, however, strenuously argued by the Union representative that none of the aforesaid witnesses specifically named any of these 10 workmen as having been found sleeping during duty hours in their statements before the E. O. and so the E. O. was not justified in finding these workmen guilty of the charge and his finding was, therefore, baseless and perverse. I have given proper consideration to this argument. The fact remains, however, that there was no denial by any of these workmen in their joint reply to the charge-sheets that they were not on duty that night. It is not also in their written statement in this case, nor in the evidence of any of the concerned workmen, Sachin Sarkar, Habibar Rahman, Bimal Kumar Chakrabarty Manila Das and Naresh Chandra Das. On the contrary, almost all of them have admitted in their evidence that they were on duty during the relevant period of the night of 16th/17th February 1962 and they duly worked during the duty period. P. W. 1 Sachindra Nath Sarkar has stated that no supervisory officer came to their department from 1-30 a.m. to 4-30 a.m. and told them anything about their work and they were working during these hours. P. W. 3 Habibar Rahaman has also stated that no officer came during their working hours on the night shift of 17th February 1962. P. W. 5 Monilal Das has stated that on that particular night, they were on duty and they did their work. P. W. 5 Naresh Chandra Das has referred to the alleged job cards and has stated that the job cards would show that on the relevant night they did full production. It is clear from the aforesaid evidence of the witnesses among the concerned workmen that it was or is never their plea that they were not on duty during the night shift of 16th/17th February 1962, referred to in the charge-sheets for sleeping on duty. On the contrary, their clear case is that they were on duty during the relevant shift and they did their usual work and never slept. Considered in the background of this evidence, the evidence of the Company's witnesses examined before the enquiry officer cannot but refer to the concerned workmen who were on duty or during the night shift in question. Accordingly, the finding of the enquiry officer that the charge of sleeping on duty against all these workmen was established cannot be said to be baseless or perverse simply because the Company's witnesses examined before him did not name the concerned workmen. Shri T. N. Ghosh, Chief Inspector of this factory, who gave evidence before the E. O., was also examined in this proceeding and he stated clearly in this proceeding that he saw all the charge-sheeted workmen sleeping in the factory.

On a consideration of all the above facts and circumstances, I hold that in respect of the charge of sleeping on duty, there was also a fair and proper enquiry and the concerned workmen were fairly and properly found guilty of the charge upon sufficient materials. In view of this findings, this Tribunal must accept the result of the enquiry and necessarily, the dismissal based upon the result of the enquiry. Sleeping on duty was certainly a major misconduct justifying the punishment of dismissal. In this connection, I would refer to the Company's Standing Ordes, Ext. Y, in which both slowing down in performance of work and sleeping on duty are major misdemeanours for any of which a workman is liable to be dismissed *vide* sections 2 (4) and (5) of Appendix D of the Standing Orders. I, therefore, finally hold that the dismissal of these workmen on a charge of sleeping on duty was also justified.

On all the above findings and for the reasons given above, I finally hold that the dismissal or termination of employment of all the concerned workmen named in the Issue was justified and none of them is entitled to any relief.

This is my award.

S. K. RAY,
Judge,
Seventh Industrial Tribunal.

## PUBLIC SERVICE COMMISSION, WEST BENGAL

**General information relating to age concession, fixation of initial pay, etc., in respect of posts advertised by the Commission and instructions to candidates applying in response thereto.**

**General concession in age**

(1) (a) **For political sufferers:** A candidate who before 15th August 1947 was detained, imprisoned, interned or externed on account of his/her activities in connection with the country's struggle for independence, not being convicted of an offence indicating moral turpitude, shall be entitled to a concession in respect of the upper age limit. The concession granted will be equal to the exact period of detention, imprisonment, internment or externment suffered up to a maximum of four years.

(b) **For Scheduled Caste/Tribe candidates:** The upper age limit is relaxable by five years for candidates belonging to Scheduled Castes/Scheduled Tribes.

**Fixation of Pay**

(2) (a) **For persons already in permanent Government service:** If a permanent Government servant is permitted to apply and is selected for a post in open competition with outsiders, the initial pay will be fixed under rule 42 or 55 of the West Bengal Service Rules, Part I, as the case may be. If, however, such a recruit is prepared to resign his appointment under Government, before applying he will be eligible to the grant of higher initial pay on the same basis as an outsider.

(b) **For a temporary Government servant having no lien on any post under the West Bengal Government when appointed to a post carrying higher scale of pay:** Such an officer shall be eligible to draw as initial pay at the stage of the time-scale in the higher post which is equal to his pay in the lower post, or if there is no such stage, the stage next below that pay plus personal pay equal to the difference, to be absorbed in future increments in the higher scale, provided that he has already rendered at least three years' continuous and satisfactory service in the lower post. The aforesaid benefit of fixation of pay will not, however, be available in the following cases:

(i) when the Commission has made a specific recommendation regarding the pay to be allowed to the officer;

(ii) when under any specific rule such an officer is allowed a higher initial pay.

(c) **For outsiders:** Unless otherwise specified in a particular advertisement higher initial pay on the basis of age, qualifications and experience (including experience outside Government service) may be allowed to a person not already in Government service, if the relevant advertisement contains a provision to that effect.

**Instructions regarding submission of application**

(3) Applications are to be made on the prescribed form which will be available from the office of the Public Service Commission, West Bengal, Anderson House (ground floor), Alipore, Calcutta-27, personally or on sending a large self-addressed envelope with stamps sufficient to cover the postage affixed to it. Candidates who are unable to obtain copies of the prescribed form may apply on any similar typed (not handwritten) form showing exactly the wording and spacing of the sample form published in the "Calcutta Gazette" of the 1st September 1955, provided the blanks are filled up in the candidates' own handwriting.

**Particulars and certificates required**

(4) Candidates should furnish evidence of their age, qualifications and previous experience together with certificates written not more than one year prior to the date of their applications, from responsible persons, testifying to their private character.

The Commission accepts only the age of a candidate as recorded in the Matriculation or the Secondary School Final/Leaving Certificate. In the case of a female candidate whose age is not recorded in the Matriculation or School Final Certificate, any of the following evidence of age is accepted by the Commission

(1) A certificate from the Headmistress of the School, which she last attended, showing her exact age as recorded in the school register.

(2) An affidavit regarding her age sworn by her father or mother or some other person in a position to know by having been present or heard of her birth at the time of occurrence.

(3) A certificate regarding her age, from a Member of the Legislature or a gazetted officer, who must have known the candidate and her family, indicating clearly the evidence on the basis of which he/she satisfied himself/herself on the point.

**Fee**

(5) Candidates must enclose with their applications a fee of Rs. 5 in the form of a receipted chalan from a Government Treasury or the Reserve Bank of India under the head "XXI—Miscellaneous—Receipts of the Public Service Commission ,West Bengal". Money orders cheques, etc., in lieu of treasury chalans are not accepted. Postal Order, however, may be accepted from candidates. They should be crossed and made payable to "The Deputy Secretary, Public Service Commission, West Bengal". No application will be considered unless accompanied with the requisite application fee.

Candidates abroad may deposit their application fees with the High Commissioner of India or the Embassy, as the case may be, and obtain receipts for the same, which will have to be attached to their applications to be submitted to the Commission.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers.

**In no case will the fee paid with the application be refunded.**

**Note:** A member of the Scheduled Caste or Scheduled Tribe claiming age concession must furnish with his application a certificate in original from a gazetted officer or a Member of Parliament or State Legislature belonging to the Scheduled Caste or Scheduled Tribe, specifying the particular caste or tribe to which he claims to belong.

**Address**

(6) Candidates should give their present address and should communicate at once any subsequent change of address.

**Canvassing**

(7) Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendation from persons interested in the candidates or otherwise known to them will be disregarded.

**Forwarding of applications and submission of advance copies**

(8) Applications from candidates who are in permanent or temporary employment under any Government, a local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service.

Candidates serving under Government or a local or Statutory Body should submit an advance copy in the prescribed form The application fee should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not however be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. Unless applications in original or advance copies with application fees are received within the closing date, late applications may be rejected.

Amendment of section 66 of West Ben. Act XXXIII of 1951. **2.** In section 66 of the Calcutta Municipal Act, 1951 (hereinafter referred to as the said Act), for the words "before taking his seat make, at a meeting of the Corporation,", the following words shall be substituted, namely:—

", before taking his seat at a meeting of the Corporation, make and subscribe before the Mayor, the Deputy Mayor or the Commissioner,".

*The Calcutta Municipal (Second Amendment) Bill, 1965.*

(*Clause—3.*)

Repeal and savings.

**3.** (*1*) The Calcutta Municipal (Second Amendment) Ordinance, 1965, is hereby repealed. West Ben. Ord. III of 1965

(*2*) Anything done or any action taken under the said Act as amended by the Calcutta Municipal (Second Amendment) Ordinance, 1965, shall be deemed to have been validly done or taken under the said Act as amended by this Act as if this Act had commenced on the 19th day of June, 1965.

## STATEMENT OF OBJECTS AND REASONS

The object of the Bill is to replace the Calcutta Municipal (Second Amendment) Ordinance, 1965, by which an amendment was made to section 66 of the Calcutta Municipal Act, 1951. Before such amendment, a Councillor or an Alderman could not make an oath or affirmation of his allegiance to the Constitution of India except at a meeting of the Corporation. If he could not attend such a meeting for reasons beyond his control, he could not make the oath or affirmation. The amendment now incorporated in the Bill removes this difficulty.

## MINISTRY OF IRRIGATION AND POWER

New Delhi, the 18th August, 1965.

## RESOLUTION

No. 17(3)/65-D.W.IV.—While negotiating a loan with the World Bank for the Third Unit at the Durgapur Thermal Power Station the Bank required the Damodar Valley Corporation, as a condition for the grant of the loan, to give an undertaking that the D.V.C. Power Tariff would be increased suitably so as to earn a return of at least 7 per cent. on the net value of assets in use during any year. In pursuance of this undertaking the Damodar Valley Corporation decided to revise its tariff and served notices on the consumers in March 1964 intimating that the revised tariff would take effect from 1st April 1965. Certain representations have, however, been received against the increase in the tariff. The Government of India have decided in consultation with the participating Governments of West Bengal and Bihar that a high level committee should be constituted to go into the question whether the D.V.C. tariff should be revised and if so to determine the quantum thereof as also the manner of

phasing of the increase in tariff. The Committee will comprise of the following members :—

(1) Shri M. Venugopalan, Member, Central Water and Power Commission, New Delhi.—Chairman.

(2) Shri S. Dutt-Mazumdar, Secretary to the Government of West Bengal, Commerce and Industries Department, Calcutta.

(3) Shri N. P. Sinha, Secretary to the Government of Bihar, Irrigation and Electricity Departments, Patna.

2. The terms of reference of the Committee will be to examine in all its bearings the proposed revision of the D.V.C. tariff with effect from the 1st April 1965 after taking into account the financial position of the Damodar Valley Corporation and the West Bengal and Bihar State Electricity Boards, and make recommendations thereon. While making recommendations the Committee will take into account the following points :—

(a) Commitments made to the World Bank regarding minimum return.

(b) Recommendations of the Venkataraman Committee.

(c) All other relevant issues such as the question whether the revised tariff should be allowed to remain in force until such time as the Damodar Valley Corporation takes a decision to revise the tariff on the basis of the Committee's recommendations.

3. The Committee will submit its report within a month.
